Scope of the Order 6

The product covered by the Order is cast iron soil pipe fittings from China. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the case and rebuttal briefs, and the evidence on the record, Commerce made no changes to the preliminary results.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, i.e., a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.7 The Issues and Decision Memorandum contains a full description of the methodology underlying Commerce’s conclusions, including any determination that relied upon the use of adverse facts available (AFA) pursuant to sections 776(a) and (b) of the Act.

Rate for Non-Selected Companies Under Review

There are nine companies for which a review was requested, but which were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent. For these nine companies, we applied the subsidy rate calculated for Wor-Biz, as the only rate calculated for a mandatory respondent that was above de minimis and not based entirely on facts available. This methodology for establishing the subsidy rate for the non-selected companies is consistent with our practice and with section 705(c)(5)(A) of the Act.

Final Results of Administrative Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated a countervailable subsidy rate for the mandatory respondent Wor-Biz. We determined the countervailable subsidy rate for Qinshui Shunshida Casting Co., Ltd. based entirely on AFA, in accordance with section 776 of the Act. We also assigned an individual estimated subsidy rate based on AFA to entries produced or exported by Wor-Biz’s unaffiliated supplier, Wuhu Best Machines Co., Ltd., in accordance with section 776 of the Act. Therefore, the only rate that is not zero, de minimis, or based entirely on facts otherwise available is the rate calculated for Wor-Biz. Consequently, as discussed above, the rate calculated for Wor-Biz is also assigned as the rate for all other producers and exporters subject to this review but not selected for individual examination (i.e., non-selected companies).

We find the countervailable subsidy rates for the mandatory and non-selected respondents under review to be as follows:

Assessment Rates

Pursuant to 19 CFR 351.212(b)(2), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review, for the above-listed companies at the applicable ad valorem assessment rates listed. Consistent with its recent notice,9 Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Instructions

In accordance with section 751(a)(2)(C) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the respective companies listed above on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this

administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, effective upon publication of these final results, shall remain in effect until further notice.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

1,1,1,2-Tetrafluoroethane (R–134a) From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that the sole company subject to this administrative review is part of the China-wide entity because it did not file a separate rate application (SRA). The period of review (POR) is April 1, 2019, through March 31, 2020. We invite interested parties to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On April 1, 2020, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on 1,1,1,2-Tetrafluoroethane (R–134a) from the People’s Republic of China (China).1 In response, on April 30, 2020, the American HFC Coalition and its individual members2 (the petitioners) requested a review of one company, Puremann, Inc. (Puremann).3 Commerce initiated a review of this company on June 8, 2020.4 The deadline for interested parties to submit an SRA or separate rate certification (SRC) was July 8, 2020.5 No party submitted an SRA or an SRC. On July 16, 2020, Commerce placed U.S. Customs and Border Protection (CBP) data on the record of this review demonstrating that there were no entries of subject merchandise during the POR.6 The petitioners submitted comments on the CBP data on August 6, 2020.7 On July 21, 2020, Commerce tolled all deadlines in administrative reviews by 60 days.8 The deadline for the preliminary results of this review is now March 1, 2020.

Scope of the Order

The merchandise covered by the order is 1,1,1,2-Tetrafluoroethane, R–134a, or its chemical equivalent, regardless of form, type, or purity level. The chemical formula for 1,1,1,2-Tetrafluoroethane is CF$_3$CH$_2$F, and the Chemical Abstracts Service registry number is CAS 811–97–2.9 Merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2903.39.20. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213.

Preliminary Results of Review

Puremann, the sole company subject to this review, did not file an SRA. Thus, Commerce preliminarily determines that this company has not demonstrated its eligibility for separate rate status. As such, Commerce preliminarily determines that the company subject to this review is part of the China-wide entity. In addition, Commerce no longer considers the non-market economy (NME) entity as an exporter conditionally subject to an
