Federal Register / Vol. 86, No. 34 / Tuesday, February 23, 2021 / Proposed Rules

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

II. Background, Purpose, and Legal Basis

The Captain of the Port Sector Ohio Valley (CDTP) proposes to update the current list of recurring special local regulations found in Table 1 of Title 33 of the Code of Federal Regulations (CFR) section 100.801 for events occurring within the Sector Ohio Valley area of responsibility within the Coast Guard’s Eighth District.

This proposed rule would update the list of annually recurring special local regulations under 33 CFR 100.801, Table 1, for annual special local regulations in the Sector Ohio Valley’s Area of Responsibility (AOR). The Coast Guard will address all comments through response via the rulemaking process, including additional revisions to this regulatory section. Additionally, the public would be informed of these recurring events through local means and planned by the local communities.

The current list of annual and recurring special local regulations occurring in Sector Ohio Valley’s AOR is published in 33 CFR 100.801, Table 1 titled “Ohio Valley Annual and Reoccurring Marine Events.” The most recent list was created June 8, 2020 via 85 FR 34994.

The Coast Guard’s authority for establishing a special local regulation is contained in 46 U.S.C. 70041(a). The Coast Guard proposes to amend and update the special local regulations in 33 CFR 100.801, Table 1, to include the most up to date list of recurring special local regulations for events held on or around the navigable waters within Sector Ohio Valley’s AOR. These events would include marine parades, boat races, swim events, and other marine related events. The current list under 33 CFR 100.801, Table 1, requires amendment to provide new information on existing special local regulations, add new special local regulations expected to recur annually or biannually, and to remove special local regulations that no longer occur. Issuing individual regulations for each new special local regulation, amendment, or removal of an existing special local regulation creates unnecessary administrative costs and burdens. This single proposed rulemaking will considerably reduce administrative overhead and provide the public with notice through publication in the Federal Register of recurring special local regulations in the AOR.

III. Discussion of Proposed Rule

Part 100 of 33 CFR. contains regulations describing regattas and marine parades conducted on U.S. navigable waters in order to ensure the safety of life in the regulated areas. Section 100.801 provides the regulations applicable to events taking place in the Eighth Coast Guard District and also provides a table listing each event and special local regulations. This

II. Background, Purpose, and Legal Basis

The Captain of the Port Sector Ohio Valley (CDTP) proposes to update the current list of recurring special local regulations found in Table 1 of Title 33 of the Code of Federal Regulations (CFR) section 100.801 for events occurring within the Sector Ohio Valley area of responsibility within the Coast Guard’s Eighth District.

This proposed rule would update the list of annually recurring special local regulations under 33 CFR 100.801, Table 1, for annual special local regulations in the Sector Ohio Valley’s Area of Responsibility (AOR). The Coast Guard will address all comments through response via the rulemaking process, including additional revisions to this regulatory section. Additionally, the public would be informed of these recurring events through local means and planned by the local communities.

The current list of annual and recurring special local regulations occurring in Sector Ohio Valley’s AOR is published in 33 CFR 100.801, Table 1 titled “Ohio Valley Annual and Reoccurring Marine Events.” The most recent list was created June 8, 2020 via 85 FR 34994.

The Coast Guard’s authority for establishing a special local regulation is contained in 46 U.S.C. 70041(a). The Coast Guard proposes to amend and update the special local regulations in 33 CFR 100.801, Table 1, to include the most up to date list of recurring special local regulations for events held on or around the navigable waters within Sector Ohio Valley’s AOR. These events would include marine parades, boat races, swim events, and other marine related events. The current list under 33 CFR 100.801, Table 1, requires amendment to provide new information on existing special local regulations, add new special local regulations expected to recur annually or biannually, and to remove special local regulations that no longer occur. Issuing individual regulations for each new special local regulation, amendment, or removal of an existing special local regulation creates unnecessary administrative costs and burdens. This single proposed rulemaking will considerably reduce administrative overhead and provide the public with notice through publication in the Federal Register of recurring special local regulations in the AOR.

III. Discussion of Proposed Rule

Part 100 of 33 CFR. contains regulations describing regattas and marine parades conducted on U.S. navigable waters in order to ensure the safety of life in the regulated areas. Section 100.801 provides the regulations applicable to events taking place in the Eighth Coast Guard District and also provides a table listing each event and special local regulations. This
