SUMMARY: The Federal Emergency Management Agency (FEMA) Technical Mapping Advisory Council (TMAC) will hold a virtual meeting on Monday, March 1, 2021, and Tuesday, March 2, 2021. The meeting will be open to the public via a Zoom Video Communications link.

DATES: The TMAC will meet on Monday, March 1, 2021, and Tuesday, March 2, 2021 from 10 a.m. to 4 p.m. Eastern Time (ET). Please note that the meeting will close early if the TMAC has completed its business.

ADDRESSES: The meeting will be held virtually using the following Zoom Video Communications link (https://fema.zoomgov.com/u/16195624614) and password (875873) to share meeting visuals and audio. Audio is also accessible using a Zoom call in number (1–669–254–5252) along with the Meeting Identification (16195624614) and password. Members of the public who wish to attend the virtual meeting must register in advance by sending an email to FEMA-TMAC@fema.dhs.gov (Attention: Brian Koper) by 5 p.m. ET on Friday, February 26, 2021. For information on services for individuals with disabilities or to request special assistance at the meeting, contact the individual listed below to register as a speaker by close of business on Friday, February 26, 2021.

In accordance with the Biggert-Waters Flood Insurance Reform Act of 2012, the TMAC makes recommendations to the FEMA Administrator on: (1) How to improve, in a cost-effective manner, the accuracy, general quality, ease of use, and distribution and dissemination of flood insurance rate maps and risk data; and (b) performance metrics and milestones required to effectively and efficiently map flood risk areas in the United States; (2) mapping standards and guidelines for (a) flood insurance rate maps, and (b) data accuracy, data quality, data currency, and data eligibility; (3) how to maintain, on an ongoing basis, flood insurance rate maps and flood risk identification; (4) procedures for delegating mapping activities to State and local mapping partners; and (5) methods for improving interagency and intergovernmental coordination on flood mapping and flood risk determination, and (b) a funding strategy to leverage and coordinate budgets and expenditures across Federal agencies. Furthermore, the TMAC is required to submit an annual report to the FEMA Administrator that contains: (1) A description of the activities of the Council; (2) an evaluation of the status and performance of flood insurance rate maps and mapping activities to revise and update Flood Insurance Rate Maps; and (3) a summary of recommendations made by the Council to the FEMA Administrator.

Agenda: The purpose of this meeting is for the TMAC members to hold a vote to submit the final report to the FEMA Administrator, introduce 2021 TMAC tasks, and vote to appoint a new chair for 2021. Any related materials will be posted to the FEMA TMAC site prior to the meeting to provide the public an opportunity to review the materials. The full agenda and related meeting materials will be posted for review by Friday, February 26, 2021 at https://www.fema.gov/flood-maps/guidance-partners/technical-mapping-advisory-council.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Approval From OMB of One Current Public Collection of Information: Screening Partnership Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0064, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves an application completed by airport operators desiring to opt-out of passenger and baggage security screening performed by federal employees, preferring a qualified private
The application process is the initial notification to TSA of an airport operator’s desire to opt-out of the security screening provided by TSA Federal employees. The SPP application collects the following from each airport operator seeking to participate in SPP:

- Basic airport information: Airport name, FAA identifier, and airport operating authority.
- Authorized Requestor information: Name, position, primary and alternate phone number, mailing address, and email address.
- An indication of whether or not the airport authority desires to provide its own private security screening services.
- A recommendation on which private screening company should perform the screening function and the basis for the recommendation.
- Information on any major activities scheduled to occur at the airport within the next 18 months that could impact the transition from Federal screening to private screening (for example, major construction).
- Optional information may be provided to support the consideration of their application.

TSA will acknowledge receipt of the application, review for completeness, and provide an official response within 120 days from the date of acknowledgement. The application contains no personally identifiable information, sensitive security information, or classified information, so no special handling or protection is required.

TSA currently has a screening presence at approximately 450 airports, of which 22 airports are participating in SPP. The annual burden for the information collection related to SPP is estimated to be 30 minutes (0.5 hours). While TSA estimates that only two airport operators will respond annually, it is presumed that ten or more airport operators could respond. The agency estimates that each respondent airport operator will spend approximately one-half hour (0.50 hours). TSA does not require the airport operators to maintain records of the application submission. However, if the airport operator chooses to do so, the burden associated with this action is anticipated to be minimal.

Christina A. Walsh,
TSA Paperwork Reduction Act Officer, Information Technology.
