

of an endangered species or a threatened species; and/or (3) the listed entity does not meet the statutory definition of a species. Any change in Federal classification would require a separate rulemaking process.

Background information on each of the 15 species is available on the NMFS website at: <https://www.fisheries.noaa.gov/corals>.

Public Solicitation of New Information

To ensure that the reviews are complete and based on the best available scientific and commercial information, we are soliciting new information from the public, governmental agencies, Tribes, the scientific community, industry, environmental entities, and any other interested parties concerning the status of *Acropora globiceps*, *Acropora jacquelinae*, *Acropora lokani*, *Acropora pharaonis*, *Acropora retusa*, *Acropora rudis*, *Acropora speciosa*, *Acropora tenella*, *Anacropora spinosa*, *Euphyllia paradivisa*, *Isopora crateriformis*, *Montipora australiensis*, *Pavona diffluens*, *Porites napopora*, and *Seriatopora aculeata*. Categories of requested information include: (1) Species biology including, but not limited to, population trends, distribution, abundance, demographics, and genetics; (2) habitat conditions including, but not limited to, amount, distribution, and important features for conservation; (3) status and trends of threats to the species and its habitats; (4) conservation measures that have been implemented that benefit the species, including, but not limited to, monitoring data demonstrating effectiveness of such measures; and (5) other new information, data, or corrections including, but not limited to, taxonomic or nomenclatural changes, and improved analytical methods for evaluating extinction risk.

If you wish to provide information for the reviews, you may submit your information and materials electronically or via mail (see **ADDRESSES** section). We request that all information be accompanied by supporting documentation such as maps, bibliographic references, or reprints of pertinent publications. We also would appreciate the submitter's name, address, and any association, institution, or business that the person represents; however, anonymous submissions will also be accepted.

[RTID 0648-XA644]

Endangered and Threatened Species; Initiation of a 5-Year Review of Staghorn Coral, Elkhorn Coral, Pillar Coral, Rough Cactus Coral, Lobed Star Coral, Mountainous Star Coral, and Boulder Star Coral

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of initiation of 5-Year Review; request for information.

SUMMARY: NMFS announces a 5-year review of staghorn coral (*Acropora cervicornis*), elkhorn coral (*Acropora palmata*), pillar coral (*Dendrogyra cylindrus*), rough cactus coral (*Mycetophyllia ferox*), lobed star coral (*Orbicella annularis*), mountainous star coral (*Orbicella faveolata*), and boulder star coral (*Orbicella franksi*) under the Endangered Species Act of 1973 (ESA). A 5-year review is based on the best scientific and commercial data available at the time of the review; therefore, we are requesting submission of any such information on staghorn coral, elkhorn coral, pillar coral, rough cactus coral, lobed star coral, mountainous star coral, and boulder star coral that has become available since their original listings as threatened species or the most recent status review for staghorn and elkhorn coral in 2014.

DATES: To allow us adequate time to conduct this review, we must receive your information no later than March 8, 2021.

However, we will continue to accept new information about any listed species at any time.

ADDRESSES: Submit your comments, identified by NOAA-NMFS-2020-0147, by either of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal e-Rulemaking Portal.

1. Go to www.regulations.gov/document?D=NOAA-NMFS-2020-0147,
2. Click the "Comment Now!" icon, complete the required fields, and
3. Enter or attach your comments.

- **Email:** Submit written comments to alison.moulding@noaa.gov.

Instructions: We may not consider comments if they are sent by any other method, to any other address or individual, or received after the end of the specified period. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. We will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Alison Moulding at the above email address or by phone at 727-551-5607.

SUPPLEMENTARY INFORMATION: On May 9, 2006, we listed elkhorn coral and staghorn coral as threatened under the ESA (71 FR 26852). On September 10, 2014, we listed lobed star coral, mountainous star coral, boulder star coral, rough cactus coral, and pillar coral as threatened and reaffirmed the status of elkhorn coral and staghorn coral as threatened (79 FR 53852). Section 4(c)(2)(A) of the ESA requires that we conduct a review of listed species at least once every 5 years. The ESA's implementing regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing those species currently under active review. On the basis of this review, under section 4(c)(2)(B), we determine whether these species should be delisted or reclassified from endangered to threatened or from threatened to endangered. As described in 50 CFR 424.11(e), the Secretary will delist a species if the Secretary finds that, after conducting a status review based on the best scientific and commercial data available: (1) The species is extinct; (2) the species does not meet the definition of an endangered species or threatened species; or (3) the listed entity does not meet the statutory definition of a species. Changes to the listing status of a species can only be made following publication of a proposed rule with an opportunity for public comment and our consideration of the comments before making a final determination to reclassify or delist the species.

