remain effective indefinitely, regardless of any contract provisions.

Occasionally, however, the Board has partially revoked a trackage rights exemption to allow those rights to expire after a limited time period rather than lasting in perpetuity. See, e.g., BNSF Ry. — Trackage Rts. Exemption— Union Pac. R.R., FD 36377 (Sub-No. 1) (STB served Mar. 11, 2020) (granting a petition to partially revoke a trackage rights exemption involving the Lines at issue in this case); New Orleans Pub. Belt R.R. — Trackage Rts. Exemption— Ill. Cent. R.R., FD 36198 (Sub-No. 1) (STB served June 20, 2018).

Granting partial revocation in these circumstances to permit the trackage rights to expire at the end of 2021 would eliminate the need for BNSF to file a second pleading seeking discontinuance authority when the agreement expires, thereby promoting the aspects of the rail transportation policy at 49 U.S.C. 10101(2), (7), and (15). Moreover, partially revoking the exemption to limit the term of the trackage rights would have no adverse impact on shippers because the trackage rights at issue are solely to allow BNSF to move empty and loaded ballast trains to and from the ballast pit in Elsey for use in BNSF’s maintenance-of-way projects. (See BNSF Pet. 2.) Therefore, the Board will grant the petition and permit the trackage rights exempted in Docket No. FD 36377 (Sub-No. 2) to expire at midnight on December 31, 2021.

To provide the statutorily mandated protection to any employee adversely affected by the discontinuance of trackage rights, the Board will impose the employee protective conditions set forth in Oregon Short Line Railroad— Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho, 360 I.C.C. 91 (1979).

This action is categorically excluded from environmental review under 49 CFR 1105.6(c).

It is ordered:
1. The petition for partial revocation of the trackage rights class exemption is granted.
2. As discussed above, the trackage rights in Docket No. FD 36377 (Sub-No. 2) are permitted to expire at midnight on December 31, 2021, subject to the employee protective conditions set forth in Oregon Short Line.
3. Notice of this decision will be published in the Federal Register.

4. This decision is effective on March 25, 2021. Petitions for stay must be filed by March 5, 2021. Petitions for reconsideration must be filed by March 15, 2021.

Decided: February 17, 2021.

By the Board, Board Members Begeman, Fuchs, Oberman, Primus, and Schultz.

Tammy Lowery,
Clearance Clerk.

DEPARTMENT OF TRANSPORTATION
Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2020–0053]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of applications for exemption; request for comments.

SUMMARY: FMCSA announces receipt of applications from seven individuals for
an exemption from the prohibition in the Federal Motor Carrier Safety Regulations (FMCSRs) against persons with a clinical diagnosis of epilepsy or any other condition that is likely to cause a loss of consciousness or any loss of ability to control a commercial motor vehicle (CMV) to drive in interstate commerce. If granted, the exemptions would enable these individuals who have had one or more seizures and are taking anti-seizure medication to operate CMVs in interstate commerce.

DATES: Comments must be received on or before March 25, 2021.

ADDRESSES: You may submit comments identified by the Federal Docket Management System (FDMS) Docket No. FMCSA–2020–0053 using any of the following methods:

- Hand Delivery: West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590–0001 between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.
- Fax: (202) 493–2251.

To avoid duplication, please use only one of these four methods. See the “Public Participation” portion of the SUPPLEMENTARY INFORMATION section for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64–224, Washington, DC 20590–0001. SUPPLEMENTARY INFORMATION:

I. Public Participation

A. Submitting Comments

If you submit a comment, please include the docket number for this notice (Docket No. FMCSA–2020–0053), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to http://www.regulations.gov/docket?D=FMCSA-2020-0053. Click on the “Comment Now!” button and type your comment into the text box on the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit.

If you submit your comments by mail or hand delivery, submit them in an unabound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

FMCSA will consider all comments and material received during the comment period.

B. Viewing Documents and Comments

To view comments, as well as any documents mentioned in this notice as being available in the docket, go to http://www.regulations.gov/docket?D=FMCSA-2020-0053 and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting Dockets Operations in Room W12–140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., ET. Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366–9317 or (202) 366–9826 before visiting Dockets Operations.

C. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

The seven individuals listed in this notice have requested an exemption from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8). Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by statute.

