POSTAL REGULATORY COMMISSION

[Docket No. PI2020-1; Order No. 5832]

Public Inquiry

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission, in response to a motion by the Postal Service, notices its filing of a detailed explanation of its current Universal Service Obligation (USO) valuation methodology, including workpapers showing the calculations underlying the Commission's most recent USO valuation. The Commission has determined that providing the documentation of its current monopoly valuation methodology, including supporting workpapers, would be equally valuable to interested persons seeking to comment in this docket. This document informs the public of this proceeding and the technical

conference, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* March 26, 2021.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION: In Docket No. PI2021-1 and in response to a motion by the Postal Service, the Commission notices its filing of a detailed explanation of its current Universal Service Obligation (USO) valuation methodology, including workpapers showing the calculations underlying the Commission's most recent USO valuation.¹ The Commission has determined that providing the documentation of its current monopoly valuation methodology, including supporting workpapers, would be equally valuable to interested persons seeking to comment in this docket. Library Reference PRC-LR-PI2020-1-NP1 (filed under seal) consists of the SAS programs, datasets, input workbooks and output files used to develop the FY 2018 and FY 2019 postal and mailbox monopolies estimates.² In addition, the Library Reference includes a Word document describing these files, processing instructions and their use, as well as the various output files produced.

As such, the Commission is providing public notice of filing its Analysis of the Value of the Postal and Mailbox Monopolies (Library Reference PRC-LR-PI2020-1-NP1).

¹ Docket No. PI2021-1, Order Granting Motion to Disclose Methodological Information and to Adjust Procedural Schedule, January 21, 2021 (Order No. 5821).

² The mailbox monopoly is the Postal Service's exclusive right to deliver to and collect from mailboxes. The letter monopoly is the Postal Service's exclusive right to carry and deliver most addressed, paper-based correspondence. The combined letter and mailbox monopolies are together referred to as the postal monopoly. Subtracting the value of the mailbox monopoly from the value of the postal monopoly does not yield the value of the letter monopoly because there is overlap in the contestable mail and a different frequency of delivery by the competitor. Without access to mailboxes, it is unlikely that the competitor could successfully capture mail directed to a specific person or address because those pieces are delivered to and collected from mailboxes. Therefore, a separate estimate of the value of the letter monopoly alone (retaining the mailbox monopoly) is not calculated.
