A. Overview of Information Collection

Title of Information Collection: Application for Fee or Roster Personnel (Appraisers). Designation and Appraisal Reports.

OMB Approval Number: 2502–0538.

Type of Request: Extension.

Form Number: HUD 92563–A, HUD 92564–CN, Fannie Mae Forms: 1004, 1004C, 1004D, 1004MC, 1025, and 1073.

Description of the need for the information and proposed use: Accurate and thorough Appraisal reporting is critical to the accuracy of underwriting for the mortgage insurance process. The need for accuracy is increased for a Federal Housing Administration (FHA) insured mortgage since buyers tend to have more limited income and lower equity in the properties. This collection of information provides a more thorough and complete appraisal of prospective HUD-insured single-family properties ensuring that mortgages are

acceptable for FHA insurance and thereby protect the interest of HUD, the taxpayers, and the FHA insurance fund. The collection allows HUD to maintain an effective appraisal program with the ability to discipline appraisers and inform potential homeowners of the benefits of purchasing an independent home inspection.

Estimated Number of Respondents: 22,345.

Estimated Number of Responses: 495,676.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On January, 29, 2021, the United States lodged a proposed consent decree with the United States District Court for the Northern District of Illinois in the lawsuit entitled *United States v. Chains and Links, Inc. et al.*, Case No. 3:18-cv-50268 (N.D. Ill.). The proposed consent decree, if approved by Court after public comment, will fully resolve claims of the United States Environmental Protection Agency ("EPA") against two of the four defendants named in the complaint, which seeks to recover response costs incurred by EPA in cleaning up a portion of the Bautsch Gray Mine Superfund site ("Site") near Galena, Illinois. To resolve claims against them under Sections 106, 107, and 113(g)(2) of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9606, 9607(a), and 9613(g)(2), the settling defendants—Thomas Wienen and Chains and Links, Inc. ("C&L")—will reimburse the United States for \$1,292,000 in response costs, which they shall pay in three installments over an 18-month period. In addition, the settling defendants must (1) use "best efforts" to secure the cooperation of a non-settling defendant in executing an environmental covenant with respect to a portion of the Site that C&L and the non-settling defendant jointly own and (2) pay to EPA 75% of the net proceeds if the property is sold after construction of the remedy at the Site. The proposed consent decree will provide the settling defendants with a "Covenant Not to Sue," under which the United States will covenant not to sue or take administrative action against the settling defendants pursuant to Sections 106 and 107(a) of CERCLA regarding the Site, except as specifically provided in the "Reservation of Rights" clause. The proposed Consent Decree does not affect the United States' claims in the amended complaint with respect to the two non-settling defendants—West Galena Development, Inc. and the Estate of Lois Jean Wienen.

The publication of this notice opens a period for public comment on the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer *United States v. Chains and Links, Inc. et al.*, D.J. Ref.
