

three years after the issuance of the draft environmental document (40 CFR 93.111(c)). Interagency consultation should be used if it is unclear if a previous analysis was begun before the end of the grace period. For CO, PM<sub>10</sub> and PM<sub>2.5</sub> hot-spot analyses that start during the grace period, project sponsors can choose to use MOVES2014 or MOVES3.

EPA encourages sponsors to use the consultation process to determine which option may be most appropriate for a given situation. Any new CO, PM<sub>10</sub> or PM<sub>2.5</sub> hot-spot analyses for conformity purposes begun after the end of the grace period must be based on MOVES3. EPA has guidance on how to conduct quantitative PM<sub>2.5</sub> and PM<sub>10</sub> hot-spot modeling for transportation conformity purposes, and on how to use MOVES for a CO hot-spot analysis. EPA will be updating these guidance documents with MOVES3; until that time, the MOVES2014-based guidance may still generally be used for MOVES3. See EPA's "Project-level Conformity" website, [www.epa.gov/state-and-local-transportation/project-level-conformity-and-hot-spot-analyses](http://www.epa.gov/state-and-local-transportation/project-level-conformity-and-hot-spot-analyses), for the latest information and guidance documents on how to conduct CO, PM<sub>10</sub> and PM<sub>2.5</sub> hot-spot modeling for transportation conformity purposes.

Any new, quantitative CO, PM<sub>10</sub> or PM<sub>2.5</sub> hot-spot analysis for conformity purposes begun after the end of the grace period using EPA's emissions model must use MOVES3. The interagency consultation process should be used if it is unclear whether these conditions are met. For questions about which model should be used in a project-level conformity determination, consult with your EPA Regional Office.

#### *E. FHWA's CO Categorical Hot-Spot Finding*

FHWA released the most recent CO categorical hot-spot finding for intersection projects on July 17, 2017, that was based on MOVES2014a.<sup>12</sup> During the MOVES3 grace period, a project sponsor outside of California may continue to rely on the categorical finding for applicable projects that are determined through interagency consultation to be covered by the finding's parameters. Any new CO hot-spot analyses for conformity purposes begun after the end of the MOVES3 grace period may no longer rely on the July 2017 CO categorical hot-spot

finding because the finding was based on MOVES2014.

#### *F. CO Hot-Spot Protocols That Were Previously Approved Into the SIP*

Section 93.123(a)(1) of the transportation conformity regulation allows areas to develop alternate procedures for determining localized CO hot-spot analyses, when developed through interagency consultation and approved by the EPA Regional Administrator. Some states have chosen in the past to develop such procedures based on previous EPA emissions models.

During the MOVES3 grace period, areas with previously approved CO hot-spot protocols based on MOVES2014 may continue to rely on these protocols. Once the MOVES3 two-year grace period ends, new CO hot-spot analyses for conformity purposes will need to be based on MOVES3 and thus may no longer rely on a CO hot-spot protocols based on MOVES2014.

Dated: November 24, 2020.

## **ENVIRONMENTAL PROTECTION AGENCY**

**[FRL-10016-65-OMS]**

### **Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Tennessee**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the Environmental Protection Agency (EPA) approval of the State of Tennessee's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

**DATES:** EPA approves the authorized program revisions/modifications as of January 7, 2021.

**FOR FURTHER INFORMATION CONTACT:** Shirley M. Miller, CROMERR Program Manager, U.S. Environmental Protection Agency, Office of Information Management, Mail Stop 2824T, 1200 Pennsylvania Avenue NW, Washington, DC 20460, (202) 566-2908, [miller.shirley@epa.gov](mailto:miller.shirley@epa.gov).

**SUPPLEMENTARY INFORMATION:** On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register**

(70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On September 3, 2020, the Tennessee Department of Environmental Conservation (TDEC) submitted an application titled MyTDEC Forms for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed TDEC's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the applications met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve the State of Tennessee's request to revise/modify its following EPA-authorized programs under 40 CFR parts 123 and 403, to allow electronic reporting under 40 CFR parts 122, 125, and 403-471, is being published in the **Federal Register**:

**Part 123: EPA-Administered Permit Programs: the National Pollutant Discharge Elimination System (NPDES) Reporting under CFR 122 & 125**

**Part 403: General Pretreatment Regulations for Existing and New**

<sup>12</sup> See [www.epa.gov/state-and-local-transportation/project-level-conformity-and-hot-spot-analyses#cohotspot](http://www.epa.gov/state-and-local-transportation/project-level-conformity-and-hot-spot-analyses#cohotspot).

Sources of Pollution Reporting under CFR 403–471

TDEC was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Dated: December 11, 2020.

**Jennifer Campbell,**  
Office Director, Office of Information Management.

## FEDERAL RESERVE SYSTEM

### Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at

the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)).

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551–0001, not later than February 8, 2021.

*A. Federal Reserve Bank of Chicago* (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690–1414:

*1. Marathon MHC and Marathon Bancorp, Inc., both of Wausau, Wisconsin;* to become a mutual bank holding company and a mid-tier stock bank holding company, respectively, by acquiring the voting shares of Marathon Bank, Wausau, Wisconsin, in connection with the conversion of Marathon Bank from mutual to stock form and a minority stock issuance by Marathon Bancorp, Inc.

Board of Governors of the Federal Reserve System, December 18, 2020.

**Ann Misback,**  
*Secretary of the Board.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[30Day–21–20QO]

### Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled “Pilot Implementation of the Violence Against Children and Youth Survey (VACS) in the United States” to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on July 28, 2020 to obtain comments from the public and affected agencies. CDC did not receive public comments related to

the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639–7570.

Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395–5806. Provide written comments within 30 days of notice publication.

### Proposed Project

Pilot Implementation of the Violence Against Children and Youth Survey (VACS) in the United States—New—National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

### Background and Brief Description

Violence against children is a global human rights violation that spans every country worldwide and affects a billion children each year. In the US, many youth are the victims of multiple forms
