

CFE believes that its proposed approach to amending the Appendix to Chapter 5 simplifies the CFE Rulebook by streamlining a lengthy portion of the Rulebook that contains twenty separate rules into one straightforward rule that reflects all of the same requirements that exist under the consolidated rules thereby making it easier for TPHs to reference these requirements within CFE's Rulebook because they will all be enumerated in a single rule.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,²³ in general, and furthers the objectives of Sections 6(b)(1)²⁴ and 6(b)(5)²⁵ in particular, in that it is designed:

- To enable the Exchange to enforce compliance by its TPHs and persons associated with its TPHs with the provisions of the rules of the Exchange,
 - to prevent fraudulent and manipulative acts and practices,
 - to promote just and equitable principles of trade,
 - to remove impediments to and perfect the mechanism of a free and open market and a national market system,
 - and in general, to protect investors and the public interest.

The proposed rule change retains within the CFE Rulebook rule provisions that address minimum financial requirements, financial reporting requirements, and protection of customer funds, including rules relating to appropriate minimum financial standards for intermediaries, the segregation of customer and proprietary funds, the custody of customer funds, the investment standards for customer funds, intermediary default procedures, and related recordkeeping as required by CFTC regulations, all in furtherance of TPH compliance with those rule provisions and their enforcement by the Exchange. In particular, the proposed rule change streamlines a lengthy portion of the Rulebook that contains twenty separate rules into one straightforward rule that reflects all of the same requirements that exist under the consolidated rules thereby making it easier for TPHs to reference those requirements within CFE's Rulebook because they will all be enumerated in a single rule. The Exchange believes that making it easier for TPHs to reference those requirements will contribute to

furthering compliance with those requirements by TPHs.

B. Self-Regulatory Organization's Statement on Burden on Competition

CFE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act, in that the Exchange believes that the proposed rule change will contribute to furthering compliance by TPHs with CFTC regulations relating to minimum financial requirements, financial reporting requirements, and protection of customer funds. The Exchange believes that the proposed rule change is equitable and not unfairly discriminatory in that it would apply equally to all TPHs subject to the relevant CFTC regulations.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change will become operative on February 11, 2021. At any time within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of Section 19(b)(1) of the Act.²⁶

notice is hereby given that on February 11, 2021, MIAX PEARL, LLC (“MIAX PEARL” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposed rule change to Exchange Rule 200(d) requiring membership in another national securities exchange or association.

The text of the proposed rule change is available on the Exchange’s website at <http://www.miaxoptions.com/rule-filings/pearl> at MIAX PEARL’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Exchange Rule 200(d) requiring membership in another national securities exchange or association. In sum, Exchange Rule 200(d) currently requires that Trading Permit³ holders be a member in another registered options exchange, other than the Exchange’s affiliates, the Miami International Securities Exchange, LLC (“MIAX”) or MIAX Emerald, LLC (“Emerald”), or the Financial Industry Regulatory Authority, Inc. (“FINRA”) where such other registered options exchange has not been designated by the Commission, pursuant to Rule 17d–1

³ The term “Trading Permit” means a permit issued by the Exchange that confers the ability to transact on the Exchange. See Exchange Rule 100.

under the Exchange Act, to examine Members for compliance with financial responsibility rules. Exchange Rule 200(d), therefore, does not allow a Trading Permit Holder that is not a FINRA member⁴ to satisfy this requirement by being a member of a registered equities exchange. The Exchange believes that requiring membership in another registered options exchange is unnecessarily too restrictive and is also not in line with similar membership requirements at other exchanges.⁵ Therefore, to enable more broker-dealers to become Trading Permit holders, the Exchange proposes to amend Exchange Rule 200(d) to require membership in a registered national securities exchange, rather than only registered options exchanges.⁶ Exchange Rule 200(d) will continue to require Trading Permit holders to be FINRA members where the registered national securities exchange that they maintain membership is not designated by the Commission to examine members for compliance with financial responsibility rules pursuant to Rule 17d–1 of the Exchange Act.⁷

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Section 6(b)(5),⁹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and

⁴ A Trading Permit Holder that does not transact business with the public is not required to become a FINRA member. Section 15(b)(8) of the Act that requires members that transact business with the public to be a member of FINRA. 15 U.S.C. 78o(b)(8).

⁵ See Cboe EDGX Exchange, Inc. (“EDGX”) Rule 2.5(a)(4), Cboe EDGA Exchange, Inc. (“EDGA”) Rule 2.5(a)(4), Cboe BZX Exchange, Inc. (“BZX”) Rule 2.5(a)(4), Cboe BYX Exchange, Inc. (“BYX”), collectively with EDGX, EDGA, and BZX, the “Cboe Equity Exchanges”) Rule 2.5(a)(4), MEMX LLC (“MEMX”) Rule 2.5(a)(4), Investors Exchange, Inc. (“IEX”) Rule 2.130(a), Long Term Stock Exchange, Inc. (“LTSE”) Rule 2.130 and BOX Exchange LLC (“BOX”) Rule 2020(a).

⁶ The Exchange also propose to include the phrase “or FINRA” at the end of Exchange Rule 200(d)’s title.

⁷ Rule 17d–1 of the Act authorizes the Commission to name a single Self-Regulatory Organization (“SRO”) as the Designated Examining Authority (“DEA”) to examine members of more than one SRO (“common member”) for compliance with the financial responsibility requirements imposed by the Exchange Act, or by Commission or SRO rules. 17 CFR 240.17d–1. The Exchange does not currently act as the DEA for any Trading Permit holder.

facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, protect investors and the public interest by expanding the number of registered brokers-dealers that would be eligible to become Trading Permit holders and trade on the Exchange, while maintaining high regulatory standards and a comprehensive regulatory regime with respect to such firms. Exchange Rule 200(d) was too restrictive by limiting membership in another registered national securities exchange to only registered options exchanges and, therefore, unnecessarily precluded broker-dealers who were members of a registered equities exchange from becoming Trading Permit holders. As mentioned above, Exchange Rule 200(d) will continue to require Trading Permit holders to be FINRA members where the registered national securities exchange that they maintain membership is not designated by the Commission to examine members for compliance with financial responsibility rules pursuant to Rule 17d–1 of the Exchange Act. This will ensure that those Trading Permit holders that are not FINRA members maintain membership at a registered options or equities exchange that may be designated as their DEA by the Commission. The proposed rule change would also contribute to perfecting the mechanism of a free and open market and a national market system, which outcomes are also consistent with the protection of investors and the public interest, by aligning the Exchange’s membership requirements more closely with those of other national securities exchanges.¹⁰

The proposed rule change would also not unfairly discriminate between or among market participants because both current and prospective Trading Permit holders would be subject to the rule. All Trading Permit holders would be regulated in the same manner by the Exchange should they be a member of another registered national options or equities exchange.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose

¹⁰ See supra note 5.

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to enhance competition by expanding the number of registered brokers-dealers that would be eligible to become Trading Permit holders and trade on the Exchange by aligning Exchange Rule 200(d) with that of other national securities exchanges.¹¹

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁴ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁵ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately. The Exchange states that waiver of the operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to immediately expand the number of registered broker-dealers that would be eligible to become Trading Permit holders on the Exchange and align its membership requirements more closely with those of other national securities

exchanges.¹⁶ For this reason, and because the proposal does not raise any novel regulatory issues, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.
