SUPPLEMENTARY INFORMATION: Section 110 of ERISA (29 U.S.C. 1030) authorizes the Secretary of Labor to prescribe alternative methods of compliance with the reporting and disclosure requirements of Title I of the Employee Retirement Income Security Act of 1974 (ERISA) for pension plans. Simplified Employee Pensions (SEPs) are established by section 408(k) of the Internal Revenue Code of 1986 (the Code). Although SEPs are primarily a development of the Code subject to its requirements, SEPs are also pension plans subject to the reporting and disclosure requirements of Title I of ERISA. The disclosure requirements set forth in the regulation ensure that administrators of non-model SEPs provide participants with specific written information concerning SEPs. This ICR generally requires timely written disclosure to employees eligible to participate in non-model SEPs, including specific information concerning: Participation requirements; allocation formulas for employer contributions; designated contact persons for further information; and, for employer recommended IRAs, specific terms of the IRAs such as rates of return and any restrictions on withdrawals. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 20, 2020 (85 FR 66580).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not

display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal.
