Period of Investigation

The period of investigation is January 1, 2019, through December 31, 2019.

Scope of the Investigation

The products covered by this investigation are phosphate fertilizers from Morocco. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

No interested party commented on the scope of the investigation as it appeared in the *Preliminary Determination*. Therefore, no changes were made to the scope of the investigation.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation and the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties and addressed in the Issues and Decision Memorandum, see Appendix II to this notice.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁵ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify

⁵ See Commerce’s Letters, “Supplemental Questionnaire in Lieu of On-Site Verification,” dated December 17, 2020; see also OCP’s Letter, “Response to Questionnaire in Lieu of On-Site Verification,” dated December 30, 2020; and the GOM’s Letter, “In Lieu of On-Site Verification Questionnaire Response of the Government of the Kingdom of Morocco,” dated December 29, 2020.

the information relied upon in making this final determination, in accordance with section 782(i) of the Act.⁶

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from parties, we made certain changes to OCP S.A.'s subsidy rate calculations. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Determination

Commerce determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate <i>ad valorem</i> (percent)
OCP S.A. ⁶	19.97
All Others	19.97

All-Others Rate

We continue to calculate the all-others rate using the estimated weighted-average subsidy rate calculated for OCP S.A., the only individually examined exporter/producer in this investigation, pursuant to section 705(c)(5)(A)(i) of the Act.

Disclosure

Commerce intends to disclose to interested parties the calculations and analysis performed in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of the publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

As a result of our *Preliminary Determination*, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, we instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after November 30, 2020, the date of publication of the *Preliminary Determination* in the **Federal Register**.

As a result of the *Amended Preliminary Determination*, the amended rates for OCP and all others resulted in decreased cash deposits,

which were applied retroactively to November 30, 2020, the date of publication of the *Preliminary Determination*.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a CVD order and require a cash deposit of estimated countervailing duties for entries of subject merchandise in the amounts indicated above, in accordance with section 706(a) of the Act. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, Commerce will notify the ITC of its final affirmative determination that countervailable subsidies are being provided to producers and exporters of phosphate fertilizers from Morocco. As Commerce's final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured or threatened with material injury. In addition, we are making available to the ITC all non-privileged and nonproprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance.

Notification Regarding APO

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: February 8, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is phosphate fertilizers in all physical forms (*i.e.*, solid or liquid form), with or without coating or additives such as anti-caking agents. Phosphate fertilizers in solid form are covered whether granular, prilled (*i.e.*, pelletized), or in other solid form (*e.g.*, powdered).

The covered merchandise includes phosphate fertilizers in the following forms: Ammonium dihydrogenorthophosphate or monoammonium phosphate (MAP), chemical formula $\text{NH}_4\text{H}_2\text{PO}_4$; diammonium hydrogenorthophosphate or diammonium phosphate (DAP), chemical formula $(\text{NH}_4)_2\text{HPO}_4$; normal superphosphate (NSP), also known as ordinary superphosphate or single superphosphate, chemical formula $\text{Ca}(\text{H}_2\text{PO}_4)_2\text{CaSO}_4$; concentrated superphosphate, also known as double, treble, or triple superphosphate (TSP), chemical formula $\text{Ca}(\text{H}_2\text{PO}_4)_2\text{H}_2\text{O}$; and proprietary formulations of MAP, DAP, NSP, and TSP.

The covered merchandise also includes other fertilizer formulations incorporating phosphorous and non-phosphorous plant nutrient components, whether chemically-bonded, granulated (*e.g.*, when multiple components are incorporated into granules through, *e.g.*, a slurry process), or compounded (*e.g.*, when multiple components are compacted together under high pressure), including nitrogen, phosphate, sulfur (NPS) fertilizers, nitrogen, phosphorous, potassium (NPK) fertilizers, nitric phosphate (also known as nitrophosphate) fertilizers, ammoniated superphosphate fertilizers, and proprietary formulations thereof that may or may not include other nonphosphorous plant nutrient components. For phosphate fertilizers that contain non-phosphorous plant nutrient components, such as nitrogen, potassium, sulfur, zinc, or other non-phosphorous components, the entire article is covered, including the non-phosphorous content, provided that the phosphorous content (measured by available diphosphorous pentoxide, chemical formula P_2O_5) is at least 5% by actual weight.