The physical qualification standard for drivers regarding epilepsy found in § 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria to assist medical examiners (MEs) in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce.

The criteria states that if an individual has had a sudden episode of a non-epileptic seizure or loss of consciousness of unknown cause that did not require anti-seizure medication, the decision whether that person’s condition is likely to cause the loss of consciousness or loss of ability to control a CMV should be made on an individual basis by the ME in consultation with the treating physician. Before certification is considered, it is suggested that a 6-month waiting period elapse from the time of the episode. Following the waiting period, it is suggested that the individual have a complete neurological examination. If the results of the examination are negative and anti-seizure medication is not required, then the driver may be qualified.

In those individual cases where a driver has had a seizure or an episode of loss of consciousness that resulted from a known medical condition (e.g., drug reaction, high temperature, acute infectious disease, dehydration, or acute metabolic disturbance), certification should be deferred until the driver has

---

recovered fully from that condition, has no existing residual complications, and is not taking anti-seizure medication.

Drivers who have a history of epilepsy/seizures, off anti-seizure medication and seizure-free for 10 years, may be qualified to operate a CMV in interstate commerce. Interstate drivers with a history of a single unprovoked seizure may be qualified to drive a CMV in interstate commerce if seizure-free and off anti-seizure medication for a 5-year period or more.

As a result of MEs misinterpreting advisory criteria as regulation, numerous drivers have been prohibited from operating a CMV in interstate commerce based on the fact that they have had one or more seizures and are taking anti-seizure medication, rather than an individual analysis of their circumstances by a qualified ME based on the physical qualification standards and medical best practices.

On January 15, 2013, FMCSA announced in a Notice of Final Disposition titled, “Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders,” (78 FR 3069), its decision to grant requests from 22 individuals for exemptions from the regulatory requirement that interstate CMV drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” Since that time, the Agency has published additional notices granting requests from individuals for exemptions from the regulatory requirement regarding epilepsy found in §391.41(b)(6).

To be considered for an exemption from the epilepsy and seizure disorders prohibition in §391.41(b)(6), applicants must meet the criteria in the 2007 recommendations of the Agency’s Medical Expert Panel (78 FR 3069).

III. Qualifications of Applicants

Sayed K. Abbed

Mr. Abbed is a 40-year old class C license holder in Illinois. He has a history of focal seizure, and has been seizure free since 2012. He takes anti-seizure medication with the dosage and frequency remaining the same since 2012. His physician states that he is supportive of Mr. Abbed receiving an exemption.

Devante Carter

Mr. Carter is a 23-year old class D license holder in Illinois. He has a history of epilepsy, and has been seizure free since 2009. He has not taken anti-seizure medication since 2012. His physician states that she is supportive of Mr. Carter receiving an exemption.

David R. Frantz

Mr. Frantz is a 56-year old class CM license holder in Pennsylvania. He has a history of epilepsy and has been seizure free since 2011. He has not taken anti-seizure medication since 2012. His physician states that he is supportive of Mr. Frantz receiving an exemption.

Brian P. Klein

Mr. Klein is a 46-year old Operator License holder in Indiana. He has a history of seizures, and has been seizure free since 2008. He takes anti-seizure medication with the dosage and frequency remaining the same since 2008. His physician states that he is supportive of Mr. Klein receiving an exemption.

Thomas A. Marx

Mr. Marx is a 44-year old Driver License holder in Washington. He has a history of epilepsy, and has been seizure free since 1995. He takes anti-seizure medication with the dosage and frequency remaining the same since 1995. His physician states that he is supportive of Mr. Marx receiving an exemption.

Jeffrey Smith, Jr.

Mr. Smith, Jr. is a 42-year old Driver License holder in Florida. He has a history of epilepsy, and has been seizure free since 2012. He takes anti-seizure medication with the dosage and frequency remaining the same since 2016. His physician states that he is supportive of Mr. Smith, Jr. receiving an exemption.

Eric R. Smits

Mr. Smits is a 52-year old Driver License holder in Wisconsin. He has a history of seizures, and has been seizure free since September 2012. He takes anti-seizure medication with the dosage and frequency remaining the same since September 2012. His physician states that he is supportive of Mr. Smits receiving an exemption.

IV. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315(b), FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments received before the close of business on the closing date indicated under the DATES section of the notice.
