SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

This rule implements the Federal Civil Penalties Inflation Adjustment Act of 1990 (FCPIAA), Public Law 101–410, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (2015 Act), Public Law 114–74, 129 Stat. 599, codified at 28 U.S.C. 2461 note. The FCPIAA and the 2015 Act require Federal agencies to adjust minimum and maximum civil penalty amounts for inflation to preserve their deterrent impact. The 2015 Act amended the formula and frequency of inflation adjustments. It required an initial catch-up adjustment in the form of an interim final rule, followed by annual adjustments of civil penalty amounts using a statutorily mandated formula. Section 4(b)(2) of the 2015 Act specifically directs that the annual adjustment be accomplished through final rule without notice and comment. This rule is effective immediately.

This rule also implements the authority to assess civil penalties for violations concerning the Drug and Alcohol Clearinghouse, set forth in section 34202 of the Moving Ahead for Progress in the 21st Century Act (MAP–21), Public Law 112–141, 126 Stat. 405, codified at 49 U.S.C. 31306a(k)(1).

The Department's authorities over the specific civil penalty regulations being amended by this rule are provided in the preamble discussion below.

I. Background

On November 2, 2015, the President signed into law the 2015 Act, which amended the FCPIAA, to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. The 2015 Act requires Federal agencies to: (1) Adjust the level of civil monetary penalties with an initial “catch-up” adjustment through an interim final rule (IFR); and (2) make subsequent annual adjustments for inflation.

The 2015 Act directed the Office of Management and Budget (OMB) to issue guidance on implementing the required annual inflation adjustment no later than December 15 of each year.¹ On December 16, 2019, OMB released this required guidance, in OMB Memorandum M–20–05, which provides instructions on how to

¹ 28 U.S.C. 2461 note.

calculate the 2020 annual adjustment. To derive the 2020 adjustment, the Department must multiply the maximum or minimum penalty amount by the percent change between the October 2019 Consumer Price Index for All Urban Consumers (CPI-U) and the October 2018 CPI-U. In this case, as explained in OMB Memorandum M-20-05, the percent change between the October 2019 CPI-U and the October 2018 CPI-U is 1.01764.

II. Dispensing With Notice and Comment

This final rule is being published without notice and comment and with an immediate effective date.

The 2015 Act provides clear direction for how to adjust the civil penalties, and

clearly states at section 4(b)(2) that this adjustment shall be made “notwithstanding section 553 of title 5, United States Code.” By operation of the 2015 Act, DOT must publish an annual adjustment by January 15 of every year, and the new levels take effect upon publication of the rule. In addition, as noted above, MAP-21 provides explicit authority to assess civil penalties for violations of 49 U.S.C. 31306a. Accordingly, DOT is publishing this final rule without prior notice and comment, and with an immediate effective date.

III. Discussion of the Final Rule

In 2016, OST and DOT’s operating administrations with civil monetary

penalties promulgated the “catch up” IFR required by the 2015 Act. All DOT operating administrations have already finalized their “catch up” IFRs and this rule makes the annual inflation adjustment required by the 2015 Act.

The Department emphasizes that this rule adjusts penalties prospectively, and therefore the penalty adjustments made by this rule will apply only to violations that take place after this rule becomes effective. This rule also does not change previously assessed or enforced penalties that DOT is actively collecting or has collected.

A. OST 2020 Adjustments

OST’s 2020 civil penalty adjustments are summarized in the chart below.

B. FAA 2020 Adjustments

FAA recently discovered that it had not adjusted the maximum civil penalty for certain laser pointer violations.²

Consistent with the intent of the law and to ensure uniform year-over-year application of the 2015 Act, the 2020 update is being calculated as if the missed 2018 and 2019 updates had

occurred. No violations will be assessed at the 2018 or 2019 amounts. They are included in the chart below to show the FAA’s calculations clearly.

Description	Citation	Initial penalty (2016)	Unpromulgated 2018 penalty (initial penalty × 1.02041) ³	Unpromulgated 2019 penalty (2018 penalty × 1.02522)	New penalty (2019 penalty × 1.01764)
Individual who aims the beam of a laser pointer at an aircraft in the airspace jurisdiction of the United States, or at the flight path of such an aircraft.	49 U.S.C. 46301 note ..	\$25,000	\$25,510	\$26,153	\$26,614

On October 5, 2018, Congress enacted a statutory penalty for operating an unmanned aircraft or unmanned aircraft system equipped or armed with a

dangerous weapon.⁴ It was not adjusted in 2019 because, per OMB guidance, new civil monetary penalties are not adjusted for inflation the first year they

are in effect.⁵ This year is thus its first adjustment.

²Public Law 114–190, section 2104(b), 130 Stat. 615, 620 (July 15, 2016) (codified at 49 U.S.C. 46301 note).

³Under OMB Memorandum M–16–06, new civil monetary penalties are not adjusted for inflation the

first year they are in effect. Because this penalty was enacted on July 15, 2016, it would not have been first adjusted until 2018.

