

(b) the receipt of any contribution or provision of funds, goods, or services from any such person.

Sec. 7. The unrestricted immigrant and nonimmigrant entry into the United States of aliens determined to meet one or more of the criteria in section 4(a) of this order, as well as immediate family members of such aliens, or aliens determined by the Secretary of State to be employed by, or acting as an agent of, such aliens, would be detrimental to the interest of the United States, and the entry of such persons into the United States, as immigrants and nonimmigrants, is hereby suspended. Such persons shall be treated as persons covered by section 1 of Proclamation 8693 of July 24, 2011 (Suspension of Entry of Aliens Subject to United Nations Security Council Travel Bans and International Emergency Economic Powers Act Sanctions). The Secretary of State shall have the responsibility of implementing this section pursuant to such conditions and procedures as the Secretary has established or may establish pursuant to Proclamation 8693.

Sec. 8. (a) Any transaction that evades or avoids, has the purpose of evading or avoiding, causes a violation of, or attempts to violate any of the prohibitions set forth in this order is prohibited.

(b) Any conspiracy formed to violate any of the prohibitions set forth in this order is prohibited.

Sec. 9. Nothing in this order shall prohibit transactions for the conduct of the official business of the Federal Government by employees, grantees, or contractors thereof.

Sec. 10. For the purposes of this order:

(a) The term “person” means an individual or entity;

(b) the term “entity” means a government or instrumentality of such government, partnership, association, trust, joint venture, corporation, group, subgroup, or other organization, including an international organization;

(c) the term “United States person” means any United States citizen, permanent resident alien, entity organized under the laws of the United States or any jurisdiction within the United States (including foreign branches), or any person in the United States; and

(d) The term “immediate family member” means spouses and children of any age.

Sec. 11. For those persons whose property and interests in property are blocked pursuant to this order who might have a constitutional presence in the United States, I find that because of the ability to transfer funds or other assets instantaneously, prior notice to such persons of measures to be taken pursuant to section 4 of this order would render those measures ineffectual. I therefore determine that for these measures to be effective in addressing the national emergency declared in this order, there need be no prior notice of a listing or determination made pursuant to section 4 of this order.

Sec. 12. The Secretary of the Treasury, in consultation with the Secretary of State, is hereby authorized to take such actions, including adopting rules and regulations, and to employ all powers granted to me by IEEPA as may be necessary to implement this order. The Secretary of the Treasury may, consistent

with applicable law, redelegate any of these functions within the Department of the Treasury. All departments and agencies of the United States shall take all appropriate measures within their authority to implement this order.

Sec. 13. The Secretary of the Treasury, in consultation with the Secretary of State, is hereby authorized to submit recurring and final reports to the Congress on the national emergency declared in this order, consistent with section 401(c) of the NEA (50 U.S.C. 1641(c)) and section 204(c) of IEEPA (50 U.S.C. 1703(c)).

Sec. 14. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) The authority granted by law to an executive department or agency; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Sec. 15. If, based on consideration of the terms, obligations, and expectations expressed in the Joint Declaration, I determine that changes in China’s actions ensure that Hong Kong is sufficiently autonomous to justify differential treatment in relation to the PRC under United States law, I will reconsider the determinations made and actions taken and directed under this order.

DONALD J. TRUMP,
THE WHITE HOUSE,
June 11, 2020.

Dated: January 12, 2021.

Andrea Gacki,
Director, Office of Foreign Assets Control.

BILLING CODE 4810–AL–P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

33 CFR Part 240

[COE–2020–0005]

RIN 0710–AB07

General Credit for Flood Control

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes the U.S. Army Corps of Engineers’ part titled General Credit for Flood Control. Each removed section of this part is out-of-date as current policy and procedures

on this subject can be found in internal documents. Therefore, this part can be removed from the Code of Federal Regulations (CFR).

DATES: This rule is effective on January 15, 2021.

ADDRESSES: Department of the Army, U.S. Army Corps of Engineers, ATTN: CECW–P (Ms. Amy Frantz), 441 G Street NW, Washington, DC 20314–1000.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Frantz at (202) 761–0106 or by email at Amy.K.Frantz@usace.army.mil.

SUPPLEMENTARY INFORMATION: This final rule removes from the CFR 33 CFR part 240, General Credit for Flood Control. The rule was initially published in the **Federal Register** on November 18, 1987 (52 FR 44113). The regulation established guidelines and procedures for Department of the Army application of the provisions of section 104 of Public Law 99–662. Section 104 authorizes and directs the development of guidelines which include criteria for determining whether work carried out by local interests is compatible with a project for flood control. This legislative authority also provides that benefits and costs of compatible work will be considered in the economic evaluation of the Federal project. This authority provides a basis for non-Federal interests to undertake local work to alleviate flood damages in the period preceding authorization of a Federal project with assurance that they will not adversely affect the project’s economic feasibility. The regulation provides general policy and procedures on the application of section 104 and credit criteria for projects. It was published, at that time, in the **Federal Register** to aid public accessibility. The solicitation of public comment for this removal is unnecessary because the rule is out-of-date, and otherwise covers internal agency operations that have no public compliance component or adverse public impact. For current public accessibility purposes, updated internal agency policy on this topic may be found in Engineer Regulation (ER) 1165–2–208, “In-Kind Contribution Credit Provisions of Section 221 (a)(4) of the Flood Control Act of 1970, as amended” (available at https://www.publications.usace.army.mil/Portals/76/Publications/EngineerRegulations/ER_1165-2-208.pdf).

