Food and Nutrition Service

Title: How States Safeguard Supplemental Nutrition Assistance Program Participant's Personally Identifiable Information (PII).

OMB Control Number: 0584–NEW.

Summary of Collection: Section 11(e)(8) of the Food, Conservation, and Energy Act of 2008 requires that these millions of households must submit personally identifiable information (PII) in order to receive SNAP benefits. PII includes information that directly identifies individuals, such as individuals' names and Social Security numbers, as well as information like home addresses, which can be used to deduce the identity of an individual. While State agencies (SAs) implement policies to safeguard SNAP PII, little is systematically known about the policies and practices that SAs have in place. Accordingly, FNS wants to assess the ways that States safeguard SNAP PII and identify best practices to protect such information.

Need and Use of the Information: FNS will use the information collected to provide information to SAs on ways they can improve how they safeguard SNAP PII. This study has five main objectives: (1) Describe legislation, regulations, and policies that address how participants' PII must be safeguarded; (2) describe methods that can be used to safeguard PII; (3) describe how States currently safeguard participants' PII; (4) examine the consistency of safeguarding practices across States; and (5) provide recommendations to States to improve safeguarding of PII.

Description of Respondents: State, Local, Tribal Government, Private Sector (Business-for-profit and not-for profit).

Number of Respondents: 186.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 132.
