II. Method of Collection

Depending on the permit being requested, an application, reports, and telephone calls may be required from applicants. Applications and reports can be submitted via email, fax, or traditional mail. Applicants are encouraged to use electronic means to apply for permits and submit reports whenever possible.

III. Data

OMB Control Number: 0648–0141.
Form Number(s): None.
Type of Review: Regular submission (revision and extension of a currently approved information collection).
Affected Public: Business or other for-profit organizations; individuals or households; not-for-profit institutions; Federal government; state, local, or tribal government.
Estimated Number of Respondents: 419.
Estimated Time per Response:
- General permits, 1 hour and 30 minutes; special use permits, 8 hours; historical resources permits, 13 hours; baitfish permits, 5 minutes; permit amendments and certifications, 30 minutes; voluntary registrations, 15 minutes; appeals, 24 hours; Tortugas access permits, 6 minutes.
- Estimated Total Annual Burden Hours: 2,047.
- Estimated Total Annual Cost to Public: $1,095.00 in recordkeeping/reporting costs.
- Respondent’s Obligation: Required to obtain or retain benefits.
Legal Authority: 16 U.S.C. 1431 et seq.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,
Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

III. I. Abstract

The NMFS Southeast Region manages the U.S. fisheries in the exclusive economic zone of the Caribbean, Gulf of Mexico, and South Atlantic regions under multiple fishery management plans (FMPs). The regional fishery management councils prepare the FMPs pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). NMFS implements the regulations for the FMPs, which are located at 50 CFR part 622.

The recordkeeping and reporting regulations located at 50 CFR part 622 form the basis for the information collection requirements that are currently approved under OMB Control Number 0648–0358. NMFS proposes to extend the information collections under 0648–0358 without change. Regulations at 50 CFR part 622 require that all federally permitted fishing vessels be marked with the official identification number or some other form of identification. A vessel’s official number, under most regulations, must be displayed on the port and starboard sides of the deckhouse or hull, and on the weather deck. In addition, regulations for certain fisheries also require the display of the assigned color code for the vessel. The official number and color code identify each vessel and should be visible at distance from the sea and in the air. These markings provide law enforcement personnel with a means to monitor fishing, at-sea processing, and other related activities, as well as to ascertain whether the vessel’s observed activities are in accordance with those authorized for that vessel. The identifying official number is used by NMFS, the United States Coast Guard, and other marine agencies in issuing violations, prosecutions, and other enforcement actions. Vessels that are authorized for particular fisheries are readily identified, gear violations are more readily prosecuted, and this allows for more cost-effective enforcement.

In addition to vessel marking, requirements that fishing gear be marked are essential to facilitate enforcement. The ability to link fishing gear to the vessel owner is crucial to enforcement of regulations issued under the authority of the Magnuson-Stevens Act.
Act. The marking of fishing gear is also valuable in actions concerning damage, loss, and civil proceedings. The requirements imposed in the U.S. southeast region are for aquacultured live rock; golden crab traps; spiny lobster traps; black sea bass pots; Spanish mackerel gillnets; and buoy gear.

II. Method of Collection

Markings, such as numbers, are placed directly on fishing vessels and gear.

III. Data

OMB Control Number: 0648–0358.
Form Number(s): None.
Type of Review: Regular submission (extension of a current information collection).
Affected Public: Business or other for-profit organizations.
Estimated Number of Respondents: 7,825.
Estimated Time per Response: Vessel marking: 75 minutes. Gear marking: Aquacultured live rocks, 10 seconds each; golden crab traps, 2 minutes each; spiny lobster traps, 7 minutes each; sea bass pots, 16 minutes each; and Spanish mackerel gillnets, 20 minutes each; and buoy gear, 10 minutes each.
Estimated Total Annual Burden Hours: 51,070.
Estimated Total Annual Cost to Public: $673,277 in recordkeeping and reporting costs.
Respondent’s Obligation: Mandatory.
Legal Authority: Magnuson-Stevens Act, 16 U.S.C. 1801 et seq.

IV. Request for Comments

We are soliciting public comments to:
(a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this information collection request. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Shelleen Dumas,
Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

Patent and Trademark Office

Grant of Interim Extension of the Term of U.S. Patent No. 7,534,790; Vernakalant Hydrochloride

ACTION: Notice of interim patent term extension.

FOR FURTHER INFORMATION CONTACT: Raul Tamayo by telephone at 571–272–7728; by mail marked to his attention and addressed to the Commissioner for Patents, Mail Stop Hatch-Waxman PTE, P.O. Box 1450, Alexandria, VA 22313–1450; by fax marked to his attention at 571–273–7728; or by email to raul.tamayo@uspto.gov.

SUPPLEMENTARY INFORMATION: Section 156 of Title 35, United States Code, generally provides that the term of a patent may be extended for a period of up to five years if the patent claims a product, or a method of making or using a product, that has been subject to certain defined regulatory review, and that the patent may be extended for interim periods of up to one year if the regulatory review is anticipated to extend beyond the expiration date of the patent. On February 9, 2021, Correvo International Sàrl, the patent owner of record, timely filed an application under 35 U.S.C. 156(d)(5) for a third interim extension of the term of U.S. Patent No. 7,534,790. The patent claims the human drug product vernakalant hydrochloride. The application for patent term extension indicates that New Drug Application (NDA) 22–034 was submitted to the Food and Drug Administration (FDA) on December 19, 2006.

Review of the patent term extension application indicates that, except for permission to market or use the product commercially, the subject patent would be eligible for an extension of the patent term under 35 U.S.C. 156, and that the patent should be extended for one year as required by 35 U.S.C. 156(d)(5)(B). Because the regulatory review period will continue beyond the twice-extended expiration date of the patent, March 31, 2021, interim extension of the patent term under 35 U.S.C. 156(d)(5) is appropriate.

An interim extension under 35 U.S.C. 156(d)(5) of the term of U.S. Patent No. 7,534,790 is granted for a period of one year from the extended expiration date of the patent.

Robert Bahr,
Deputy Commissioner for Patent Examination Policy, United States Patent and Trademark Office.

COMMODITY FUTURES TRADING COMMISSION

Global Markets Advisory Committee

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice of meeting.

SUMMARY: The Commodity Futures Trading Commission (CFTC) announces that on March 11, 2021, from 9:00 a.m. to 1:00 p.m. (Eastern Standard Time), the Global Markets Advisory Committee (GMAC) will hold a public meeting via teleconference. At this meeting, the GMAC will continue discussions on the impact of market volatility related to the coronavirus pandemic and recent effects on international central counterparties and the global clearing ecosystem; and hear presentations and provide dialogue on matters related to retail participation in the derivatives markets.

DATES: The meeting will be held on March 11, 2021, from 9:00 a.m. to 1:00 p.m. (Eastern Standard Time). Members of the public who wish to submit written statements in connection with the meeting should submit them by March 18, 2021.

ADDRESSES: The meeting will take place via teleconference. You may submit public comments, identified by “Global Markets Advisory Committee,” via the CFTC’s website, http://comments.cftc.gov. If you are unable to submit comments via the CFTC’s website, contact Andrée Goldsmith,
