

furtherance of the purposes of the Act. SPX market makers frequently serve as contra parties to crossing transactions on the trading floor. For example, during February 2020 (when the trading floor was open), approximately 76% of SPX orders crossed on the trading floor (consisting of 2,944,161 contracts) included an order of an SPX market maker one side of the transaction.<sup>39</sup> Cboe states that this demonstrates the importance of appointed SPX market makers to the provision of liquidity in the SPX market with respect to crossing transactions, which liquidity would not be available to initiate electronic crossing transactions under the current AIM rule.<sup>40</sup> Thus, the proposed rule change will further align open outcry and electronic crossing auctions in SPX and provide execution and price improvement opportunities in both auctions by permitting all market participants, not just Cboe SPX market makers, to be solicited to participate in AIM transactions.

Moreover, because the Exchange's rules no longer restrict the group of participants that may provide responses to AIM auctions,<sup>41</sup> there are a number of appointed SPX market makers on the Exchange that would remain eligible to provide competitive responses to AIM auctions.<sup>42</sup> According to the Exchange, there are currently 28 trading permit holders with SPX appointments that would be available to participate in AIM auctions through both contra orders and auction responses.<sup>43</sup> Further, the proposal would allow for an increased number of participants to provide the contra-side interest necessary to initiate a competitive AIM auction, particularly in an exclusively-listed class such as SPX where away market makers are unavailable to provide such interest. The Exchange's data demonstrated that during the temporary period, SPX market makers executed approximately 31% of SPX volume executed through AIM auctions with auction responses.<sup>44</sup>

Accordingly, the Commission finds that the proposed rule change, as modified by Amendment Nos. 1 and 2, is consistent with the requirements of the Act.

#### IV. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>45</sup> that the proposed rule change, as modified by

Amendment Nos. 1 and 2 (SR-CBOE-2020-050), be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>46</sup>

## SURFACE TRANSPORTATION BOARD

[Docket No. FD 36481]

### Sonoma-Marín Area Rail Transit District—Acquisition and Operation Exemption—North Coast Railroad Authority

Sonoma-Marín Area Rail Transit District (SMART), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire from North Coast Railroad Authority (NCRA) and operate approximately 87.65 miles of rail line (the Line), consisting of: (1) The line of railroad and right-of-way in fee between the Sonoma-Mendocino County, Cal., border at NWP milepost 89 and Healdsburg, Cal., at NWP milepost 68.2; and (2) the freight rail operating easement between Healdsburg, at NWP milepost 68.2 and Lombard, Cal., at SP milepost 63.4.<sup>1</sup>

The verified notice states that SMART and NCRA have executed an agreement pursuant to which SMART will acquire the Line from NCRA, and that SMART will become the freight operator of the Line, using a noncarrier contract operator.

SMART certifies that its projected annual revenues as a result of this transaction will not exceed \$5 million or the threshold required to qualify as a Class III carrier. SMART also certifies that the proposed acquisition and operation of the Line does not involve a provision or agreement that may limit future interchange with a third-party connecting carrier.

The transaction may be consummated on or after March 4, 2021, the effective date of the exemption (30 days after the verified notice was filed).

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of

<sup>46</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> The verified notice states that SMART owns the segment of the Line between Healdsburg and Lombard, subject to an easement for freight rail service over the segment, and that, through this verified notice, SMART will acquire the freight rail easement. See *Sonoma-Marín Area Rail Transit Dist.—Acquis. Exemption—Nw. Pac. R.R. Auth.*, FD 34400 (STB served Mar. 10, 2004).

a petition to revoke will not automatically stay the transaction. Petitions for stay must be filed no later than February 25, 2021 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36481, should be filed with the Surface Transportation Board via e-filing on the Board's website. In addition, a copy of each pleading must be served on SMART's representative, Kevin M. Sheys, Hogan Lovells US LLP, Columbia Square, 555 Thirteenth St. NW, Washington, DC 20004.

According to SMART, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at [www.stb.gov](http://www.stb.gov).

Decided: February 12, 2021.

By the Board, Allison C. Davis, Director, Office of Proceedings.

#### I. Report Summary

The agencies propose to extend for three years, with revision, the FFIEC 031, FFIEC 041, and FFIEC 051 Call Reports.

**Report Title:** Consolidated Reports of Condition and Income.

**Form Number:** FFIEC 031 (Consolidated Reports of Condition and Income for a Bank with Domestic and Foreign Offices), FFIEC 041 (Consolidated Reports of Condition and

Income for a Bank with Domestic Offices Only), and FFIEC 051 (Consolidated Reports of Condition and Income for a Bank with Domestic Offices Only and Total Assets Less Than \$5 Billion).