⁴Public Law 115–254, section 363, 132 Stat. 3186, 3308 (Oct. 5, 2018) (codified at 49 U.S.C. 44802 note).

In addition to the civil penalties listed in the above charts, FAA regulations also provide for maximum civil penalties for violation of 49 U.S.C. 47528–47530, relating to the prohibition of operating certain aircraft not complying with stage 3 noise levels.

Those civil penalties are identical to the civil penalties imposed under 49 U.S.C. 46301(a)(1) and (a)(5), which are detailed in the above chart, and therefore, the noise-level civil penalties will be adjusted in the same manner as

the section 46301(a)(1) and (a)(5) civil penalties.

D. FMCSA 2020 Adjustments and Revisions

FMCSA's civil penalties affected by this rule are all located in appendices A and B to 49 CFR part 386. Section 31306a(k) of title 49 requires FMCSA to assess civil penalties under 49 U.S.C.

521(b)(2)(C) for violations concerning the Drug and Alcohol Clearinghouse. To comply with this mandate, FMCSA revises appendix B to include civil penalties for an employer, employee, medical review officer, or service agent who violates the regulations

implementing the Drug and Alcohol Clearinghouse at 49 CFR part 382, subpart G. FMCSA also makes conforming changes to 49 CFR part 386, appendix B (a)(1)–(4). The 2020 adjustments to these civil penalties are summarized in the chart below.

Regulatory Analysis and Notices

A. Executive Order 12866 and DOT Regulatory Policies and Procedures

This final rule has been evaluated in accordance with existing policies and procedures and is considered not significant under Executive Orders 12866 or DOT's Regulatory Policies and Procedures; therefore, the rule has not been reviewed by the Office of Management and Budget (OMB) under Executive Order 12866.

B. Regulatory Flexibility Analysis

The Department has determined the Regulatory Flexibility Act of 1980 (RFA) (5 U.S.C. 601, *et seq.*) does not apply to this rulemaking. The RFA applies, in pertinent part, only when "an agency is required . . . to publish general notice of proposed rulemaking." 5 U.S.C. 604(a).⁷ The Small Business Administration's *A Guide for Government Agencies: How to Comply with the Regulatory Flexibility Act* (2012), explains that:

If, under the [Administrative Procedure Act (APA)] or any rule of general applicability governing federal grants to state and local governments, the agency is required to publish a general notice of proposed rulemaking (NPRM), the RFA must be considered [citing 5 U.S.C. 604(a)]. . . . If an NPRM is not required, the RFA does not apply.

As stated above, DOT has determined that good cause exists to publish this final rule without notice and comment procedures under the APA. Therefore, the RFA does not apply.

C. Executive Order 13132 (Federalism)

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 ("Federalism"). This regulation has no substantial direct effects on the States, the relationship between the National Government and the States, or the distribution of power and responsibilities among the various levels of government. It does not contain any provision that imposes substantial direct compliance costs on State and

local governments. It does not contain any new provision that preempts State law, because States are already preempted from regulating in this area under the Airline Deregulation Act, 49 U.S.C. 41713. Therefore, the consultation and funding requirements of Executive Order 13132 do not apply.

D. Executive Order 13175

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. Because none of the measures in the rule have tribal implications or impose substantial direct compliance costs on Indian tribal governments, the funding and consultation requirements of Executive Order 13175 do not apply.

E. Paperwork Reduction Act

Under the Paperwork Reduction Act, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the **Federal Register** providing notice of and a 60-day comment period on, and otherwise consult with members of the public and affected agencies concerning, each proposed collection of information. This final rule imposes no new information reporting or record keeping necessitating clearance by OMB.

F. National Environmental Policy Act

The Department has analyzed the environmental impacts of this final rule pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321, *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, Procedures for Considering Environmental Impacts (44 FR 56420, Oct. 1, 1979 as amended July 13, 1982 and July 30, 1985). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). See 40 CFR 1508.4. In analyzing the applicability of a categorical exclusion, the agency must also consider whether extraordinary circumstances are present that would warrant the preparation of an EA or EIS. *Id.* Paragraph 4(c)(5) of DOT Order 5610.1C incorporates by

reference the categorical exclusions for all DOT Operating Administrations. This action qualifies for a categorical exclusion in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, (80 FR 44208, July 24, 2015), paragraph 5–6.6.f, which covers regulations not expected to cause any potentially significant environmental impacts. The Department does not anticipate any environmental impacts, and there are no extraordinary circumstances present in connection with this final rule.

G. Unfunded Mandates Reform Act

The Department analyzed the final rule under the factors in the Unfunded Mandates Reform Act of 1995. The Department considered whether the rule includes a Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more (adjusted annually for inflation) in any one year. The Department has determined that this final rule will not result in such expenditures. Accordingly, this final rule is not subject to the Unfunded Mandates Reform Act.

H. Executive Order 13771

Executive Order 13771, "Reducing Regulation and Controlling Regulatory Costs," does not apply to this action because it is nonsignificant; therefore, it is not subject to the "2 for 1" and budgeting requirements.

