DATES: Applicable January 19, 2021.

SUPPLEMENTARY INFORMATION:

Background

On August 4, 2020, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on LWRPT from Mexico for the period of review August 1, 2019, through July 31, 2020.¹ On August 28, 2020, Regiomontana de Perfiles y Tubos S. de R.L. de C.V. S.A. de C.V. (Perfiles),⁵ timely requested reviews of themselves. Based on these requests, on October 6, 2020, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i), Commerce published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on LWRPT from Mexico covering the period August 1, 2019 through July 31, 2020.⁶

On January 4, 2021, Nucor Tubular withdrew its request for administrative review with respect to Aceros Cuatro Caminos S.A. de C.V.; Arco Metal S.A. de C.V.; Fabricaciones y Servicios de Mexico; Galvak, S.A. de C.V.; Grupo Estructuras y Perfiles, Industrias Monterrey S.A. de C.V.; Internacional de Aceros, S.A. de C.V.; PEASA-Productos Especializados de Acero; Talleres Acero Rey S.A. de C.V.; Tuberias Aspe S.A. de C.V.; Tuberia Laguna, S.A. de C.V.; and Tuberias y Derivados S.A. de C.V.⁷

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication date of the notice of initiation of the requested review.

Because Nucor Tubular's request for review, for 12 companies, was withdrawn within the 90-day deadline, and no other interested party requested a review of these 12 companies, we are rescinding this review with respect to these 12 companies. The administrative review remains active with respect to the seven remaining companies for which a review was initiated, *i.e.*, Maquilacero S.A. de C.V.; Nacional de Acero S.A. de C.V.; Perfiles LM, S.A. de C.V.; Productos Laminados de Monterrey S.A. de C.V.; Regiomontana de Perfiles y Tubos S.A. de C.V.; Regiomontana de Perfiles y Tubos S. de R.L. de C.V.; and Ternium Mexico S.A. de C.V.⁸

SUMMARY: The Department of Commerce (Commerce) determines that difluoromethane (R-32) from the People's Republic of China (China) is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is July 1, 2019 through December 31, 2019. The final dumping margins of sales at LTFV are listed below in the "Final Determination" section of this notice.

DATES: Applicable January 19, 2021.

FOR FURTHER INFORMATION CONTACT: Joshua Tucker or William Miller, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2044 or (202) 482-3906, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 27, 2020, Commerce published the *Preliminary Determination* of sales at LTFV of R-32 from China,¹ in which we also postponed the final determination to January 11, 2021. The petitioner in this investigation is Arkema Inc. The mandatory respondents in this investigation are Taizhou Qingsong Refrigerant New Material Co., Ltd. (Taizhou Qingsong) and Zibo Feiyuan Chemical Co., Ltd. (Zibo Feiyuan).

A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by the parties for this final determination are discussed in the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and

Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is R-32 from China. For a complete description of the scope of this investigation, see Appendix I.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix II.

Verification

Commerce normally verifies information relied upon in making its final determination, pursuant to section 782(i)(1) of the Tariff Act of 1930, as amended (the Act). However, due to current travel restrictions in response to the global COVID-19 pandemic, Commerce was unable to conduct on-site verification in this investigation.³ Consistent with section 776(a)(2)(D) of the Act, Commerce relied on the information submitted on the record, which we used in making our *Preliminary Determination*, as facts available in making our final determination.

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from parties, we made no changes to the antidumping duty margin calculations for Taizhou Qingsong and Zibo Feiyuan.

China-Wide Entity and the Use of Adverse Facts Available

We continue to find that the use of adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act, is warranted in determining the rate for the China-wide entity.⁴ In selecting the AFA rate for the China-wide entity, Commerce's practice is to select a rate that is sufficiently adverse to ensure that the uncooperative party does not obtain a more favorable result by failing to cooperate than if it had fully cooperated.⁵ As AFA, we assigned the
