

the 3.7 GHz Report and Order titled “Adjacent Channel Protection Criteria” the Commission sets out the following requirements:

Pursuant to paragraph 388 of the 3.7 GHz Report and Order, the Commission requires that the TT&C operators make available certain pertinent technical information about their systems upon request by licensees in the 3.7 GHz Service to ensure the protection of TT&C operations. In addition, paragraph 389 of the 3.7 GHz Report and Order includes the requirement that, in the event of a claim by a TT&C earth station operating in 4.0–4.2 GHz of harmful interference by a 3.7 GHz operator, the earth station operator must demonstrate that that have installed a filter that complies with the mask requirement prescribed by the Commission. This requirement will facilitate an efficient and safe transition by requiring earth station operators to demonstrate their compliance with the mask requirements, thereby minimizing the risk of interference.

OMB Control Number: 3060–1166.

Title: Section 1.21001, Participation in Competitive Bidding for Support; Section 1.21002, Prohibition of Certain Communications During the Competitive Bidding Process.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities, not-for-profit institutions, and state, local or tribal governments.

Number of Respondents and Responses: 750 respondents and 750 responses.

Estimated Time per Response: 1.5 hours.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection 47 U.S.C. 154, 254 and 303(r).

Total Annual Burden: 1,125 hours.

Total Annual Cost: No cost.

Nature and Extent of Confidentiality: Information collected in each application to participate in an auction for universal service support will be made available for public inspection, and the Commission is not requesting that respondents submit confidential information to the Commission as part of the pre-auction application process. However, to the extent that a respondent seeks to have certain information collected in an application to participate in an auction for universal service support or in a report of a prohibited communication withheld from public inspection, the respondent may request confidential treatment of such

information pursuant to section 0.459 of the Commission’s rules, 47 CFR Section 0.459.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: The information required by section 1.21001 of the Commission’s rules that is collected under this information collection is used by the Commission to determine whether applicants are eligible to participate in auctions for Universal Service Fund support. The reports of prohibited communications made or received by an auction applicant required by section 1.21002 of the Commission’s rules that are collected under this information collection enable the Commission to ensure that no bidder gains an unfair advantage over other bidders in its auctions for universal service support and thus enhance the competitiveness and fairness of Commission’s auctions for universal service support.

On November 18, 2011, the Commission released an order comprehensively reforming and modernizing the universal service and intercarrier compensation systems to ensure that robust, affordable voice and broadband service, both fixed and mobile, are available to Americans throughout the nation. Connect America Fund et al., Order and Further Notice of Proposed Rulemaking, FCC 11–161 (USF/ICC Transformation Order). In the USF/ICC Transformation Order, the Commission, among other things, created (1) the Connect America Fund (CAF), to help make broadband available to homes, businesses, and community anchor institutions in areas that do not, or would not otherwise, have broadband, (2) the Mobility Fund, to ensure the availability of mobile broadband networks in areas where a private-sector business case, (3) the Remote Areas Fund (RAF), to ensure that Americans living in the most remote areas in the nation, where the cost of deploying traditional terrestrial broadband networks is extremely high, can obtain affordable access through alternative technology platforms, including satellite and unlicensed wireless services. The USF/ICC Transformation Order directed that support under CAF Phase II, the Mobility Fund, and the RAF be awarded by competitive bidding. The Commission adopted rules to implement the reforms it adopted in the USF/ICC Transformation Order, including rules in Part 1, Subpart AA of the Commission’s rules governing competitive bidding for universal service support generally. See 47 CFR 1.21001–1.21004.

On October 27, 2020, the Commission adopted a Report and Order in which it, among other things, amended its existing Part 1, Subpart AA general universal service competitive bidding rules to codify policies and procedures applicable to the universal service auction application process that have been adopted in its recent universal service auctions, better align provisions in the universal service competitive bidding rules with like provisions in the Commission’s spectrum auction rules, and make other updates for consistency, clarification, and other purposes that would apply in all universal service auctions. Establishing a 5G Fund for Rural America, Report and Order, FCC 20–150 (5G Fund Report and Order). The amended Part 1, Subpart AA rules adopted in the 5G Fund Report and Order apply to applicants seeking to participate in future Commission auctions for universal service support.

Federal Communications Commission.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1034; FRS 17420]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before March 12, 2021.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public

Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418-2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of

information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060-1034.

