

comments or requesting information, please include the document identifier 0990–New–30D and project title for reference.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: HHS Teletracking COVID–19 Portal (U.S. Healthcare COVID–19 Portal).

Type of Collection: In use without an OMB number: OMB No. 0990–XXXX OS/OCIO.

Abstract: The data collected through this ICR informs the Federal Government’s understanding of disease

patterns and furthers the development of policies for prevention and control of disease spread and impact related to the 2019 Novel Coronavirus (COVID–19). One of the most important uses of the data collected through this ICR is to determine critical allocations of limited supplies (e.g., protective equipment and medication). For instance, this collection has been used to distribute Remdesivir, a vital therapeutic that HHS distributes to the American healthcare system, via distinct data calls on regular intervals. As of July 10, HHS reduced the number requests for data from hospitals to support allocations of Remdesivir. HHS has stopped sending out one-time requests for data to aid in the distribution of Remdesivir or any other treatments or supplies. This consolidated daily reporting is the only mechanism used for the distribution calculations, and daily reports are needed to ensure accurate calculations.

Type of respondent: We acknowledge the burden placed on many hospitals, including resource constraints, and have allowed for some flexibilities, such as back-submissions or submitting every

business days, with the understanding that respondents may not have sufficient staff working over the weekend. It is our belief that collection of this information daily is the most effective way to detect outbreaks and needs for Federal assistance over time, by hospital and geographical area, and to alert the appropriate officials for action. It’s requested that 5,500 hospitals, submit data daily on the number of patients tested for COVID–19, as well as information on bed capacity and requirements for other supplies.

The HHS Teletracking COVID–19 Portal (U.S. Healthcare COVID–19 Portal) includes some data that were initially submitted by hospitals to HHS through CDC’s National Healthcare Safety Network (NHSN) COVID–19 Module (OMB Control No. 0920–1290, approved 03/26/2020). Over the last several months time, the guidance for which data elements should be sent to HHS and through which method was updated at the request of the White House Coronavirus Task Force and other leaders to better inform the response.

ANNUALIZED BURDEN HOUR TABLE

| Type of respondent | Form name | Number of respondents | Number responses per respondent | Average burden per response (in hours) | Total burden hours |
|--------------------|---|-----------------------|---------------------------------|--|--------------------|
| Hospitals | HHS Teletracking COVID–19 Portal (U.S. Healthcare COVID–19 Portal). | 5,500 | 365 | 1.5 | 3,011,250 |
| Total | | | | | 3,011,250 |

Eunice Kennedy Shriver National Institute of Child Health & Human Development; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C.,

as amended. The grant applications and/or contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Child Health and Human Development Initial Review Group; Obstetrics and Maternal-Fetal Biology Subcommittee.

Date: March 5, 2021.

Time: 10:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6710B Rockledge Drive, Bethesda, MD 20817 (Video-Assisted Meeting).

Contact Person: Luis E. Dettin, Ph.D., M.S., M.A., Scientific Review Officer, Scientific Review Branch, Eunice Kennedy Shriver National Institute of Child Health and Human Development, NIH, 6710B Rockledge

Drive, Rm. 2131B, Bethesda, MD 20892, (301) 827–8231, *luis_dettin@nih.gov*.
