

decision to lease and is not a prejudgment by the Department of the Interior to proceed with proposed Cook Inlet Lease Sale 258. A decision to lease must be preceded by a number of steps, including, but not limited to, completion of environmental analyses, opportunities for the State of Alaska and other interested parties to comment, and issuance of Proposed and Final Notices of Sale.

The Area ID is available for viewing and downloading on BOEM's website at <http://www.boem.gov/ak258>. It also may be obtained from the Alaska Regional Office, Bureau of Ocean Energy Management, 3801 Centerpoint Drive, Suite 500, Anchorage, Alaska 99503–5820; telephone: 907–334–5200.

Authority: This Area ID is published pursuant to the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1331–1356), and the implementing regulation at 30 CFR 556.302.

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2020–0018]

Draft Environmental Impact Statement on the Cook Inlet Lease Sale 258

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability of a draft environmental impact statement.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the Draft Environmental Impact Statement (Draft EIS) for the proposed Cook Inlet Outer Continental Shelf (OCS) Oil and Gas Lease Sale 258. This notice marks the start of the public review and comment period and serves to announce public hearings on the Draft EIS. After the public hearings and written comments on the Draft EIS have been reviewed and considered, a Final EIS will be prepared. The Draft EIS and associated information, including the Exploration, Development and Production, and Decommissioning Scenario (E&D Scenario) are available for review on the agency's website at <https://www.boem.gov/ak258>.

DATES: Comments are due by March 1, 2021.

FOR FURTHER INFORMATION CONTACT:

Amee Howard, project manager, at Bureau of Ocean Energy Management,

Alaska Regional Office, 3801 Centerpoint Drive, Suite 500, Anchorage, Alaska 99503–5823, or at telephone number (907) 334–5200.

SUPPLEMENTARY INFORMATION: On January 17, 2017, the Secretary of the Interior approved the “Proposed Final 2017–2022 Outer Continental Shelf Oil and Gas Leasing Program” (National Program). The National Program includes proposed Lease Sale 258.

Cook Inlet stretches from the Gulf of Alaska to Anchorage in south-central Alaska. The proposed lease sale would offer for lease all available OCS blocks in the northern portion of the Cook Inlet Planning Area. The proposed lease sale area comprises 224 OCS blocks, which covers an area of approximately 1.09 million acres.

On September 10, 2020, BOEM published in the **Federal Register** the notice of intent (NOI) to prepare an EIS in support of Lease Sale 258.

Publication of the NOI opened a public comment period that extended through October 13, 2020. In September 2020, BOEM held a series of public scoping meetings for the EIS. The comments received during the public scoping period were used to inform the scope and content of this Draft EIS.

Proposed action: The proposed action addressed in the Draft EIS is to conduct an oil and gas lease sale on portions of the Cook Inlet OCS Planning Area. Proposed Lease Sale 258 would provide qualified bidders the opportunity to bid on OCS lease blocks in Cook Inlet to gain conditional rights to explore, develop, and produce oil and natural gas.

The Draft EIS analyzes the potential direct, indirect, and cumulative environmental impacts of the proposed lease sale on the physical, biological, and human environments in the Cook Inlet area. See 40 CFR 1508.8 (2019 ed.). The Draft EIS describes a hypothetical scenario of exploration, development, production, and decommissioning activities that could result from the proposed lease sale and analyzes the potential impacts of those activities on the environment. The Draft EIS also analyzes reasonable alternatives to the proposed action. In addition to the Proposed Action and the No Action Alternative, BOEM analyzed three alternatives consistent with internal agency scoping, past public input from National Programs and previous lease sales, and comments received during the scoping period following publication of the NOI in September 2020 to prepare an EIS. The three alternatives address potential impacts to the Cook Inlet Distinct Population

Segment (DPS) of the beluga whale, the Southwest Alaska DPS of the northern sea otter, and the Cook Inlet drift gillnet fishery.

The proposed lease sale area defers certain areas from consideration due to potential conflicts with resources of high ecological and subsistence value. These deferred areas include: (1) The majority of the designated critical habitat for beluga whale and northern sea otter, and all of the critical habitat for Stellar seas lions and the North Pacific right whale, that are located within the Planning Area; (2) a buffer between the area considered for leasing and the Katmai National Park and Preserve, the Kodiak National Wildlife Refuge, and the Alaska Maritime National Wildlife Refuge; and (3) many of the subsistence use areas for the Native Villages of Nanwalek, Seldovia, and Port Graham identified during the Cook Inlet Lease Sale 191 process.