*Frequency of Response:* Quarterly.

*Affected Public:* Business or other for-profit.

*Type of Review:* Revision and extension of currently approved collections.

#### OCC

*OMB Control No.:* 1557–0081.

*Estimated Number of Respondents:* 1,111 national banks and federal savings associations.

*Estimated Average Burden per Response:* 41.92 burden hours per quarter to file.

*Estimated Total Annual Burden:* 186,292 burden hours to file.

#### Board

*OMB Control No.:* 7100–0036.

*Estimated Number of Respondents:* 739 state member banks.

*Estimated Average Burden per Response:* 45.40 burden hours per quarter to file.

*Estimated Total Annual Burden:* 134,202 burden hours to file.

#### FDIC

*OMB Control No.:* 3064–0052.

*Estimated Number of Respondents:* 3,263 insured state nonmember banks and state savings associations.

*Estimated Average Burden per Response:* 39.96 burden hours per quarter to file.

*Estimated Total Annual Burden:* 521,558 burden hours to file.

The estimated average burden hours collectively reflect the estimates for the FFIEC 031, the FFIEC 041, and the FFIEC 051 reports for each agency. When the estimates are calculated by type of report across the agencies, the estimated average burden hours per quarter are 85.81 (FFIEC 031), 55.20 (FFIEC 041), and 35.27 (FFIEC 051). The agencies believe the change to the measurement date for the total asset thresholds used to determine additional reporting requirements for report dates in 2021 only described in this notice will not result in a change in the burden estimates currently approved by OMB. These estimates do not include increases in burden for report dates in 2021 that would have resulted from institutions growing above asset thresholds within the Call Report because these institutions would now be afforded threshold relief. Instead, the agencies periodically reevaluate their burden estimates based on the data

items that are regularly completed by institutions. Therefore, the burden estimates for these reports would remain the same if these revisions are finalized. The estimated burden per response for the quarterly filings of the Call Report is an average that varies by agency because of differences in the composition of the institutions under each agency's supervision (e.g., size distribution of institutions, types of activities in which they are engaged, and existence of foreign offices).

*Type of Review:* Extension and revision of currently approved collections.

#### Legal Basis and Need for Collections

The Call Report information collections are mandatory: 12 U.S.C. 161 (national banks), 12 U.S.C. 324 (state member banks), 12 U.S.C. 1817 (insured state nonmember commercial and savings banks), and 12 U.S.C. 1464 (federal and state savings associations). At present, except for selected data items and text, these information collections are not given confidential treatment.

Banks and savings associations submit Call Report data to the agencies each quarter for the agencies' use in monitoring the condition, performance, and risk profile of individual institutions and the industry as a whole. Call Report data serve a regulatory or public policy purpose by assisting the agencies in fulfilling their shared missions of ensuring the safety and soundness of financial institutions and the financial system and protecting consumer financial rights, as well as agency-specific missions affecting national and state-chartered institutions, such as conducting monetary policy, ensuring financial stability, and administering federal deposit insurance. Call Reports are the source of the most current statistical data available for identifying areas of focus for on-site and off-site examinations. Among other purposes, the agencies use Call Report data in evaluating institutions' corporate applications, including interstate merger and acquisition applications for which the agencies are required by law to determine whether the resulting institution would control more than 10 percent of the total amount of deposits of insured depository institutions in the United States. Call Report data also are used to calculate institutions' deposit insurance assessments and national banks' and federal savings associations' semiannual assessment fees.

## II. Current Actions

### A. Background

On November 30, 2020, the agencies proposed revisions to the Call Reports<sup>1</sup> to implement their assets-size threshold interim final rule (IFR).<sup>2</sup> The IFR adjusted the total asset measurement dates for eligibility to use the FFIEC 051 Call Report<sup>3</sup> and the community bank leverage ratio (CBLR) framework to measure regulatory capital.<sup>4</sup> In addition to reflecting these regulatory changes, the agencies proposed Call Report revisions to permit an institution to use the lesser of the total consolidated assets reported in its Call Report as of December 31, 2019, or June 30, 2020, when determining whether the institution has crossed a total asset threshold to report certain additional data items in its Call Reports for report dates in calendar year 2021.

The comment period for the November 2020 notice ended on January 29, 2021.

### B. Comments Received on the Proposed Call Report Revisions

The agencies received comments on these proposed Call Report revisions from one trade association. While the commenter supported the temporary change in measurement date for certain Call Report thresholds, the commenter asked the agencies to raise the eligibility threshold to file the FFIEC 051 from \$5 billion to \$10 billion in total assets.

