Title of Collection: 2022 School Survey on Crime and Safety (SSOCS:2022).

OMB Control Number: 1850-0761.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 11,623.

Total Estimated Number of Annual Burden Hours: 4,907.

Abstract: The School Survey on Crime and Safety (SSOCS) is a nationally representative survey of elementary and secondary school principals that serves as the primary source of school-level data on crime and safety in public schools, and was conducted in 2000, 2004, 2006, 2008, 2010, 2016, 2018, and 2020 (OMB #1850-0761). Four years separated the first two collections of SSOCS to allow for sufficient time to study the results of the first survey and to allow for necessary redesign work; the next three collections were conducted at 2-year intervals. Due to a reorganization of the sponsoring agency (the Office of Safe and Drug-Free Schools) and funding issues, the 2012 administration of SSOCS, although approved by OMB, was not fielded. With new funding available through the National Institute of Justice (NIJ), SSOCS was conducted again in the spring of the 2015-16 school year. With continued dedicated funding, SSOCS has resumed collection on a biennial basis, with collections during the spring of the 2017-18 and the 2019-20 school years, and the next planned collection during the spring of the 2021-22 school year. SSOCS is a survey of public schools covering the topic of school crime and violence and is designed to produce nationally representative data on public schools. Historically, it has been conducted by mail, with telephone and email follow-up; however, as an experiment, an internet version was fielded during the SSOCS:2018 administration. For SSOCS:2020, the internet version was initially offered to all respondents, with the paper version sent via mail as a follow-up, and the same methodology will be used for SSOCS:2022. The respondent is the school principal, or a member of the school staff designated by the principal as the person "the most knowledgeable about school crime and policies to provide a safe environment."

The 2022 survey is being funded by the U.S. Department of Education's Office of Safe and Supportive Schools (previously known as the Office of Safe and Healthy Students) and conducted
