All comments received via the Federal e-Rulemaking Portal are a part of the public record and will generally be posted for public viewing on <http://www.regulations.gov> without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS and the Pacific Council will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Ms. Robin Ehlke, Pacific Council, telephone: 503-820-2280. For information on submitting comments via the Federal e-Rulemaking Portal, contact Peggy Mundy, NMFS West Coast Region, telephone: 206-526-4323; email: peggy.mundy@noaa.gov.

SUPPLEMENTARY INFORMATION: The Pacific Council has announced the schedule of reports, public meetings, and hearings for the 2021 ocean salmon fisheries on its website (<http://www.pcouncil.org>) and in the **Federal Register** (85 FR 83896, December 23, 2020). The Pacific Council will adopt alternatives for 2021 ocean salmon fisheries at its March 2–11, 2021, meeting which will be conducted via webinar. Details of this meeting are available on the Pacific Council’s website (<http://www.pcouncil.org>). On March 22, 2021, “Preseason Report II—Proposed Alternatives and Environmental Assessment Part 2 for 2021 Ocean Salmon Fishery Regulations” is scheduled to be posted on the Pacific Council website at <http://www.pcouncil.org>. The report will include a description of the salmon management alternatives and a summary of their biological and economic impacts. Public hearings will be held to receive comments on the proposed ocean salmon fishery management alternatives adopted by the Pacific Council. Written comments received at the public hearings and a summary of oral comments at the hearings will be provided to the Pacific Council at its April meeting.

All public hearings begin at 7 p.m. Public hearings focusing on Washington and California salmon fisheries will occur simultaneously on March 23, 2021, and the public hearing for Oregon salmon fisheries will occur on March 24, 2021. A summary of oral comments heard at the hearings will be provided

to the Pacific Council at its April meeting. Specific meeting information, including instructions on how to join the meeting and system requirements will be provided in meeting announcements on the Pacific Council’s website (see www.pcouncil.org).

Comments on the alternatives the Pacific Council adopts at its March 2021 meeting, and described in its Preseason Report II, may be submitted in writing or electronically as described under **ADDRESSES**, or verbally or in writing at any of the public hearings held on March 23–24, 2021, or at the Pacific Council’s meeting, April 6–15, 2021, which will be conducted via webinar. Details of these meetings will be available on the Pacific Council’s website (<http://www.pcouncil.org>) and will be published in the **Federal Register**. Written and electronically submitted comments must be received no later than 5 p.m. Pacific Time, April 5, 2021, in order to be included in the briefing book for the Pacific Council’s April meeting, where they will be considered in the adoption of the Pacific Council’s final recommendation for the 2021 salmon fishery management measures. All comments received accordingly will be reviewed and considered by the Pacific Council and NMFS.

U.S. Integrated Ocean Observing System (IOOS®) Advisory Committee

AGENCY: National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: Notice is hereby given of a virtual meeting of the U.S. Integrated

Ocean Observing System (IOOS®) Advisory Committee (Committee).

DATES: The meeting will be held on Friday, February 5th, 2021 from 12:30 p.m. to 2 p.m. EST. These times and the agenda topics described below are subject to change. Refer to the web page listed below for the most up-to-date agenda and dial-in information.

ADDRESSES: The meeting will be held virtually. Refer to the U.S. IOOS Advisory Committee website at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/> for the most up-to-date information.

FOR FURTHER INFORMATION CONTACT:

Krisa Arzayus, Designated Federal Official, U.S. IOOS Advisory Committee, U.S. IOOS Program, 1315 East-West Highway, Silver Spring, MD 20910; Phone 240-533-9455; Fax 301-713-3281; Email krisa.arzayus@noaa.gov or visit the U.S. IOOS Advisory Committee website at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>. To register for the meeting, contact Laura Gewain, laura.gewain@noaa.gov.