Title: Digital Audio Broadcasting Systems and their Impact on the Terrestrial Radio Broadcast Service; Digital Notification, FCC Form 335.

Form Number: FCC Form 335.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and

Responses: 270 respondents; 270 responses.

Estimated Hours per Response: 1 hour-8 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 490 hours.

Total Annual Cost: \$197,000.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Sections 154(i), 303, 310, and 553 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality:

There is no need for confidentiality with this collection of information.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: On October 27, 2020, the Commission released the All-Digital AM Broadcasting Report and Order, FCC 20-154, MB Dkts. 19-311, 13-249, where it adopts rules to allow AM radio stations, on a voluntary basis, to broadcast an all-digital signal using the HD radio in-band on-channel (IBOC) mode name MA3. This action benefits AM stations and their listeners by improving reception quality and listenable signal coverage in stations’ service areas and by advancing the Commission’s goal of improving the AM service, thereby helping to ensure the future of the service. AM broadcast station licensees are required to notify the Commission of a change to all-digital operations using Digital Notification Form, FCC Form 335-AM.

Specifically pertaining to this Information Collection, in the All-Digital AM Broadcasting Report and Order, the Commission requires AM broadcast stations to electronically file a digital notification using the existing FCC Form 335-AM Digital Notification (or any successor notification form) to notify the Commission of the following changes: (1) The commencement of new

all-digital operation; (2) an increase in nominal power of an all-digital AM station; or (3) a transition from core-only to enhanced operating mode. Although we direct broadcasters to use the current Form 335-AM for all-digital notifications, additional information is required for notification of AM all-digital operations specifically. Therefore, until the Form 335-AM is updated to display the new all-digital operation requirements, we direct filers to select “N/A” as appropriate within the form and submit an attachment containing the following information. These new all-digital AM notification requirements have been added to new section 73.406 of the Commission’s rules.

(a) The type of notification (all-digital notification, increase in nominal power, reduction in nominal power, transition from core-only to enhanced, transition from enhanced to core-only, reversion from all-digital to hybrid or analog operation);

(b) the date that new or modified all-digital operation will commence or has ceased;

(c) a certification that the all-digital operations will conform to the relevant nominal power and spectral emissions limits;

(d) the nominal power of the all-digital station;

(e) a certification that the all-digital station complies with all EAS requirements; and

(f) if a notification of commencement of new all-digital service or a nominal power change, whether the station is operating in core-only or enhanced mode.

The All-Digital AM Broadcasting Report and Order also revises and reorganizes the digital notification requirements formally contained in section 73.404(e) of the rules by removing paragraph 73.404(e) and adding new section 73.406 Notification.

The Notification Requirements Contained Under 47 CFR 73.406 Are as Follows

Hybrid AM and FM licensees must electronically file a digital notification to the Commission in Washington, DC, within 10 days of commencing IBOC digital operation. All-digital licensees must file a digital notification within 10 days of the following changes: (1) Any reduction in nominal power of an all-digital AM station; (2) a transition from enhanced to core-only operating mode; or (3) a reversion from all-digital to hybrid or analog operation. All-digital licensees will not be permitted to commence operation sooner than 30 calendar days from public notice of

digital notification of the following changes: (1) The commencement of new all-digital operation; (2) an increase in nominal power of an all-digital AM station; or (2) a transition from core-only to enhanced operating mode.

(a) Every digital notification must include the following information:

(1) The call sign and facility identification number of the station;

(2) If applicable, the date on which the new or modified IBOC operation commenced or ceased;

(3) The name and telephone number of a technical representative the Commission can call in the event of interference;

(4) A certification that the operation will not cause human exposure to levels of radio frequency radiation in excess of the limits specified in § 1.1310 of this chapter and is therefore categorically excluded from environmental processing pursuant to § 1.1306(b) of this chapter. Any station that cannot certify compliance must submit an environmental assessment (“EA”) pursuant to § 1.1311 of this chapter and may not commence IBOC operation until such EA is ruled upon by the Commission.