The agencies have adopted rules establishing criteria for eligibility to use the FFIEC 051 Call Report.<sup>5</sup> The current FFIEC 051 Call Report instructions permit an institution to file the FFIEC 051 Call Report if it meets certain criteria consistent with those rules. One criterion, consistent with Section 205 of the *Economic Growth, Regulatory Relief, and Consumer Protection Act*, is that an institution must have total consolidated assets of less than \$5 billion in its Call Report as of June 30, 2020, when evaluating eligibility to use the FFIEC 051 Call Report for report dates in calendar year 2021. Due to rapid, short-term growth in assets by some institutions in 2020, which was in part driven by their participation in various coronavirus disease 2019 related relief programs, the agencies issued an IFR to temporarily adjust the total asset

<sup>2</sup> 85 FR 77345 (Dec. 2, 2020).

<sup>3</sup> See 12 CFR 52.2 (OCC); 12 CFR 208.121 (Board); 12 CFR 304.12 (FDIC).

<sup>4</sup> See 12 CFR 3.12 (OCC); 12 CFR 217.12 (Board); 12 CFR 324.12 (FDIC).

<sup>5</sup> See definition of covered depository institutions. 12 CFR 52.2 (OCC); 12 CFR 208.121 (Board); 12 CFR 304.12 (FDIC).

measurement dates for FFIEC 051 Call Report eligibility,<sup>6</sup> and the agencies proposed conforming changes to the Call Report instructions. However, the IFR did not modify the total consolidated assets FFIEC 051 eligibility criteria of less than \$5 billion contained in the rule's definition of covered depository institution. The agencies intend for the Call Report instructions to be consistent with the rule's definition of covered depository institutions.

In addition to the comments received on the proposed Call Report revisions, the agencies received comments on their IFR. In order to implement reporting changes related to the IFR so that they are effective for the March 31, 2021, Call Report, the agencies must publish this notice in advance of concluding their review of comments on the IFR. Therefore, if any potential changes to the IFR would affect the Call Report, the agencies would publish for comment any associated revisions to the Call Report through the standard PRA process, as appropriate.

After considering the comments, the agencies are proceeding with the changes to the Call Reports as proposed.

The agencies also received a question from a Call Report software provider seeking clarification of the total asset amounts reported and used in calculations related to certain qualifying eligibility criteria for the CBLR. Generally, the Call Report instructions direct an institution to report total assets as reported in Schedule RC, item 12, in Schedule RC-R, Part I, item 32, "Total assets," and use that total asset amount for other calculations in Schedule RC-R, Part I. An institution that is eligible for and elects to use the CBLR framework pursuant to the agencies' IFR would report the lesser of its total assets reported in Schedule RC, item 12, as of December 31, 2019, or as of the current quarter-end report date in Schedule RC-R, Part I, item 32. However, the agencies are clarifying that an institution should continue to use its total assets as reported in Schedule RC, item 12, as of the current quarter-end report date when reporting other qualifying criteria for the CBLR framework, *i.e.*, the sum of trading assets and trading liabilities as a percentage of total assets in Schedule RC-R, item 33, column B, and total off-balance sheet exposures as a percentage of total assets in Schedule RC-R, Part I, item 34.d, column B.

<sup>6</sup> An institution must still meet the other criteria for eligibility for the FFIEC 051 in the Call Report instructions.

### III. Timing

As stated in the November 2020 notice, the agencies propose to permit an institution to use the lesser of the total consolidated assets reported in its Call Report as of December 31, 2019, or June 30, 2020, when determining its eligibility to file the FFIEC 051 Call Report and whether the institution has crossed a total asset threshold that requires the reporting of certain additional data items in its Call Reports (FFIEC 031, FFIEC 041, or FFIEC 051, as applicable) for report dates in calendar year 2021. The agencies are proposing this relief for calendar year 2021 only.

In addition, for report dates after the effective date of the agencies' asset thresholds rule through December 31, 2021, institutions that elect to use the CBLR framework would report CBLR information in Call Report Schedule RC-R, Part I, as reflected in the Call Report instruction book, except that item 32 (Total assets) on that schedule should reflect the lesser of the institution's total assets as of December 31, 2019, or as of the current quarter-end report date and other qualifying criteria reported on that schedule based on percentages of total assets should use the total assets as of the current quarter-end report date.

### IV. Request for Comment

Public comment is requested on all aspects of this joint notice. Comment is specifically invited on:

(a) Whether the proposed revisions to the collections of information that are the subject of this notice are necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

(b) The accuracy of the agencies' estimates of the burden of the information collections as they are proposed to be revised, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this joint notice will be shared among the agencies.