Public Solicitation of New Information

To ensure that the 5-year review is complete and based on the best available scientific and commercial information, we are soliciting new

information from the public, governmental agencies, Tribes, the scientific community, industry, environmental entities, and any other interested parties concerning the status of staghorn coral, elkhorn coral, pillar coral, rough cactus coral, lobed star coral, mountainous star coral, and boulder star coral.

The 5-year review considers the best scientific and commercial data and all new information that has become available since the listing determination or most recent status review. Categories of requested information include (A) species biology including, but not limited to, population trends, distribution, abundance, demographics, and genetics; (B) habitat conditions including, but not limited to, amount, distribution, and suitability; (C) conservation measures that have been implemented that benefit the species; (D) status and trends of threats; and (E) other new information, data, or corrections including, but not limited to, taxonomic or nomenclature changes and improved analytical methods.

If you wish to provide information for this 5-year review, you may submit your information and materials electronically at www.regulations.gov or via email (see **ADDRESSES** section). We request that all information be accompanied by supporting documentation such as maps, bibliographic references, or reprints of pertinent publications. We also would appreciate the submitter's name, address, and any association, institution, or business that the person represents; however, anonymous submissions will also be accepted.

DEPARTMENT OF EDUCATION

Applications for New Awards; Rehabilitation Training: Disability Innovation Fund—Career Advancement Initiative Model Demonstration Project

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice.

SUMMARY: The U.S. Department of Education (Department) is issuing a notice inviting applications for fiscal

year (FY) 2021 for the Disability Innovation Fund—Career Advancement Initiative Model Demonstration Project, Assistance Listing Number 84.421C. The Department intends to fund a multi-site model demonstration project designed to assist State vocational rehabilitation (VR) agencies, in partnership with other entities, to develop career pathways focused on career advancement. This competition will help VR-eligible individuals with disabilities, including previously served VR participants in employment who re-enter the VR program, to advance in high-demand, high-quality careers, such as science, technology, engineering, and math (STEM), including computer science, careers; to enter career pathways in industry-driven sectors through pre-apprenticeships, registered apprenticeships and Industry Recognized Apprenticeship Program (IRAP); to improve and maximize competitive integrated employment outcomes, economic self-sufficiency, independence, and inclusion in society; and to reduce reliance on public benefits (e.g., Supplemental Security Income (SSI)/Social Security Disability Insurance (SSDI), and/or Temporary Assistance for Needy Families (TANF), and State or local benefits). This notice relates to the approved information collection under OMB control number 1820-0018.

DATES:

Applications Available: January 7, 2021.

Deadline for Transmittal of Applications: April 7, 2021.

Date of Pre-Application Meeting: The Office of Special Education and Rehabilitative Services (OSERS) will post a PowerPoint presentation that provides general information about the Rehabilitation Services Administration's (RSA) discretionary grants and a PowerPoint presentation specifically about the Disability Innovation Fund—Career Advancement Initiative Model Demonstration Projects at <https://ncrtm.ed.gov/RSAGrantInfo.aspx>. OSERS will conduct a pre-application meeting specific to this competition via conference call to respond to questions. Information about the pre-application meeting will be available at <https://ncrtm.ed.gov/RSAGrantInfo.aspx> prior to the date of the call. OSERS invites you to send questions to 84.421C@ed.gov in advance of the pre-application meeting. The teleconference information, including the 84.421C pre-application meeting summary of the questions and answers, will be available at <https://ncrtm.ed.gov/>

[RSAGrantInfo.aspx](#) within six days after the pre-application meeting.

Deadline for Intergovernmental Review: May 7, 2021.

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Disability Innovation Fund (DIF) Program, as provided by the Further Consolidated Appropriations Act, 2020 (Pub. L. 116-94), is to support innovative activities aimed at improving the outcomes of individuals with disabilities, as defined in section 7(20)(B) of the Rehabilitation Act of 1973, as amended, including activities aimed at improving the education and post-school outcomes of children receiving SSI and their families that may result in long-term improvement in the SSI child recipient's economic status and self-sufficiency.

Priorities: This competition contains an absolute priority and an invitational priority. We are establishing the absolute priority for the FY 2021 grant competition, and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1).

Absolute Priority: This priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:
Career Advancement Initiative Model Demonstration Project.

Background:
Though always permissible under the Vocational Rehabilitation (VR) program, the amendments to the Rehabilitation
