Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. Description of Request: On January 13, 2021, PacifiCorp (transferor) and the Klamath River Renewal Corporation (Renewal Corporation) and the States of California and Oregon (transferees) jointly filed an application to transfer the license for the Lower Klamath Project No. 14803 from PacifiCorp to the Renewal Corporation and the States of California and Oregon as co-licensees. PacifiCorp and the transferees jointly propose to transfer the license to Renewal Corporation and the States of California and Oregon for the purpose of surrendering, decommissioning, and removing the project dams, if approved separately by the Commission. The project includes four developments: J.C. Boyle, Copco No. 1, Copco No. 2, and Iron Gate.

On July 16, 2020, the Commission issued an order approving a partial transfer of the license for the project from PacifiCorp to PacifiCorp and the Renewal Corporation as co-licensees. PacifiCorp, 172 FERC ¶ 61,062 (2020). The order was contingent on PacifiCorp remaining on the license as a co-licensee and required compliance with certain conditions before it would take effect. In the January 13 filing, PacifiCorp and the Renewal Corporation stated that they do not accept their status as co-licensees under the July 16 order.

On November 17, 2020, in a separate proceeding, PacifiCorp and the Renewal Corporation filed an amended application to surrender the license and decommission the Lower Klamath Project. Decommissioning activities would include the full removal of the four developments. The Commission issued notice of that application on December 16, 2020, soliciting comments, motions to intervene, and protests in the surrender proceeding.

In the January 13 filing, the applicants request that, in any order approving the transfer, the Commission establish an extended period of time—until 30 days following any Commission order approving the surrender application—for the transferees to accept the license transfer and their co-licensee status. As a result, PacifiCorp would remain as the sole licensee for the Lower Klamath Project while the Commission considers what action to take on the surrender application.
