Stainless Steel Flanges From India: Preliminary Results of Antidumping Duty Administrative Review, 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that producers/exporters of stainless steel flanges from India made sales of subject merchandise at prices below normal value during the period of review (POR), March 28, 2018, through September 30, 2019. We invite interested parties to comment on these preliminary results.

DATES: Effective February 24, 2021.

SUPPLEMENTARY INFORMATION:

Background

On October 9, 2018, Commerce published the Order in the Federal Register. On December 11, 2019, based on timely requests for review, in accordance with 19 CFR 351.221(c)(ii), Commerce published the notice of initiation of this administrative review. Commerce selected Chandan Steel Limited (Chandan) as the mandatory respondent in this review.

On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days. On July 21, 2020, Commerce tolled all deadlines in administrative reviews by an additional 60 days.

On October 1, 2020, Commerce extended the deadline of the preliminary results of review by 59 days, until December 18, 2020, in accordance with 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act). On December 7, 2020, in accordance with section 751(a)(3)(A) of the Act, Commerce extended the deadline for the preliminary results by an additional 61 days, until February 17, 2021.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized

Methodology
Commerce is conducting this review in accordance with section 751(a) of the
Act. Pursuant to section 776(a) of the Act, Commerce is preliminarily relying upon facts otherwise available to assign a dumping margin to Chandan because the company withheld necessary information that was requested by Commerce and failed to timely provide information in the form requested, thereby significantly impeding this review. Further, Commerce preliminarily determines that Chandan failed to cooperate by not acting to the best of its ability to comply with requests for information and, thus, Commerce is applying an adverse inference in selecting among the facts available, in accordance with section 776(b) of the Act. For a full description of the methodology underlying our conclusions regarding the application of adverse facts available (AFA), see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice.
Rate for Non-Selected Companies
The Act and Commerce’s regulations do not address the rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act for guidance when assigning a rate to companies not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or de minimis margins, and any margins determined entirely [on the basis of facts available].” Under section 735(c)(5)(B) of the Act, if the estimated dumping margins established for all exporters and producers individually investigated are zero or de minimis margins, or are determined entirely under section 776, the administering authority may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the dumping margins determined for the exporters and producers individually investigated. In this review, we have preliminarily assigned a dumping margin to Chandan that is determined entirely on the basis of AFA. In accordance with the U.S. Court of Appeals for the Federal Circuit’s decision in Albemarle,9 Commerce has preliminarily assigned to the companies not individually examined (see Appendix II for a full list of these companies) a margin of 145.25 percent, which is the dumping margin assigned to Chandan in these preliminary results of review.10
Preliminary Results of the Review
We preliminarily determine that the following dumping margins exist for the period March 28, 2018, through September 30, 2019:

Disclosure and Public Comment
Normally, Commerce discloses the calculations performed in connection with preliminary results to interested parties within five days after the date of public announcement or publication of this notice.13 Because Commerce preliminarily applied a rate based on total AFA to the mandatory respondent in this review, in accordance with section 776 of the Act, there are no calculations to disclose.
Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.14

15 See 19 CFR 351.303 (for general filing requirements).
16 See generally 19 CFR 351.303.
Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed via ACCESS, within 30 days after the date of publication of this notice. An electronically-filed request must be received successfully in its entirety by 5:00 p.m. Eastern Time within 30 days of the date of publication of this notice. Requests should contain: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review. We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

If these preliminary results are unchanged for the final results, we will instruct CBP to apply an ad valorem assessment rate of equal to the dumping margins stated above, adjusted for subsidy offsets at all entries of subject merchandise during the POR which were produced and/or exported by Chandan or exported by the companies which were not selected for individual examination. We intend to instruct CBP to take into account the “provisional measures deposit cap,” in accordance with 19 CFR 351.212(d).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Chandan and the companies not individually examined will be equal to the rate established for Chandan in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered by this review but covered by a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered by this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 14.29 percent, adjusted for subsidy offsets.17 the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include our analysis of the issues raised in any case and rebuttal briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

The preliminary results of this administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: February 17, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance.