In this Draft EIS, BOEM has examined the potential environmental effects of activities that could result from the Lease Sale 258 proposed action along with several alternatives. The Draft EIS is based on BOEM estimates of the potential oil and gas resources in the proposed lease sale area and an associated scenario that estimates a range of potential oil and gas activities, including exploration, seismic surveying, on-lease ancillary activities, exploration and delineation drilling, development, production, and decommissioning.

Comment Submission: The public and all interested parties, including Federal, state, tribal, and local governments or agencies, are invited to submit written comments on the Draft EIS and associated information, including the E&D Scenario, through the Federal eRulemaking Portal: <http://www.regulations.gov>. In the field entitled “Enter Keyword or ID,” enter “BOEM–2020–0018,” and then click “search.” Follow the instructions to submit comments and view supporting and related materials available for this notice.

BOEM does not accept anonymous comments. Name and contact information are required to submit comments on the Federal eRulemaking Portal. Before including your address, phone number, email address or other personal identifying information within the body of your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask BOEM in your comment to withhold your personal identifying information

from public review, BOEM cannot guarantee that it will be able to do so.

Public Hearings: BOEM will host virtual public hearings on the Draft EIS in February 2021. Information regarding these hearings can be found at <https://www.boem.gov/ak258>. The purpose of these hearings is to receive public comments on the Draft EIS. These hearings are scheduled as follows:

- February 9, 2021; 2:00 p.m.–4:00 p.m. (Alaska Standard Time (AKST))
- February 10, 2021; 6:30 p.m.–8:30 p.m. (AKST)
- February 11, 2021; 2:00 p.m.–4:00 p.m. (AKST)

Authority: 42 U.S.C. 4231 *et seq.*; 43 CFR 46.415 (2019 ed.).

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.

Number 1006–0028]

Agency Information Collection Activities; Recreation Survey Questions

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice of information collection;
request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Bureau of Reclamation (Reclamation), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before *March 16, 2021*.

ADDRESSES: Send written comments on this information collection request (ICR) by mail to Ronnie Baca, Bureau of Reclamation, Asset Management Division, 86–67200, P.O. Box 25007, Denver, CO 80225–0007; or by email to rbaca@usbr.gov. Please reference OMB Control Number 1006–0028 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Ronnie Baca by email at rbaca@usbr.gov, or by telephone at (303) 445–3257. Individuals who are hearing or speech impaired may call the Federal Relay Service at (800) 877–8339 for TTY assistance. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Reclamation is responsible for recreation development at all of its reservoirs. Presently, there are more than 240 designated recreation areas on our lands within the 17 Western States hosting approximately 40 million

visitors annually. As a result, we must be able to respond to emerging trends, changes in the demographic profile of users, changing values, needs, wants, and desires, and conflicts between user groups. Statistically valid and up-to-date data derived from the user is essential to developing and providing recreation programs relevant to today's visitor. Reclamation is requesting re-approval for the collection of data from recreational users on Reclamation lands and waterbodies. To meet our needs for the collection of visitor use data, we will be requesting OMB to authorize a two-part request: survey questions for our regional offices to choose from, and a survey form template. This will allow for a custom designed survey instrument to fit a specific activity or recreation site. The custom designed survey would be created by extracting questions from the approved list of survey questions that are applicable to the recreation area and issue being evaluated. Only questions included in the pre-approved list of survey questions will be used.

Title of Collection: Recreation Survey Questions.

OMB Control Number: 1006–0028.

Form Number: 7–2675, Recreation Survey Questions.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Respondents to the surveys will be members of the public engaged in recreational activities on Reclamation lands and waterbodies. Visitors will primarily consist of local residents, people from large metropolitan areas in the vicinity of the lake/reservoir, and people from out of state.

Total Estimated Number of Annual Respondents: 696.

Total Estimated Number of Annual Responses: 696.

Estimated Completion Time per Response: 15 minutes per survey (an average of 20 questions will be used on each survey; each question will take approximately 45 seconds to complete on average).

Total Estimated Number of Annual Burden Hours: 140.

Respondent's Obligation: Voluntary.

Frequency of Collection: Twice annually.

Total Estimated Annual Nonhour Burden cost: None.

It is estimated that there will be a total of 140 out of 696 contacts that choose not to respond to the survey. These non-respondents account for 1 burden hour per year.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information