This rule removal is being conducted to reduce confusion for the public as well as for the Corps regarding the current policy which governs the Corps’ general credit for flood control. Because the regulation does not place a burden on the public, its removal does not

provide a reduction in public burden or costs.

This rule is not significant under Executive Order (E.O.) 12866, “Regulatory Planning and Review.” Therefore, the requirements of E.O. 13771, “Reducing Regulation and Controlling Regulatory Costs,” do not apply. This removal supports a recommendation of the DoD Regulatory Reform Task Force.

Flood control, Intergovernmental relations.

PART 240—[REMOVED]

■ Accordingly, for the reasons stated in the preamble and under the authority of 5 U.S.C. 301, the Corps removes 33 CFR part 240.

Approved by:

R.D. James,

Assistant Secretary of the Army (Civil Works).

Continuing Authorities Programs

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes the U.S. Army Corps of Engineers’ part titled Continuing Authorities Programs. Each removed section of this part is out-of-date and covers internal agency operations that have no public compliance component or adverse public impact. Current policy and procedures on this subject can be found in internal documents. Therefore, this part can be removed from the Code of Federal Regulations (CFR).

DATES: This rule is effective on January 15, 2021.

ADDRESSES: Department of the Army, U.S. Army Corps of Engineers, ATTN: CECW–P (Ms. Amy Frantz), 441 G Street NW, Washington, DC 20314–1000.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Frantz at (202) 761–0106 or by email at Amy.K.Frantz@usace.army.mil.

SUPPLEMENTARY INFORMATION: This final rule removes from the CFR 33 CFR part 263, Continuing Authorities Programs.

The rule was initially published in the **Federal Register** on November 3, 1975 (40 FR 51134), and amended on December 30, 1976 (41 FR 56943). The regulation provided policies and procedures for seven legislative authorities under which the Secretary of the Army, acting through the Chief of Engineers, was authorized to plan, design and construct certain types of water resource improvements without specific Congressional authorization. The Continuing Authorities Program is used to plan and implement projects of limited size, scope and complexity in an accelerated manner compared to traditional USACE projects. Three new authorities have been authorized since publication of the regulation and an updated internal agency policy reflects changes in cost share limits and program limits for all ten existing authorities. The rule was published, at that time, in the **Federal Register** to aid public accessibility. For current public accessibility purposes, the implementation procedures for the authorities listed in this regulation are currently covered under Engineer Pamphlet (EP) 1105–2–58, “Continuing Authorities Program,” dated March 1, 2019 (available at https://www.publications.usace.army.mil/Portals/76/EP_1105-2-58.pdf?ver=2019-04-30-105428-920). The solicitation of public comment for this removal is unnecessary because the rule is out-of-date and covers internal agency operations that have no public compliance component or adverse public impact.

This rule removal is being conducted to reduce confusion for the public as well as for the Corps regarding the current policy which governs the Corps’ Continuing Authorities Program. Because the regulation does not place a burden on the public, its removal does not provide a reduction in public burden or costs.

This rule is not significant under Executive Order (E.O.) 12866, “Regulatory Planning and Review.” Therefore, the requirements of E.O. 13771, “Reducing Regulation and Controlling Regulatory Costs,” do not apply. This removal supports a recommendation of the DoD Regulatory Reform Task Force.

Water Resources Policies and Authorities: Application of Section 134a of Public Law 94–587

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes the U.S. Army Corps of Engineers’ part regarding water resources policies and authorities. This part is obsolete as the regulation authority expired December 31, 1977. Therefore, this part can be removed from the Code of Federal Regulations (CFR).

DATES: This rule is effective on January 15, 2021.

ADDRESSES: Department of the Army, U.S. Army Corps of Engineers, ATTN: CECW–P (Ms. Amy Frantz), 441 G Street NW, Washington, DC 20314–1000.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Frantz at (202) 761–0106 or by email at Amy.K.Frantz@usace.army.mil.

SUPPLEMENTARY INFORMATION: This final rule removes from the CFR 33 CFR part 276, Water Resources Policies and Authorities: Application of Section 134a of Public Law 94–587. The rule was initially published in the **Federal Register** on February 15, 1977 (42 FR 9175). The regulation authorized and directed implementation of a procedure for certification of a locally constructed flood control element/component that is compatible with a specific, potential Federal Project under study. Section 134a provided that local interests could proceed to construct such certified compatible improvements at local expense with the understanding that such improvements could be expected to be included in the scope of the Federal project, if later authorized, both for the purposes of analyzing the costs and benefits of the project and assessing the local participation in the costs of such project. Cost assignable to that part
