

FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is minimal. Since this is a routine matter that only affects air traffic procedures an air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Amendment of VOR Federal Airways V–12, V–74, and V–516 in the Vicinity of Anthony, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends VHF Omnidirectional Range (VOR) Federal airways V–12, V–74, and V–516, in the vicinity of Anthony, KS. The modifications are necessary due to the planned decommissioning of the VOR portion of the Anthony, KS, VOR/Tactical Air Navigation (VORTAC) navigation aid (NAVAID), which provides navigation guidance for portions of the affected VOR Federal airways. The Anthony VOR is being decommissioned as part of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Effective date 0901 UTC, April 22, 2021. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA–2020–0003 in the **Federal Register** (85 FR 3290; January 21, 2020), amending VOR Federal airways V–12, V–74, and V–516 in the vicinity of Anthony, KS, due to the planned decommissioning of the VOR portion of the Anthony, KS, VORTAC. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11E dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document will be subsequently published in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

The Rule

The FAA is amending 14 CFR part 71 by modifying VOR Federal airways V–12, V–74, and V–516. The planned decommissioning of the VOR portion of the Anthony, KS, VORTAC NAVAID has made this action necessary. The VOR Federal airway changes are outlined below.

V–12: V–12 extends between the Gaviota, CA, VORTAC and the

Shelbyville, IN, VOR/Distance Measuring Equipment (VOR/DME); and between the Allegheny, PA, VOR/DME and the Pottstown, PA, VORTAC. The airway segment between the Mitbee, OK, VORTAC and the Wichita, KS, VORTAC is removed. Additionally, the Amarillo, TX, VOR listed in the airway description is corrected to reflect the Panhandle, TX, VORTAC. The unaffected portions of the existing airway remain as charted.

V-74: V-74 extends between the Garden City, KS, VORTAC and the Magnolia, MS, VORTAC. The airway segment between the Dodge City, KS, VORTAC and the Pioneer, OK, VORTAC is removed. The unaffected portions of the existing airway remain as charted.

V-516: V-516 extends between the Liberal, KS, VORTAC and the Oswego, KS, VOR/DME. The airway segment between the Liberal, KS, VORTAC and the Pioneer, OK, VORTAC is removed. The unaffected portion of the existing airway remains as charted.

All radials listed in the VOR Federal airway descriptions below are unchanged and stated in True degrees.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of modifying VOR Federal airways V-12, V-74, and V-516, due to the planned decommissioning of the VOR portion of the Anthony, KS, VORTAC NAVAID, qualifies for categorical exclusion under the National Environmental Policy Act and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review

rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.
