and continue meeting its obligations in the event of a default, including by formalizing and detailing procedures for convening the CDS Default Committee remotely, which promotes ICC's ability to efficiently and safely manage its close-out process where the CDS Default Committee cannot meet in person, thereby enhancing ICC's ability to withstand defaults and continue providing clearing services. Additionally, ICC believes that the notification related updates and clean-up changes further enhance ICC's default management process by ensuring that relevant stakeholders receive necessary information and that the Default Management Procedures remain up-to-date, clear, and transparent to ensure that ICC can take timely action to contain losses and liquidity demands and continue meeting its obligations in the event of a default. Therefore, ICC believes the proposed rule change is consistent with the requirements of Rule 17ad-22(e)(13).15

(B) Clearing Agency’s Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition. The proposed changes to the Default Management Procedures will apply uniformly across all market participants. Therefore, ICC does not believe the amendments would impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

(C) Clearing Agency’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:
