SUPPLEMENTARY INFORMATION:

Background

On June 16, 2017, the President signed National Security Presidential Memorandum-5 on Strengthening the Policy of the United States Toward Cuba (NSPM-5). As directed by NSPM-5, on November 9, 2017, the Department of the Treasury's Office of Foreign Assets Control (OFAC) published a final rule in the **Federal Register** amending the CACR, 31 CFR part 515, and the Department of Commerce's Bureau of Industry and Security (BIS) published a final rule in the **Federal Register** amending, among other sections, the section of the Export Administration Regulations (EAR) regarding Cuba, 15 CFR 746.2. The regulatory amendment to the CACR added § 515.209, which generally prohibits direct financial transactions with certain entities and subentities identified on the State Department's Cuba Restricted List. The regulatory amendment to 15 CFR 746.2 notes BIS will generally deny applications to export or re-export items for use by entities or subentities identified on the Cuba Restricted List. The State Department is now updating the Cuba Restricted list, as published below and available on the State Department's website (<https://www.state.gov/cuba-sanctions/cuba-restricted-list/>)

This update includes one additional subentity. This is the eighth update to

the Cuba Restricted List since it was published November 9, 2017 (82 FR 52089). Previous updates were published November 15, 2018 (see 83 FR 57523), March 9, 2019 (see 84 FR 8939), April 24, 2019 (see 84 FR 17228), July 26, 2019 (see 84 FR 36154), November 19, 2019 (see 84 FR 63953), June 12, 2020 (see 85 FR 35972), a correction June 19, 2020 (85 FR 37146), and September 29, 2020 (85 FR 61079). The State Department will continue to update the Cuba Restricted List periodically.

The publication of the updated Cuba Restricted List further implements the directive in paragraph 3(a)(i) of NSPM-5 to the Secretary of State to identify the entities or subentities, as appropriate, that are under the control of, or act for or on behalf of, the Cuban military, intelligence, or security services or personnel, and publish a list of those identified entities and subentities with which direct financial transactions would disproportionately benefit such services or personnel at the expense of the Cuban people or private enterprise in Cuba.

Electronic Availability

This document and additional information concerning the Cuba Restricted List are available from the Department of State's website (<https://www.state.gov/cuba-sanctions/cuba-restricted-list/>).

BILLING CODE 4710-29-P

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36284]

Seven County Infrastructure Coalition—Rail Construction & Operation Exemption—In Utah, Carbon, Duchesne, and Uintah Counties, Utah

On May 29, 2020, the Seven County Infrastructure Coalition (Coalition) filed a petition for exemption under 49 U.S.C. 10502 from the prior approval requirements of 49 U.S.C. 10901 for authorization to construct and operate an approximately 85-mile rail line connecting two termini in the Uinta Basin near South Myton Bench, Utah, and Leland Bench, Utah, to the national rail network at Kyune, Utah. The Coalition asks that the Board issue a preliminary decision addressing the transportation aspects of the project while the environmental review is ongoing.

The Board received filings both supporting and opposing the petition. Several government officials have filed in support, as discussed below. The opponents include the Center for Biological Diversity (Center), the Argyle Wilderness Preservation Alliance (Argyle), and numerous individuals. These commenters argue, among other things, that the requested preliminary decision is not appropriate, that the transportation aspects of the petition do not satisfy the section 10502 standards, and that the Board should reject the petition and require an application under section 10901.

As discussed below, the Board concludes that an application is not necessary and that the requested approach of issuing a preliminary decision on the transportation merits is appropriate here. The Board preliminarily concludes, subject to completion of the ongoing environmental review, that the proposed transaction meets the statutory standards for exemption under section 10502. This decision only addresses the transportation merits, however, and does not grant the exemption or allow construction to begin. After the Board has considered the potential environmental impacts associated with this proposal, and weighed those potential impacts with the transportation merits, it will issue a final decision either granting the exemption, with conditions, if appropriate, or denying it.

Background

The Coalition explains that it is an independent political subdivision of the State of Utah, whose member counties

include Carbon, Daggett, Duchesne, Emery, San Juan, Sevier, and Uintah Counties. (Pet. 5.) It was formed to, among other things, identify and develop infrastructure projects that will promote resource utilization and development. (*Id.*) The Coalition is proposing to construct a rail line that would extend generally southwest from terminus points in the Uinta Basin to a connection with an existing rail line owned by Union Pacific Railroad Company (UP) near Kyune, Utah (the Whitmore Park Alternative). The rail line would generally parallel U.S. Route 191 through Indian Canyon and would be located within Utah, Carbon, Duchesne, and Uintah Counties in Utah. (*Id.* at 8–9, 43.)

The Coalition asserts that goods produced or consumed in the Uinta Basin today can be transported only by truck and that the proposed project would give shippers an additional freight transportation option, eliminating longstanding transportation constraints. (Pet. 13–15.) The Coalition claims that adding a rail transportation option would provide local industries the opportunity to access new markets and increase their competitiveness in the national marketplace, and the removal of transportation constraints would benefit oil producers, mining companies, ranchers, farmers, and other local industries. (*Id.* at 15.)

The Coalition argues that regulation of the construction and operation of the proposed line under section 10901 is not needed to carry out the rail transportation policy (RTP) at 49 U.S.C. 10101, that the project would promote several provisions of the RTP, and that an application under section 10901 is not required to protect shippers from an abuse of market power. (Pet. 21–22.) As noted above, the Coalition requests that, in considering the petition, the Board follow a two-step approach, addressing the transportation aspects of the project in advance of the environmental issues. (*Id.* at 26–28.)¹

On July 7, 2020, the Center filed a reply² arguing that the Coalition has failed to justify its request for a preliminary decision on the transportation merits and that the Board should reject the petition and require the Coalition to seek its authority through an application under section 10901. (Ctr. Reply 1.) On the same day, Argyle also filed a reply, likewise arguing that the Board should reject the

¹ Based on a request from Argyle, the Board extended the due date for comments on the petition for an additional 20 days to July 7, 2020.

² On July 13, 2020, the Center submitted a supplemental filing consisting of the references cited in its reply.
