Notification to Importers
This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order
This notice serves as a final reminder to parties subject to administrative protective orders of their responsibility concerning the disposition of propriety information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties
This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: January 26, 2021.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
SUMMARY: The Department of Commerce (Commerce) preliminarily determines that silicon metal from Malaysia is being, or is likely to be, sold in the United States at less than fair value. The period of investigation is April 1, 2019, through March 31, 2020. Interested parties are invited to comment on this preliminary determination.

DATES: Effective February 1, 2021.

SUPPLEMENTARY INFORMATION:
Background
This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on July 27, 2020.1 On November 20, 2020, Commerce postponed the preliminary determination of this investigation and the revised deadline is now January 26, 2021.2 For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.3 A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation
The product covered by this investigation is silicon metal from Malaysia. For a complete description of the scope of this investigation, see Appendix I.

3 See Memorandum, “Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Silicon Metal from Malaysia” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).
Scope Comments

In accordance with the preamble to Commerce’s regulations, the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage (i.e., scope). No interested parties commented on the scope of the investigation as it appeared in the Initiation Notice. Commerce is preliminarily not modifying the scope language as it appeared in the Initiation Notice. See the scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Normal value (NV) is calculated in accordance with section 773 of the Act. Commerce has determined that the following estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and de minimis margins, and any margins determined entirely under section 776 of the Act. Commerce calculated an individual estimated weighted-average dumping margin for PMB Silicon Sdn. Bhd. (PMB Silicon), the only individually-examined exporter/producer in this investigation. Because the only individually calculated dumping margin is not zero, de minimis, or based entirely on facts otherwise available, the estimated weighted-average dumping margin calculated for PMB Silicon is the margin assigned to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination. Commerce is currently unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. Accordingly, we intend to take additional steps in lieu of on-site verification. Commerce will notify interested parties of any additional documentation or information required.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. A timeline for the submission of case briefs and written comments will be notified to interested parties at a later date. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline date for case briefs. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.

Prestressed Concrete Steel Wire Strand From Argentina, Colombia, Egypt, the Netherlands, Saudi Arabia, Taiwan, the Republic of Turkey, and the United Arab Emirates: Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing antidumping duty orders on prestressed concrete steel wire strand (PC strand) from Argentina, Colombia, Egypt, the Netherlands, Saudi Arabia, Taiwan, the Republic of Turkey (Turkey), and the United Arab Emirates (UAE).

DATES: Applicable February 1, 2021.

FOR FURTHER INFORMATION CONTACT: Kabir Archuletta at (202) 482–2593 (Argentina), Hermes Pinilla at (202) 482–3477 (Colombia), David Crespo at (202) 482–3693 (Egypt), Bryan Hansen at (202) 482–3683 (the Netherlands), Drew Jackson at (202) 482–4406 (Saudi Arabia), Joy Zhang at (202) 482–1168 (Taiwan), David Goldberger at (202) 482–4136 (Turkey), and Charles Doss at (202) 482–8091 (the UAE).

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on December 11, 2020, Commerce published its affirmative final determinations in the less-than-fair-value (LTFV) investigations of PC strand from Argentina, Colombia, Egypt, the Netherlands, Saudi Arabia, Taiwan, Turkey, and the UAE. On January 25, 2021, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured by reason of the LTFV imports of PC strand from Argentina, Colombia, Egypt, the Netherlands, Saudi Arabia, Taiwan, Turkey, and the UAE.

Therefore, Commerce is issuing these antidumping duty orders in accordance with sections 735(c)(2) and 736 of the Act. Because the ITC determined that imports of PC strand from Argentina, Colombia, Egypt, the Netherlands, Saudi Arabia, Taiwan, Turkey, and the UAE are materially injuring a U.S. industry, unliquidated entries of such merchandise from Argentina, Colombia, Egypt, the Netherlands, Saudi Arabia, Taiwan, Turkey, and the UAE, which are entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border
