SUPPLEMENTARY INFORMATION: The Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”) on October 9, 2019, based on a complaint filed by SK Innovation Co., Ltd. of Seoul, Republic of Korea and SK Battery America, Inc. of Atlanta, Georgia (collectively, “SK”). 84 FR 54173–74 (Oct. 9, 2019). The complaint alleges a violation of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States of certain integrated circuits and products containing the same by reason of infringement of claims 1–36 of the ’994 patent. The complaint named as respondents LG Chem, Ltd. of Seoul, Republic of Korea, and LG Chem Michigan, Inc. of Holland, Michigan (collectively, “LG”). The Commission’s Office of Unfair Import Investigations (“OUII”) also named as a party. Subsequently, the investigation was terminated in part based on withdrawal of the complaint as to claims 9, 17, 26, 27, and 35 of the ’994 patent. Order No. 23 (March 25, 2020), unreviewed by Notice (Apr. 22, 2020). Further, the Commission determined that the economic prong of the domestic industry is satisfied. Order No. 51 (Dec. 14, 2020), reviewed, and on review, affirmed with modified reasoning by Notice (Jan. 14, 2021).

On January 4, 2021, SK filed a corrected motion for leave to amend the complaint and notice of investigation to reflect a reorganization of respondent LG Chem, Ltd. (“LGC”) in which (i) certain business functions were transferred to a newly created subsidiary named LG Energy Solution, Ltd., and (ii) respondent LG Chem Michigan Inc. was renamed LG Energy Solution Michigan. Inc. SK also moved to terminate the investigation in part with respect to claims 1, 2, 4, 7, 10–14, 16, 18, 21, 23, 28, 29–32, 34, and 36 of the ’994 patent based on withdrawal of the allegations in the complaint as to those claims. Respondents did not oppose the motion. Mot. at 3. On January 6, 2021, OUII advised the presiding CALJ that it does not object to the motion and will not be filing a response.

On January 11, 2021, the CALJ issued the subject ID granting SK’s motion pursuant to Commission Rules 210.14(b) and 210.21(a)(1), 19 CFR 210.14(b), 210.21(a)(1). The ID finds that good cause exists for amending the complaint and notice of investigation due to the recent change in corporate structure. ID at 2. The ID finds that amending the complaint and notice of investigation to reflect LGC’s recent corporate reorganization will aid in the development of this investigation and serve the public interest by apprising the public of the correct entities involved. The ID finds that the proposed amendments do not unnecessarily prejudice the public interest or the rights of the parties to the investigation. The ID further finds that no extraordinary circumstances exist that would prevent the requested partial termination of this investigation. Id. at 4. No party petitioned for review of the ID.

The Commission has determined not to review the subject ID. Claims 1, 2, 4, 7, 10–14, 16, 18, 21, 23, 28, 29–32, 34, and 36 of the ’994 patent are terminated from this investigation.

The Commission vote for this determination took place on February 8, 2021.

By order of the Commission.

Issued: February 8, 2021.

Lisa Barton,
Secretary to the Commission.
