

Only three of these can generate electricity: Mason's, Mill, and CMP developments. Project features include the dams, intakes, gates, penstocks, powerhouses, tailraces, and transmission lines at each development. Impoundments at Swan Lake, Kelly, Mill, and CMP developments, and a portion of the impoundment at the Mason's development is included in the project boundary. The Mill and CMP development are in disrepair and have not generated since 2003.

l. *Description of Proceeding*: License Article 16 states in part: If the licensee shall abandon or discontinue good faith operation of the project or refuse or neglect to comply with the terms of the license and the lawful orders of the Commission mailed to the record address of the licensee or its agent, the Commission will deem it to be the intent of the licensee to surrender the license. In this proceeding, the Commission may find cause to waive the requirement in 18 CFR 6.4 to wait 90 days after public notice to terminate the license.

Since 2014, Commission staff have worked with Goose River Hydro, Inc., licensee, to restore project operation. On February 2, 2018, the licensee filed an application for subsequent license, but failed to provide specific details on needed repairs. On July 16, 2019, Commission staff informed the licensee of the need for additional information. A response was filed on October 31, 2019, which by letter dated January 8, 2020, Commission staff found inadequate. On April 10, 2020, Commission staff issued an order dismissing the licensee's application for a subsequent license. By order dated September 3, 2020, the Commission directed the licensee to file a surrender application by January 31, 2021. In a January 8, 2021 filing, the licensee states it is incapable of filing a surrender application because it has no assets, Goose River Hydro, Inc. is in dissolution, and it does not have the rights to certain project features.

n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

o. *Comments, Protests, or Motions to Intervene*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Responsive Documents*: Any filing must (1) bear in all capital letters the title "COMMENTS," "PROTEST," or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001-385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to project works which are the subject of the implied surrender. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-718-721 Business Proposal Forms for Quality Improvement Organizations (QIOs)

CMS-724 Medicare/Medicaid Psychiatric Hospital Survey Data and Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

#### Information Collection

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Business Proposal Forms for Quality Improvement Organizations (QIOs); *Use:* The submission of proposal information by current quality improvement associations (QIOs) and other bidders, on the appropriate forms, will satisfy our need for meaningful, consistent, and verifiable data with which to evaluate contract proposals. We use the data collected on the forms associated with this information collection request to negotiate QIO contracts. We will be able to compare the costs reported by the QIOs on the cost reports to the proposed costs noted on the business proposal forms. Subsequent contract and modification negotiations will be based on historic cost data. The business proposal forms will be one element of the historical cost data from which we can analyze future proposed costs. In addition, the business proposal format will standardize the cost proposing and pricing process among all QIOs. With well-defined cost centers and line items, proposals can be compared among QIOs for reasonableness and appropriateness. *Form Number:* CMS-718-721 (OMB control number: 0938-0579); *Frequency:* Annually; *Affected Public:* Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 58; *Total Annual Responses:* 58; *Total Annual Hours:* 2,320. (For policy questions regarding this collection contact Benjamin Bernstein at 410-786-6570.)

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Medicare/

Medicaid Psychiatric Hospital Survey Data and Supporting Regulations; *Use:* The CMS-724 form is used to collect data that assists us in program planning and evaluation and in maintaining an accurate database on providers participating in the psychiatric hospital program. Specifically, we use the information collected on this form in evaluating the Medicare psychiatric hospital program. The form is also used for audit purposes; determining patient population and characteristics of the hospital; and survey term composition. *Form Number:* CMS-724 (OMB control number: 0938-0378); *Frequency:* Annually; *Affected Public:* Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 19; *Total Annual Responses:* 191; *Total Annual Hours:* 96.
