SUPPLEMENTARY INFORMATION:

I. Abstract

Under Section 5 of the Fastener Quality Act (FQA) of 1999, (15 U.S.C. 5401 *et seq.*), certain industrial fasteners must bear an insignia identifying the manufacturer. It is also mandatory for manufacturers of fasteners covered by the FQA to submit an application to the USPTO for recordal of the insignia on the Fastener Insignia Register. The purpose of requiring both the insignia and the recordation is to ensure that certain fasteners can be traced to their manufacturers and to protect against the sale of mismarked, misrepresented, or counterfeit fasteners. The procedures for the recordal of fastener insignia under the FQA are set forth in 15 CFR 280.300 *et seq.*

This information collection covers data gathered in Applications for Recordal of Insignia and Applications for Renewal/Reactivation of Recordal Under the Fastener Quality Act. Insignias recorded with the USPTO may be sourced from an existing trademark registered at USPTO, from a trademark that is proposed in an application to obtain a registration currently before the USPTO, or from a unique alphanumeric designation issued upon request from the USPTO. After a manufacturer submits a complete application for recordal, the USPTO issues a Certificate of Recordal. These certificates remain

active for 5 years. Applications to renew the certificates must be filed within 6 months of the expiration date or, upon payment of an additional surcharge, within 6 months following the expiration date.

If a recorded alphanumeric designation is assigned by the manufacturer to a new owner, the designation becomes “inactive” and the new owner must submit an application to reactivate the designation within 6 months of the date of assignment. If the recordal is based on a trademark application or registration and the registration is assigned to a new owner, the recordal becomes “inactive” and cannot be reassigned. Instead, the new owner of the trademark application or registration must apply for a new

recordal. Manufacturers who record insignia must notify the USPTO of any changes of address.

III. Method of Collection

The items in this information collection can be submitted by email, mail, facsimile, or hand delivery to the USPTO.

2. The action will result in authorizing small entities to furnish the service(s) to the Government.