(b) Each AM digital notification must also include the following information:

(1) A certification that the IBOC DAB facilities conform to applicable nominal power limits and emissions mask limits;

(2) The nominal power of the station; if separate analog and digital transmitters are used, the nominal power for each transmitter;

(3) If applicable, the amount of any reduction in an AM station’s digital carriers;

(4) For all-digital stations, the type of notification (all-digital notification, increase in nominal power, reduction in nominal power, transition from core-only to enhanced, transition from enhanced to core-only, reversion from all-digital to hybrid or analog operation);

(5) For all-digital stations, if a notification of commencement of new all-digital service or a nominal power change, whether the station is operating in core-only or enhanced mode; and

(6) For all-digital stations, a certification that the all-digital station complies with all EAS requirements.

(c) Each FM digital notification must also include the following information:

(1) A certification that the IBOC DAB facilities conform to the HD Radio emissions mask limits;

(2) FM digital effective radiated power used and certification that the FM analog effective radiated power remains as authorized;

(3) If applicable, the geographic coordinates, elevation data, and license

file number of the auxiliary antenna employed by an FM station as a separate digital antenna; and

(4) If applicable, for FM systems employing interleaved antenna bays, a certification that adequate filtering and/or isolation equipment has been installed to prevent spurious emissions in excess of the limits specified in § 73.317.

BILLING CODE 6712-01-P

FEDERAL MARITIME COMMISSION

Notice of Agreements Filed

The Commission hereby gives notice of the filing of the following agreement under the Shipping Act of 1984.

Interested parties may submit comments, relevant information, or documents regarding the agreements to the Secretary by email at Secretary@fmc.gov, or by mail, Federal Maritime Commission, Washington, DC 20573.

Comments will be most helpful to the Commission if received within 12 days of the date this notice appears in the **Federal Register**. Copies of agreements are available through the Commission’s website (www.fmc.gov) or by contacting the Office of Agreements at (202)–523–5793 or tradeanalysis@fmc.gov.

Agreement No.: 201353.

Agreement Name: THE Alliance/ Evergreen Vessel Sharing Agreement.

Parties: Hapag Lloyd AG; HMM Company Limited; Ocean Network Express Pte. Ltd.; Yang Ming Marine Transport Corp., Yang Ming (UK) Ltd., and Yang Ming (Singapore) Pte. Ltd. (acting as a single party); and Evergreen Marine Corporation (Taiwan) Ltd.

Filing Party: Joshua Stein; Cozen O’Connor.

Synopsis: The Agreement authorizes the Parties to jointly operate a service in the trade between Asia, Panama, and the U.S. Gulf Coast.

Proposed Effective Date: 3/15/2021.

Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/39502>.

Agreement No.: 201251–003.

Agreement Name: Hapag-Lloyd/ Maersk Slot Exchange Agreement.

Parties: Hapag-Lloyd AG and Maersk A/S.

Filing Party: Wayne Rohde; Cozen O’Connor.

Synopsis: The amendment updates the name of Maersk and revises Article 5.1 to reflect changes in the amount of

space to be exchanged/chartered under the Agreement.

Proposed Effective Date: 3/21/2021.

Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/10190>.

Agreement No.: 201258–001.

Agreement Name: Maersk/Zim Gulf-ECSA Space Charter Agreement.

Parties: Maersk A/S and Zim Integrated Shipping Services Ltd.

Filing Party: Wayne Rohde; Cozen O’Connor.

Synopsis: The amendment updates the name of Maersk and revises Article 5.1(a) to reflect changes in the amount of space to be exchanged/chartered under the Agreement.

Proposed Effective Date: 3/21/2021.

Location: <https://www2.fmc.gov/FMC.Agreements.Web/Public/AgreementHistory/13183>.

Dated: February 5, 2021.

Rachel E. Dickon,

Secretary.

BILLING CODE 6730-02-P

FEDERAL RESERVE SYSTEM

Notice of Proposals To Engage in or To Acquire Companies Engaged in Permissible Nonbanking Activities

The companies listed in this notice have given notice under section 4 of the Bank Holding Company Act (12 U.S.C. 1843) (BHC Act) and Regulation Y, (12 CFR part 225) to engage de novo, or to acquire or control voting securities or assets of a company, including the companies listed below, that engages either directly or through a subsidiary or other company, in a nonbanking activity that is listed in § 225.28 of Regulation Y (12 CFR 225.28) or that the Board has determined by Order to be closely related to banking and permissible for bank holding companies. Unless otherwise noted, these activities will be conducted throughout the United States.

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board’s Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the question whether the proposal complies
