#### VI. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This action does not have tribal implications as specified in E.O. 13175. It will neither impose substantial direct compliance costs on federally recognized tribal governments, nor preempt tribal law. EPA directly implements the NPDES Program, including the 2021 PGP when it is finalized, in Indian Country; therefore, in compliance with EPA Policy on Consultation and Coordination with Indian Tribes, EPA consulted with tribal officials early in the process to permit tribes to have meaningful and timely input into the renewal of the PGP. To gain an understanding of, and where necessary, to address tribal implications of the draft 2021 PGP, EPA conducted the following activities:

- May 8, 2020—EPA emailed notification letters to tribal leaders initiating consultation and coordination on the renewal of the PGP. The initiation letter was also posted on EPA's Tribal Consultation Opportunities Tracking System (TCOTS) at <https://tcots.epa.gov/>.

- June 9, 2020—EPA held an informational webinar open to all tribal representatives and reserved the last part of the webinar for official consultation comments. Fourteen tribal representatives participated in the webinar. No official comments were received during the webinar. The presentation was posted on the tribal portal website at <http://tcots.epa.gov>.

EPA received no comments from tribes and tribal organizations during the formal consultation period. Records of the tribal informational webinar and a consultation summary are included in the docket for this proposed action (Docket ID No. EPA-HQ-OW-2020-0005).
