OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Information on 2021 Tariff-Rate Quotas for Exports From the United Kingdom

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The Office of the United States Trade Representative is providing notice that the United Kingdom (UK) in 2021 continues to be eligible to export under U.S. tariff-rate quotas (TRQs) allocated to the member countries of the European Union (EU).

DATES: This notice is applicable as of February 8, 2021.

FOR FURTHER INFORMATION CONTACT: Roger A. Wentzel, Office of Agricultural Affairs, at 202-395-5124, or Roger_Wentzel@ustr.eop.gov.

SUPPLEMENTARY INFORMATION: Pursuant to Additional U.S. Notes 6, 16 to 23, and 25 to Chapter 4 and Note 5 to Chapter 24 of the Harmonized Tariff Schedule of the United States (HTSUS), the United States maintains TRQs for imports from specific countries or customs areas, including the EU (designated in the HTSUS as the EU27 and including the UK).

Section 404(d)(3) of the Uruguay Round Agreements Act (19 U.S.C. 3601(d)(3)) authorizes the President to allocate the in-quota quantity of a TRQ for any agricultural product among supplying countries or customs areas and to modify any allocation as determined appropriate by the President. The President delegated this authority to the U.S. Trade Representative under Presidential Proclamation 6763 (60 FR 1007).

On October 17, 2019, the UK and EU agreed to the withdrawal of the UK from the EU and the European Atomic Energy Community (Withdrawal Agreement). As part of the Withdrawal Agreement, the UK and EU agreed to a transition period, which ended on December 31, 2020. For 2021, the U.S. Trade Representative has determined that the UK will continue to be eligible to export under U.S. TRQs allocated to the EU under Additional U.S. Notes 6, 16 to 23, and 25 to Chapter 4 and Note 5 to Chapter 24 of the HTSUS. Additional information about certain dairy TRQs is available in the U.S. Department of Agriculture's notice *Information on Dairy Import Licenses for the 2021 Tariff-Rate Quota (TRQ) Year—United Kingdom Designation of Importers for Dairy Import Licenses* (85 FR 70127), which provides, in part, that for the 2021 quota year, the UK Government may designate importers for licenses for the quantities of cheese that have historically been supplied by UK exporters under designated licenses for Cheese and Curd (Note 16), Blue Mold (Note 17), and Cheddar (Note 18).

Assistant U.S. Trade Representative for Agricultural Affairs and Commodity Policy, Office of the United States Trade Representative.

Federal Aviation Administration

[Docket No. FAA-2013-0259-2245]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: FAA Aircraft Noise Complaint and Inquiry System (Noise Portal)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The FAA Regional Administrators' Offices and the FAA Noise Ombudsman will use the information voluntarily reported, on the occasion of a complaint, by the public in the FAA Noise Portal to prepare responses to their noise complaints or

inquiries. The required FAA Noise Portal fields represent the minimum amount of information the FAA needs to address the public's noise complaint or question and includes: name, email, address or cross street and a description of the noise complaint or inquiry. It is important to know the person's name and email address to respond and track the complaint. The FAA will not respond to the same complaint from the same person more than once. The address or cross street is needed for the FAA to determine potential sources of the aircraft noise issues as most people complain about aircraft in the vicinity of their residence. The description is used to provide additional details for the FAA to better address the complaint or question.

DATES: Written comments should be submitted by April 9, 2021.

ADDRESSES: Please send written comments:

By Electronic Docket:
www.regulations.gov (Enter docket number into search field).

By mail: Idurre L. Isasa-Cowan, Federal Aviation Administration, AEE, 800 Independence Avenue SW, Suite 900W, Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT: Idurre L. Isasa-Cowan, Email: 9-APL-NCI-FRN-Comments@faa.gov, Phone: 202-267-0965.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0773.

Title: FAA Aircraft Noise Complaint and Inquiry System (Noise Portal).

Form Numbers: None.

Type of Review: Renewal of an information collection.

Background: Although the FAA already receives aircraft noise complaints and inquiries from the public, the FAA's voluntary collection of the information from the public invokes the PRA process. The FAA must receive approval from the Office of Management and Budget (OMB) to collect the information in the Noise Portal. The FAA will summarize the public comments from the 60-day

comment period (March 1, 2021 to April 30, 2021), and address these in a 30-day **Federal Register** notice inviting further comments. OMB has 60-days from the date of the 30-day notice to approve the FAA's voluntary collection of information in the Noise Portal. We expect the entire process will be completed by July 2021.

Respondents: The public.

Frequency: As needed.

Estimated Average Burden per

Response: 15 minutes.

Estimated Total Annual Burden: 11,250 hours.

Issued in Washington, DC, on February 3, 2021.

Idurre L. Isasa-Cowan,

*Noise Complaint Initiative (NCI), Team Lead,
Federal Aviation Administration.*

AGENCY: Federal Highway Administration (FHWA), Department of Transportation (DOT).

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA, the United States Army Corps of Engineers (USACE), and other Federal Agencies.

SUMMARY: This notice announces actions taken by the FHWA and the USACE that are final. These final agency actions relate to the proposed highway construction along Lake Shore Drive, Stony Island Avenue, Hayes Drive, and other roadways in Jackson Park and the construction of proposed trails and underpasses in Jackson Park, Cook County, Illinois. The final agency actions (1) authorize the City of Chicago's proposed discharges of fill material into waters of the United States, (2) grant permission to alter a Federally-funded ecosystem restoration project under the Great Lakes Fishery & Ecosystem Restoration program, and (3) grant approval for the highway project to proceed to right-of-way acquisition, final design, and construction. The FHWA's Finding of No Significant Impact (FONSI) provides details on the Selected Alternative for the proposed improvements.

DATES: By this notice, the FHWA is advising the public of the final agency actions subject to 23 U.S.C. 139(j)(1). A claim seeking judicial review of the

Federal agency actions of the proposed highway project will be barred unless the claim is filed on or before July 8, 2021. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Ms. Arlene K. Kocher, Division Administrator, 3250 Executive Park Drive, Springfield, Illinois 62703; telephone: (217) 492-4640; email address: Arlene.Kocher@dot.gov. Lake Shore Drive (U.S. Route 41) will be widened to the west to provide an additional southbound travel lane between 57th Street and Hayes Drive. To accommodate the additional travel lane, the 59th Street Inlet Bridge will be widened and modifications at the intersections of 57th Street, Science Drive, and Hayes Drive are proposed. Hayes Drive will be reconfigured to remove existing on-street parking to provide two travel lanes in each direction with minimal widening. Stony Island Avenue will be widened to the east to accommodate additional through lanes and turn lanes at cross-street intersections. Proposed bicycle and pedestrian accommodations include the construction of four underpasses within Jackson Park. Proposed trails and connections along Cornell Drive, Hayes Drive, and Marquette Drive will also be constructed.

The FHWA's action, related actions by other Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) approved on September 21, 2020, the FONSI approved January 21, 2021, and in other documents in the project file.