Phosphate fertilizers that are otherwise subject to this investigation are included when commingled (*i.e.*, mixed or blended) with phosphate fertilizers from sources not subject to this investigation. Phosphate fertilizers that are otherwise subject to this investigation are included when commingled with substances other than phosphate fertilizers subject to this investigation (*e.g.*, granules containing only non-phosphate fertilizers such as potash or urea). Only the subject component of such commingled products is covered by the scope of this investigation. The following products are specifically excluded from the scope of this investigation:

⁶ Commerce has found the following companies to be cross-owned with OCP S.A.: Jorf Fertilizers Company I, Jorf Fertilizers Company II, Jorf Fertilizers Company III, Jorf Fertilizers Company IV, Jorf Fertilizers Company V, and Maroc Phosphore.

(1) ABC dry chemical powder preparations for fire extinguishers containing MAP or DAP in powdered form;

(2) industrial or technical grade MAP in white crystalline form with available P₂O₅ content of at least 60% by actual weight;

(3) industrial or technical grade diammonium phosphate in white crystalline form with available P₂O₅ content of at least 50% by actual weight;

(4) liquid ammonium polyphosphate fertilizers;

(5) dicalcium phosphate, chemical formula CaHPO₄;

(6) monocalcium phosphate, chemical formula CaH₄P₂O₈;

(7) trisodium phosphate, chemical formula Na₃PO₄;

(8) sodium tripolyphosphate, chemical formula Na₅P₃O₁₀;

(9) prepared baking powders containing sodium bicarbonate and any form of phosphate;

(10) animal or vegetable fertilizers not containing phosphate fertilizers otherwise covered by the scope of this investigation;

(11) phosphoric acid, chemical formula H₃PO₄.

The Chemical Abstracts Service (CAS) numbers for covered phosphate fertilizers include, but are not limited to: 7722-76-1 (MAP); 7783-28-0 (DAP); and 65996-95-4 (TSP). The covered products may also be identified by Nitrogen-Phosphate-Potash composition, including but not limited to: NP 11-52-0 (MAP); NP 18-46-0 (DAP); and NP 0-46-0 (TSP).

The covered merchandise is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3103.11.0000; 3103.19.0000; 3105.20.0000; 3105.30.0000; 3105.40.0010; 3105.40.0050; 3105.51.0000; and 3105.59.0000. Phosphate fertilizers subject to this investigation may also enter under subheadings 3103.90.0010, 3105.10.0000, 3105.60.0000, 3105.90.0010, and 3105.90.0050. Although the HTSUS subheadings and CAS registry numbers are provided for convenience and customs purposes, the written description of the scope is dispositive.

Wood Mouldings and Millwork Products From the People's Republic of China: Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on the affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing its countervailing duty order on wood mouldings and millwork products (millwork products) from the People's Republic of China (China).

DATES: Applicable February 16, 2021.

FOR FURTHER INFORMATION CONTACT: Irene Gorelik or Faris Montgomery, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6905 or (202) 482-1537, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 4, 2021, Commerce published its *Final Determination* in the countervailing duty investigation of millwork products from China.¹ On February 10, 2021, the ITC notified Commerce of its final determination, pursuant to sections 705(b)(1)(A)(i) and 705(d) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of subsidized imports of millwork products from China.²

Scope of the Order

The products covered by this order are millwork products from China. For a full description of the scope of this order, see the appendix to this notice.

Countervailing Duty Order

On February 10, 2021, in accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC notified Commerce of its final determination in this investigation, in which it found that an industry in the United States is materially injured by reason of
