SUPPLEMENTARY INFORMATION:

Executive Summary

Purpose of the Regulatory Action

This rule is needed to carry out the requirements of the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 and Office of Management and Budget guidance M–21–10. The rule adjusts, as required for 2021, the maximum civil penalties under 29 CFR 4071 and 29 CFR 4302 that the Pension Benefit Guaranty Corporation (PBGC) may assess for failure to provide certain notices or other material information and certain multiemployer plan notices.

PBGC’s legal authority for this action comes from the Federal Civil Penalties Inflation Adjustment Act of 1990 as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 and from sections 4002(b)(3), 4071, and 4302 of the Employee Retirement Income Security Act of 1974 (ERISA).

Major Provisions of the Regulatory Action

This rule adjusts as required by law the maximum civil penalties that PBGC may assess under sections 4071 and 4302 of ERISA. The new maximum amounts are \$2,259 for section 4071 penalties and \$301 for section 4302 penalties.

Background

PBGC administers title IV of ERISA. Title IV has two provisions that authorize PBGC to assess civil monetary penalties.¹ Section 4302, added to ERISA by the Multiemployer Pension Plan Amendments Act of 1980, authorizes PBGC to assess a civil penalty of up to \$100 a day for failure to provide a notice under subtitle E of title IV of ERISA (dealing with multiemployer plans). Section 4071, added to ERISA by the Omnibus Budget Reconciliation Act of 1987, authorizes PBGC to assess a civil penalty of up to \$1,000 a day for failure to provide a notice or other material information under subtitles A, B, and C of title IV and sections 303(k)(4) and 306(g)(4) of title I of ERISA.

¹ Under the Federal Civil Penalties Inflation Adjustment Act of 1990, a penalty is a civil monetary penalty if (among other things) it is for a specific monetary amount or has a maximum amount specified by Federal law. Title IV also provides (in section 4007) for penalties for late payment of premiums, but those penalties are neither in a specified amount nor subject to a specified maximum amount.

Adjustment of Civil Penalties

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015,² which requires agencies to adjust civil monetary penalties for inflation and to publish the adjustments in the **Federal Register**. An initial adjustment was required to be made by interim final rule published by July 1, 2016, and effective by August 1, 2016. Subsequent adjustments must be published by January 15 each year after 2016.

On December 23, 2020, the Office of Management and Budget issued memorandum M-21-10 on implementation of the 2021 annual inflation adjustment pursuant to the 2015 Act.³ The memorandum provides agencies with the cost-of-living adjustment multiplier for 2021, which is based on the Consumer Price Index (CPI-U) for the month of October 2020, not seasonally adjusted. The multiplier for 2021 is 1.01182. The adjusted maximum amounts are \$2,259 for section 4071 penalties and \$301 for section 4302 penalties.

Compliance With Regulatory Requirements

The Office of Management and Budget has determined that this rule is not a “significant regulatory action” under Executive Order 12866 and therefore not subject to its review. As this is not a significant regulatory action under E.O. 12866, it is not considered an E.O. 13771 regulatory action.

The Office of Management and Budget also has determined that notice and public comment on this final rule are unnecessary because the adjustment of civil penalties implemented in the rule is required by law. See 5 U.S.C. 553(b).

Because no general notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

Pollutant-Specific Significant Contribution Finding for Greenhouse Gas Emissions From New, Modified, and Reconstructed Stationary Sources: Electric Utility Generating Units, and Process for Determining Significance of Other New Source Performance Standards Source Categories

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: In this final action, the U.S. Environmental Protection Agency (EPA) is finalizing a significant contribution finding (SCF) for purposes of regulating source categories for greenhouse gas (GHG) emissions, under section 111(b) of the Clean Air Act (CAA) for electric generating units (EGUs), and in doing so, reaffirming that EGUs remain a listed source category. The EPA has reached that conclusion by articulating a framework under which source categories are considered to contribute