Civil Monetary Penalty Adjustments for Inflation

AGENCY: Office of the Chief Financial Officer and Assistant Secretary for Administration, Department of Commerce.

ACTION: Final rule.

SUMMARY: This final rule is being issued to adjust for inflation each civil monetary penalty (CMP) provided by law within the jurisdiction of the United States Department of Commerce (Department of Commerce). The Department of Commerce's 2021 adjustments for inflation to CMPs apply only to CMPs with a dollar amount, and will not apply to CMPs written as functions of violations. The Department of Commerce's 2021 adjustments for inflation to CMPs apply only to those CMPs, including those whose associated violation predated such adjustment, which are assessed by the Department of Commerce after the effective date of the new CMP level.

DATES: This rule is effective January 15, 2021.

Kunze, Deputy Chief Financial Officer and Director for Financial Management, Office of Financial Management, at (202) 482-1207, Department of Commerce, 1401 Constitution Avenue NW, Room D200, Washington, DC 20230. SUPPLEMENTARY INFORMATION:

Background

The Federal Civil Penalties Inflation Adjustment Act of 1990 (Pub. L. 101-

410; 28 U.S.C. 2461), as amended by the Debt Collection Improvement Act of 1996 (Pub. L. 104-134), provided for agencies' adjustments for inflation to CMPs to ensure that CMPs continue to maintain their deterrent value and that CMPs due to the Federal Government were properly accounted for and collected.

A CMP is defined as any penalty, fine, or other sanction that:

1. Is for a specific monetary amount as provided by Federal law, or has a maximum amount provided for by Federal law; and,
2. Is assessed or enforced by an agency pursuant to Federal law; and,
3. Is assessed or enforced pursuant to an administrative proceeding or a civil action in the Federal courts.

On November 2, 2015, the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Section 701 of Pub. L. 114-74) further amended the Federal Civil Penalties Inflation Adjustment Act of 1990 to improve the effectiveness of CMPs and to maintain their deterrent effect. This amendment (1) required agencies to adjust the CMP levels in effect as of November 2, 2015, with initial catch up adjustments for inflation through a final rulemaking to take effect no later than August 1, 2016; and (2) requires agencies to make subsequent annual adjustments for inflation to CMPs that shall take effect no later than January 15. The Department of Commerce's 2020 adjustments for inflation to CMPs were published in the **Federal Register** on January 3, 2020, and the new CMP levels became effective January 15, 2020.

The Department of Commerce's 2021 adjustments for inflation to CMPs apply only to CMPs with a dollar amount, and will not apply to CMPs written as functions of violations. These 2021 adjustments for inflation apply only to those CMPs, including those whose associated violation predated such adjustment, which are assessed by the Department of Commerce after the effective date of the new CMP level.

This regulation adjusts for inflation CMPs that are provided by law within the jurisdiction of the Department of Commerce. The actual CMP assessed for a particular violation is dependent upon a variety of factors. For example, the National Oceanic and Atmospheric Administration's (NOAA) Policy for the Assessment of Civil Administrative Penalties and Permit Sanctions (Penalty Policy), a compilation of NOAA internal guidelines that are used when assessing CMPs for violations for most of the statutes NOAA enforces, will be interpreted in a manner consistent with

this regulation to maintain the deterrent effect of the CMPs. The CMP ranges in the Penalty Policy are intended to aid enforcement attorneys in determining the appropriate CMP to assess for a particular violation. The Penalty Policy is maintained and made available to the public on NOAA's Office of the General Counsel, Enforcement Section website at: <http://www.gc.noaa.gov/enforcement-office.html>.

The Department of Commerce's 2021 adjustments for inflation to CMPs set forth in this regulation were determined pursuant to the methodology prescribed by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, which requires the maximum CMP, or the minimum and maximum CMP, as applicable, to be increased by the cost-of-living adjustment. The term "cost-of-living adjustment" is defined by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015. For the 2021 adjustments for inflation to CMPs, the cost-of-living adjustment is the percentage for each CMP by which the Consumer Price Index for the month of October 2020 exceeds the Consumer Price Index for the month of October 2019.

Classification

Pursuant to 5 U.S.C. 553(b)(3)(B), there is good cause to issue this rule without prior public notice or opportunity for public comment because it would be impracticable and unnecessary. The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Section 701(b)) requires agencies to make annual adjustments for inflation to CMPs notwithstanding section 553 of title 5, United States Code. Additionally, the methodology used for adjusting CMPs for inflation is given by statute, with no discretion provided to agencies regarding the substance of the adjustments for inflation to CMPs. The Department of Commerce is charged only with performing ministerial computations to determine the dollar amounts of adjustments for inflation to CMPs. Accordingly, prior public notice and an opportunity for public comment are not required for this rule. For the same reasons, there is good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effective date.

Paperwork Reduction Act

The provisions of the Paperwork Reduction Act of 1995, Public Law 104-13, 44 U.S.C. Chapter 35, and its implementing regulations, 5 CFR part 1320, do not apply to this rule because there are no new or revised
