

continue to find that these four companies did not have shipments of subject merchandise during the POR. We will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on these final results.

China-Wide Entity

In the *Preliminary Results*, we found that Avid is ineligible for a separate rate and treated it as a part of the China-wide entity. For the final results, Commerce continues to find Avid ineligible for a separate rate and to treat it as a part of the China-wide entity.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.⁵ Consistent with its recent notice,⁶ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication). We will instruct CBP to liquidate entries of subject merchandise exported by the China-wide entity at the China-wide rate of 155.89 percent.⁷ Consistent with Commerce's assessment practice in non-market economy cases, for the companies which Commerce determined had no shipments of the subject merchandise, any suspended entries made under those exporters' case numbers (*i.e.*, at the exporters' rates) will be liquidated at the China-wide rate.⁸

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of subject merchandise from China entered, or

withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity, *i.e.*, 155.89 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

The final results of this administrative review are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: January 22, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Methodology

Commerce conducted this review in accordance with sections 751(a)(1)(B) and 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act). Constructed export prices have been calculated in accordance with section 772(b) of the Act. Because Vietnam is a non-market economy (NME) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Application of Separate Rates in NME Proceedings

In the *Initiation Notice*, Commerce notified parties of the application process by which exporters may obtain

separate rate status in an NME proceeding.⁶ It is Commerce's policy to assign all exporters of the merchandise subject to review in NME countries a single rate unless an exporter can affirmatively demonstrate an absence of government control, both in law (*de jure*) and in fact (*de facto*), with respect to exports. To establish whether a company is sufficiently independent to be entitled to a separate, company-specific rate, Commerce analyzes each exporting entity in an NME country under the test established in *Sparklers*,⁷ as further developed by *Silicon Carbide*.⁸ However, if Commerce determines that a company is wholly foreign-owned, then an analysis of the *de jure* and *de facto* criteria is not necessary to determine whether it is independent from government control.⁹ For these *Preliminary Results*, Commerce determines that the evidence placed on the record of this review by SSV demonstrates an absence of *de jure* and *de facto* government control. We have received no other separate rate applications.

Vietnam-Wide Entity

Commerce's policy regarding conditional review of the Vietnam-wide entity applies to this administrative review.¹⁰ Under this policy, the Vietnam-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the Vietnam-wide entity in this review, the entity is not under review and the entity's rate (*i.e.*, 111.47 percent)¹¹ is not subject to change.

⁴ See Memorandum, "Tolling of Deadlines for Antidumping and Countervailing Duty Administrative Reviews," dated July 22, 2020. Commerce's practice dictates that, where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Therefore, because the fully extended deadline would normally be January 17, 2021, but that date is a Sunday, and January 18, 2021, is a federal holiday, the current deadline is Tuesday, January 19, 2021.

⁵ See Memorandum, "Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam: Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Preliminary Results of Review

Commerce preliminarily determines that the following weighted-average dumping margin exists for the period September 1, 2018 through August 31, 2019:

Exporter	Weighted-average margin (percent)
SeAH Steel VINA Corporation ¹²	0.00

Verification

As provided in section 782(i)(3) of the Act, Commerce intends to verify the information relied upon in issuing its final results of review. Normally, Commerce verifies information using standard procedures, including an on-site examination of original accounting, financial, and sales documentation. However, due to current travel restrictions in response to the global COVID-19 pandemic, Commerce is unable to conduct on-site verification in this review. Accordingly, we intend to verify the information relied upon in issuing the final results through alternative means in lieu of an on-site verification.

Disclosure, Public Comment and Opportunity To Request a Hearing

Commerce will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs within 30 days after the date of publication of these preliminary results of review in the **Federal Register**.¹³ Rebuttals to case briefs, which must be limited to issues raised in the case briefs, may be filed within seven days after the time limit for filing case briefs.¹⁴ Pursuant to 19 CFR 351.309(c)(2) and (d)(2) parties who submit case briefs or rebuttal briefs in this review are requested to submit with each argument: (a) A statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.¹⁵ Parties submitting briefs should do so pursuant to Commerce's

electronic filing system, ACCESS.¹⁶ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information.¹⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice. Requests should contain the party's name, address and telephone number, the number of participants, whether any participant is a foreign national and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.¹⁸ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁹ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For assessment purposes, Commerce applied the assessment rate calculation method adopted in *Antidumping Final Modification*.²⁰ For any individually examined respondent whose weighted

average dumping margin is above *de minimis* (*i.e.*, 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.²¹ Where either a respondent's weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²²

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously examined Vietnamese and non-Vietnamese exporters not listed above that at the time of entry are eligible for a separate rate based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate at the time of entry, the cash deposit rate will be that for the Vietnamese-wide entity; and (4) for all non-Vietnamese exporters of subject merchandise that at the time of entry are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate

Duty Orders With Respect to Turkey and the Socialist Republic of Vietnam, 79 FR 59740 (October 3, 2014).

See SSV's December 13, 2019 Section A Questionnaire Response at 1. Therefore, we have not calculated a rate for Pusan Pipe.

regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed in this administrative review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of issues raised is attached as the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on-file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we included in our calculation certain commission expenses which had been omitted from our preliminary dumping margin calculation. Additionally, after reviewing our preliminary dumping margin calculation, we determined that it was appropriate to exclude certain home market sales of samples, and to revise programming language that we added to the preliminary dumping margin calculation to account for certain items reported in multiple currencies.⁷ We made no other changes to the *Preliminary Results*.

Final Results of Review

We are assigning the following dumping margin to the firm listed below for the period May 1, 2018 through April 30, 2019:

Exporter/producer	Weighted-average dumping margin (percent)
OCTAL SAOC-FZC	0.75
