Disclosure

Commerce will disclose to the parties in this proceeding the calculations performed for these final results within five days of the date of publication of this notice in the **Federal Register**.¹³

Assessment Rates

Pursuant to 19 CFR 351.212(b)(2), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review, for the above-listed companies at the applicable ad valorem assessment rates listed. Consistent with its recent notice,¹⁴ Commerce intends to issue assessment instructions, including assessment instructions for those companies for which we rescinded the review,¹⁵ to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Rates

In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the

respective companies listed above. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposits, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

Commerce is issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 24, 2021.

SUMMARY: As a result of these expedited sunset reviews, the Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on welded line pipe from the Republic of Korea (Korea) and the Republic of Turkey (Turkey) would be likely to lead to the continuation or recurrence of dumping at the levels indicated in the “Final Results of Review” section of this notice.

DATES: Applicable March 2, 2021.

FOR FURTHER INFORMATION CONTACT: Ian Hamilton AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4798.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2015, Commerce published the *AD Orders* on welded line pipe from Korea and Turkey.¹ On November 3, 2020, Commerce published the notice of initiation of the first sunset review of the *AD Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² In November 2020, Commerce received notices of intent to participate within the 15-day deadline specified in 19 CFR 351.218(d)(1)(i) from Axis Pipe and Tube (Axis); California Steel Industries; Tex-Tube Company; Welspun Tubular LLC; Wheatland Tube Company; American Cast Iron Pipe Company (ACIPCO); Stupp Corporation; Maverick Tube Corporation (Maverick); and IPSCO Tubulars Inc. (collectively, domestic interested parties).³ The

domestic interested parties claimed interested party status under section 771(9)(C) of the Act as manufacturers, producers, or wholesalers in the United States of a domestic like product.

On December 3, 2020, Commerce received an adequate substantive response to the notice of initiation from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ We received no substantive responses from respondent interested parties with respect to either of the orders covered by these sunset reviews.

On December 28, 2020, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, pursuant to 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted expedited (120-day) sunset reviews of the *AD Orders*.

Scope of the Orders

The scope of these orders is circular welded carbon and alloy steel (other than stainless steel) pipe of a kind used for oil or gas pipelines (welded line pipe), not more than 24 inches in nominal outside diameter, regardless of wall thickness, length, surface finish, end finish, or stenciling. Welded line pipe is normally produced to the American Petroleum Institute (API) specification 5L, but can be produced to comparable foreign specifications, to proprietary grades, or can be non-graded material. All pipe meeting the physical description set forth above, including multiple-stenciled pipe with an API or comparable foreign specification line pipe stencil is covered by the scope of these orders.

The welded line pipe that is subject to these orders is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.5000, 7305.12.1030, 7305.12.5000, 7305.19.1030, 7305.19.5000, 7306.19.1010,

7306.19.1050, 7306.19.5110, and 7306.19.5150. The subject merchandise may also enter in HTSUS 7305.11.1060 and 7305.12.1060. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

Analysis of Comments Received

All issues raised in these sunset reviews are addressed in the Issues and Decision Memorandum.⁶ The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of dumping and the magnitude of the dumping margins likely to prevail if the orders were revoked. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Final Results of Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the AD orders on welded line pipe from Korea and Turkey would be likely to lead to the continuation or recurrence of dumping at weighted-average dumping margins up to 6.22 percent for Korea and up to 22.95 percent for Turkey.

Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for revision and extension of a currently approved information collection.

The National Marine Fisheries Service (NMFS) Office of Science and Technology's Economics and Social Analysis Division seeks to conduct as-needed data collections to support mandated comprehensive economic and socio-economic evaluations of the fisheries in regions of the United States affected by catastrophic events. The six NMFS Fisheries Science Centers will assist in conducting the proposed collections.

The Magnuson-Stevens Fishery Conservation and Management Act (MSA) includes the following requirement (see SEC. 315 (c)), "Within 2 months after a catastrophic regional fishery disaster the Secretary [of Commerce] shall provide the Governor of each State participating in the program a comprehensive economic and socio-economic evaluation of the affected region's fisheries to assist the Governor in assessing the current and future economic viability of affected fisheries, including the economic impact of foreign fish imports and the direct, indirect, or environmental impact of the disaster on the fishery and coastal communities." The MSA permits the proposed collection and NMFS would conduct it under the MSA.

This collection will provide information that NMFS will use to produce the comprehensive economic and socio-economic evaluation required by the MSA.

For a rapid catastrophic event, such as a hurricane, NMFS seeks to collect data on the immediate and long-term disruption and impediments to recovery of normal business practices to the commercial and recreational fishing industries, including fishing dependent businesses. In addition, for an ongoing event, such as a pandemic or red tide that lingers for many months in the same region(s), NMFS seeks to collect data quarterly to semi-annually as needed to evaluate the ongoing event. NMFS would collect the data from
