ophthalmologist stated, “In my medical opinion, I believe Mr. White has sufficient vision to perform the driving tasks required to operate a commercial vehicle.” Mr. White reported that he has driven straight trucks for 4 years, accumulating 160,000 miles, and tractor-trailer combinations for 15 years, accumulating 780,000 miles. He holds a Class A CDL from Texas. His driving record for the last three years shows no crashes and no convictions for moving violations in a CMV.

IV. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315(b), FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments and material received before the close of business on the closing date indicated under the DATES section of the notice.

Federal Motor Carrier Safety Administration

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to renew exemptions for 10 individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce.

DATES: Each group of renewed exemptions were applicable on the dates stated in the discussions below and will expire on the dates provided below.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64–224, Washington, DC 20590–0001. B. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.transportation.gov/privacy.

II. Background

On January 6, 2021, FMCSA published a notice announcing its decision to renew exemptions for 10 individuals from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8) to operate a CMV in interstate commerce and requested comments from the public (86 FR 701). The public comment period ended on February 5, 2021, and no comments were received.

FMCSA has evaluated the eligibility of these applicants and determined that renewing these exemptions would achieve a level of safety equivalent to, or greater than, the level that would be achieved by complying with § 391.41(b)(8).

The physical qualification standard for drivers regarding epilepsy found in § 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria 1 to assist medical examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce.

III. Discussion of Comments

FMCSA received no comments in this proceeding.

IV. Conclusion

Based on its evaluation of the 10 renewal exemption applications, FMCSA announces its decision to exempt the following drivers from the epilepsy and seizure disorders prohibition in §391.41(b)(8).

In accordance with 49 U.S.C. 31136(e) and 31315(b), the following groups of drivers received renewed exemptions in the month of January and are discussed below.

As of January 1, 2021, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following eight individuals have satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition in the FMCSRs for interstate CMV drivers (86 FR 701): Scott D. Engelman (PA) Scott I. Habock (SD) Todd W. Hines (OH) Jordan M. Hyster (OH) Everett J. Letourneau (ND) Scott A. Ready, Sr. (WI) Douglas J. Simms, Jr. (NC) Ronald E. Wagner (OH)

As of January 15, 2021, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following two individuals have satisfied the renewal conditions for obtaining an exemption from the epilepsy and seizure disorders prohibition in the FMCSRs for interstate CMV drivers:

Brian Porter (PA); and Michael W. Thomas (KS)

The drivers were included in docket number FMCSA–2006–25854 and FMCSA–2010–0203. Their exemptions were applicable as of January 15, 2021, and will expire on January 15, 2023.

In accordance with 49 U.S.C. 31315(b), each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the Federal Register (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the Federal Register (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted.

The notice must also specify the effective period (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Request for Exemption

The Agency’s commercial driver’s license (CDL) regulation in 49 CFR 383.25(a)(1) require that a commercial learner’s permit (CLP) holder always be accompanied by the holder of a valid CDL who has the proper CDL group and endorsement(s) necessary to operate the commercial motor vehicle (CMV). The CDL holder must be physically present in the front seat of the vehicle next to the CLP holder or, in the case of a passenger vehicle, directly behind or in the first row behind the driver and must have the CLP holder under observation and direct supervision.

Wilson Logistics is a nationwide motor carrier with a fleet of over 700 CMVs seeking an exemption from 49 CFR 383.25(a)(1) under which a CDL holder would remain in the vehicle—but not in the front seat—while a CLP holder has passed the CDL skills test is driving. The carrier believes this would allow the CLP holder to participate more independently in a revenue-generating trip to obtain the CDL document from the State of domicile. Wilson Logistics advised that, if granted, 400–500 CLP holders would operate under the terms of the exemption each year.

Wilson Logistics states that 49 CFR 383.25(a)(1) creates undue burdens on the company and its CLP holders. The carrier noted that, previously:

It was not uncommon for States to issue temporary CDLs to CLP holders for the return trip to collect the CDL document from their State of domicile. During that time, CDL holders were neither required to log themselves ‘on duty’ when supervising the CLP holder who had a temporary CDL, nor did they always remain in the passenger seat of the CMV. Under that scenario, the productivity of the CMV, the earnings capacity of the CDL and CLP holders, and the logistics of the motor carrier’s freight network were all protected. Currently carriers must assign a second CDL holder to the vehicle to accomplish the on-duty work that was previously performed by the CLP holder who had a temporary CDL.

Wilson Logistics contends that compliance with the CDL rule leaves it with the following two options: (1) Secure some model of partial transportation from the State of training to the State of domicile to allow the CLP holder to pick up his/her CDL document
