

corporations, and government entities; to analyze business operations in comparison to similar firms, compute market share, and assess business growth and future prospects. Estimates produced on R&D and innovation may be used to compare R&D costs across industries, determine where R&D activity is conducted geographically, and identify the types of businesses with R&D; to contribute to the Bureau of Economic Analysis (BEA) system of national accounts; to increase investments in research and development, strengthen education, and encourage entrepreneurship; and to compare business innovation in the United States to other countries, including those in the European Union. Results of the research activities data collected from nonprofit organizations will be used to report updated, valid, and reliable estimates of U.S. nonprofit R&D in National Patterns of R&D Resources and BEA's system of national accounts.

The data collected by ABS will also be incorporated into the National Science Board's biennial report, Science and Engineering Indicators (SEI). The R&D data from the nonprofit module will be reported in the Organization for Economic Cooperation and Development (OECD) periodic publications and for international comparisons of R&D efforts. NCSES also anticipates professional associations will use data from the nonprofit module. Likely users in this category include, but are not limited to, the Science Philanthropy Alliance, the Association of Independent Research Institutes, and the Health Research Alliance.

Additional examples of data use include:

- The Small Business Administration (SBA) and the Minority Business Development Agency (MBDA) to assess

business assistance needs and allocate available program resources.

- Local government commissions on small and disadvantaged businesses to establish and evaluate contract procurement practices.
- Federal, state, and local government agencies as a framework for planning, directing, and assessing programs that promote the activities of disadvantaged groups.
- The National Women's Business Council to assess the state of women's business ownership for policymakers, researchers, and the public at large.
- Consultants and researchers to analyze long-term economic and demographic shifts, and differences in ownership and performance among geographic areas.
- Individual business owners to analyze their operations in comparison to similar firms, compute their market share, and assess their growth and future prospects.

#### Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

**AGENCY:** Economic Development Administration, U.S. Department of Commerce.

**ACTION:** Notice and opportunity for public comment.

**SUMMARY:** The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below.

Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

**Foreign-Trade Zones Board**

**[B-06-2021]**

**Foreign-Trade Zone 240—Martinsburg, West Virginia; Application for Reorganization Under Alternative Site Framework**

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the West Virginia Economic Development Authority, grantee of FTZ 240, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new

subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on February 4, 2021.

FTZ 240 was approved by the FTZ Board on February 7, 2000 (Board Order 1071, 65 FR 8119, February 17, 2000). The current zone includes the following site: *Site 1* (317 acres)—Eastern West Virginia Regional Airport complex, 170 Aviation Way, Martinsburg.

The grantee’s proposed service area under the ASF would be Berkley, Hampshire, Hardy, Jefferson and Morgan Counties, West Virginia, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Front Royal, Virginia Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone to include the existing site as a “magnet” site. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time.

In accordance with the FTZ Board’s regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be

addressed to the FTZ Board’s Executive Secretary and sent to: *ftz@trade.gov*. The closing period for their receipt is April 12, 2021. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 26, 2021.

A copy of the application will be available for public inspection in the “Reading Room” section of the FTZ Board’s website, which is accessible via *www.trade.gov/ftz*. For further information, contact Christopher Kemp at *Christopher.Kemp@trade.gov*.

Dated: February 4, 2021.
