This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Randolph-Sheppard Financial Relief and Restoration Payments Appropriation.

OMB Control Number: 1820–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Federal Government.

Total Estimated Number of Annual Responses: 51.

Total Estimated Number of Annual Burden Hours: 51.

Abstract: This is an emergency clearance of a new information collection resulting from enactment of the Consolidated Appropriations Act of 2021, Division H, Title III, Section 318. This provision authorized the Secretary of Education to allot \$20,000,000 for one-time financial relief and restoration grants consistent with the purposes of the Randolph-Sheppard Act as authorized under section 10 of such Act (20 U.S.C. 107f). Prior to this legislation, Congress has not appropriated such funds concerning the Randolph-Sheppard Vending Facility Program, as such the Department is seeking this data collection in order to meet its obligation to ensure that Federal funds are being used for their prescribed purposes.

Additional Information: An emergency clearance approval for the use of the system is described below due to the following conditions: If this emergency collection is not approved,

ED will be unable to provide the timely awards to SLAs who, in turn, will not be able to provide the financial relief and restoration payments to blind vendors for their losses incurred in 2020 that was mandated by section 318 in a timely manner.

Dated: February 9, 2021.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer.
