including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

**FOR FURTHER INFORMATION CONTACT:** Mara Blumenthal by telephone at 202–693–8538, or by email at DOL_PRA_PUBLIC@dol.gov.

**SUPPLEMENTARY INFORMATION:** The State Quality Service Plan (SQSP) represents an approach to the unemployment insurance (UI) performance management and planning process that allows for an exchange of information between the federal and state partners to enhance the ability of the program to reflect their joint commitment to performance excellence and client-centered services. As part of UI Performs, a comprehensive performance management system for the UI program, the SQSP is the principal vehicle that the state UI programs use to plan, record and manage improvement efforts. For additional substantive information about this ICR, see the related notice published in the Federal Register on April 29, 2020 (85 FR 23865).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

**Agency:** DOL–ETA.

**Title of Collection:** Unemployment Insurance State Quality Service Plan Planning and Reporting Guidelines.

**OMB Control Number:** 1205–0132.

**Affected Public:** State, Local, and Tribal Governments.

**Total Estimated Number of Respondents:** 53.

**BILLING CODE P**

I. **Background**

The July 2021 CPS Disability Supplement will be conducted at the request of the Department of Labor’s Chief Evaluation Office. The Disability Supplement will provide information on the low labor force participation rates for people with disabilities; the use of and satisfaction with programs that prepare people with disabilities for employment; the work history, barriers to employment, and workplace accommodations reported by persons with a disability; and the effect of financial assistance programs on the likelihood of working. Since the supplement was last collected in 2019, work patterns have changed, policies have changed, and assistive technologies have advanced due to the coronavirus (COVID–19) pandemic. Having updated information will be valuable in determining how employment barriers have changed for people with disabilities.

Because the Disability Supplement is part of the CPS, the same detailed demographic information collected in the CPS will be available about respondents to the supplement. Thus, comparisons will be possible across respondent characteristics, including sex, race, ethnicity, age, and educational attainment. It will also be possible to create estimates for those who are employed, unemployed, and not in the labor force. Because the CPS is a rich source of information on the employment status of the population, it will be possible to examine in detail the nature of various employment and unemployment situations.

II. **Current Action**

Office of Management and Budget clearance is being sought for the CPS Disability Supplement. These data are necessary to provide information about the labor market challenges facing persons with a disability and will contribute to improvements in policies and programs designed to assist these individuals.

III. **Desired Focus of Comments**

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
• Enhance the quality, utility, and clarity of the information to be collected.
• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Title of Collection: CPS Disability Supplement.
OMB Number: 1220–0186.
Type of Review: Reinstatement without change of a previously approved collection.
Affected Public: Individuals or households.
Total Respondents: 55,000.
Frequency: Once.
Total Responses: 106,000.
Average Time per Response: 5 minutes.
Estimated Total Burden Hours: 8,833 hours.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, on January 11, 2021.
Mark Staniorski,
Chief, Division of Management Systems.

BILLING CODE 4510–24–P

DEPARTMENT OF LABOR
Occupational Safety and Health Administration
[Docket No. OSHA–2007–0083]

Applied Research Laboratories of South Florida, LLC; Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for Applied Research Laboratories of South Florida, LLC as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on January 13, 2021.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources: Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, telephone: (202) 693–1999; email: meilinger.francis@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, phone: (202) 693–2110 or email: robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:
I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition for Applied Research Laboratories of South Florida LLC (ARL). ARL’s expansion cover the addition of two test standards to the NRTL scope of recognition.

OSHA’s recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL’s scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including ARL, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at www.osha.gov/dts/otpca/nrtrl/index.html.

ARL currently has the facility (site) recognized for product testing and certification, with headquarters located at: Applied Research Laboratories of South Florida LLC, 5371 NW 161st Street, Miami, Florida 33014. A complete list of ARL’s scope of recognition is available at https://www.osha.gov/dts/otpca/nrtrl/arll.html.

ARL submitted an application, dated June 13, 2019 (OSHA–2007–0083–0055), to expand recognition to include two additional test standards. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application. OSHA published the preliminary notice announcing ARL’s expansion application in the Federal Register on September 22, 2020 (85 FR 59554). The agency requested comments by October 7, 2020, but it received no comments in response to this notice. OSHA is now proceeding with this final notice to grant expansion of ARL’s scope of recognition.

To obtain or review copies of all public documents pertaining to ARL’s application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration at 202–693–2350. Docket No. OSHA–2007–0083 contains all materials in the record concerning ARL’s recognition.

II. Final Decision and Order

OSHA staff examined ARL’s expansion application, the capability to meet the requirements of the test standards, and other pertinent information. Based on a review of this evidence, OSHA finds that ARL meets the requirements of 29 CFR 1910.7 for expansion of the scope of recognition, subject to the conditions listed below. OSHA, therefore, is proceeding with this final notice to grant the expansion of ARL’s scope of recognition. OSHA limits the expansion of ARL’s scope of recognition to testing and certification of products for demonstration of conformance to the test standards listed below in Table 1.

<table>
<thead>
<tr>
<th>Test standard</th>
<th>Test standard title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANSI/UL 399</td>
<td>Standard for Drinking-Water Coolers.</td>
</tr>
<tr>
<td>ANSI/UL 471</td>
<td>Standard for Commercial Refrigerators and Freezers.</td>
</tr>
</tbody>
</table>

OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the
