INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled Certain Semiconductor Devices, Wireless Infrastructure Equipment Containing the Same, and Components Thereof, DN 3532; the Commission is soliciting comments on any public interest issues raised by the complaint or complainant’s filing pursuant to the Commission’s Rules of Practice and Procedure.

The proposed modification seeks to make changes to the Consent Decree entered by the Court on December 22, 2016 that required the City of Palmer (City) to implement various upgrades to its wastewater treatment plant (WWTP) to enable the City to comply with its National Pollutant Discharge Elimination System permit issued under the Clean Water Act, 33 U.S.C. 1342. Among these upgrades, the Consent Decree required that by August 31, 2020 the City install and operate secondary clarifiers which are basins specifically designed to provide effective gravity separation of settleable and suspended solids in biologically treated wastewater. See Consent Decree ¶ 11.d. The proposed modification extends this deadline until July 1, 2022 and requires that in the interim City undertake certain alternative measures that may enable it to meet its permit limits without the clarifiers.

The publication of this notice opens a period for public comment on the proposed modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division and should refer to United States and State of Alaska v. City of Palmer, D.J. Ref. No. 90–5–1–1–11214. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
