DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2020–0556]

RIN 1625–AA11

Regulated Navigation Area; Sparkman Channel, Tampa, FL

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is removing an existing regulated navigation area in Sparkman Channel, located in Tampa, FL. The regulated navigation area is no longer needed to protect vessels navigating in the area. This action removes the existing regulations related to restricting vessel draft in the channel due to an underwater pipeline that is no longer a navigational concern.

DATES: This rule is effective March 4, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to https://www.regulations.gov. Type USCG–2020–0556 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Clark Sanford, Sector St. Petersburg, Coast Guard; telephone (813) 228–2191 x8105, email Clark.W Sanford@uscg.mil.

II. Background Information and Regulatory History

On January 25, 1991, the Coast Guard established a regulated navigation area in Sparkman Channel. The regulated navigation area is described in 33 CFR 165.752. The regulated navigation area was created to restrict navigation in the area to vessels with a draft of less than 34.5 feet. A recent survey places the sewer line at or below the permitted depth of 42 feet. The navigation hazard is properly marked on the water surface as well as on navigation charts. With the advancement in technologies and mechanical innovations coupled with the expertise of the pilots that guide vessels in and around Port Tampa Bay, the current restricted navigation area along Sparkman Channel has become outdated. In response, on November 27, 2020, the Coast Guard published a notice of proposed rulemaking (NPRM) titled, “Regulated Navigation Area: Sparkman Channel, Tampa, FL” (85 FR 75996). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended December 28, 2020, we received three comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Commander, Seventh Coast Guard District has determined the current restricted navigation area along Sparkman Channel has become outdated and is no longer needed for Sparkman Channel. The purpose of this rule is to remove unnecessary restrictions to navigation in Sparkman Channel in Tampa, FL.

IV. Discussion of Comments, Changes, and the Rule

The Coast Guard received three submissions from private citizens in response to the proposed rule. One commenter endorsed the Coast Guard’s proposal. The other two comments were not relevant to the scope of this rulemaking. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule removes the existing regulated navigation area established in 33 CFR 165.752. This regulation placed restrictions on vessel navigation in Sparkman Channel in Tampa, Florida based on vessel drafts.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.