SUPPLEMENTARY INFORMATION: The Committee was established by the NOAA Administrator as directed by Section 12304 of the Integrated Coastal and Ocean Observation System Act, part of the Omnibus Public Land Management Act of 2009 (Pub. L. 111-11), and reauthorized under the Coordinated Ocean Observations and Research Act of 2020 (Pub. L. 116-271). The Committee advises the NOAA Administrator and the Interagency Ocean Observation Committee (IOOC) on matters related to the responsibilities and authorities set forth in section 12302 of the Integrated Coastal and Ocean Observation System Act of 2009 and other appropriate matters as the Under Secretary refers to the Committee for review and advice.

The Committee will provide advice on:

(A) Administration, operation, management, and maintenance of the System;

(B) expansion and periodic modernization and upgrade of technology components of the System;

(C) identification of end-user communities, their needs for information provided by the System, and the System's effectiveness in disseminating information to end-user communities and to the general public; and

(D) additional priorities, including—
(i) a national surface current mapping network designed to improve fine scale sea surface mapping using high frequency radar technology and other

emerging technologies to address national priorities, including Coast Guard search and rescue operation planning and harmful algal bloom forecasting and detection that—

(I) is comprised of existing high frequency radar and other sea surface current mapping infrastructure operated by national programs and regional coastal observing systems;

(II) incorporates new high frequency radar assets or other fine scale sea surface mapping technology assets, and other assets needed to fill gaps in coverage on United States coastlines; and

(III) follows a deployment plan that prioritizes closing gaps in high frequency radar infrastructure in the United States, starting with areas demonstrating significant sea surface current data needs, especially in areas where additional data will improve Coast Guard search and rescue models;

(ii) fleet acquisition for unmanned maritime systems for deployment and data integration to fulfill the purposes of this subtitle;

(iii) an integrative survey program for application of unmanned maritime systems to the real-time or near real-time collection and transmission of sea floor, water column, and sea surface data on biology, chemistry, geology, physics, and hydrography;

(iv) remote sensing and data assimilation to develop new analytical methodologies to assimilate data from the System into hydrodynamic models;

(v) integrated, multi-State monitoring to assess sources, movement, and fate of sediments in coastal regions;

(vi) a multi-region marine sound monitoring system to be—

(I) planned in consultation with the Interagency Ocean Observation Committee, the National Oceanic and Atmospheric Administration, the Department of the Navy, and academic research institutions; and

(II) developed, installed, and operated in coordination with the National Oceanic and Atmospheric Administration, the Department of the Navy, and academic research institutions; and

(E) any other purpose identified by the Administrator or the Council.

The meeting will be open to public participation with a 10-minute public comment period on February 5th, 2021 from 1:50 p.m. to 2 p.m. EST (check agenda on website to confirm time). The Committee expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be

limited to a total time of three (3) minutes. Written comments should be received by the Designated Federal Official by February 1, 2021, to provide sufficient time for Committee review. Written comments received after February 1, 2021, will be distributed to the Committee, but may not be reviewed prior to the meeting date. To submit written comments, please email your comments, your name as it appears on your driver's license, and the organization/company affiliation you represent to Krisa Arzayus, Krisa.Arzayus@noaa.gov and Laura Gewain, Laura.Gewain@noaa.gov.

Matters to be Considered: The meeting will focus on updates from committee working groups on ongoing committee priorities, including the role of ocean observations in forecasting, strategy and vision for the System, partnerships for a successful System, and requirements for the System, in order to develop the next set of recommendations to NOAA and the IOOC. The committee will also finalize language and messaging for a memo to be sent to the incoming Presidential Administration. The latest version of the agenda will be posted at <http://ioos.noaa.gov/community/u-s-ioos-advisory-committee/>.

Special Accommodations: These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Krisa Arzayus, Designated Federal Official at Krisa.Arzayus@noaa.gov and Laura.Gewain@noaa.gov or 240-533-9455 by February 1, 2021.

Krisa M. Arzayus,

Deputy Director, U.S. Integrated Ocean Observing System Office, National Ocean Service.
