

III. Incorporation by Reference

In this document, the EPA is proposing to amend regulatory text that includes incorporation by reference. The EPA is proposing to remove R18–2–715(F)(2) and (H) as described in Table 1 of this preamble from the Arizona State Implementation Plan, which is incorporated by reference in accordance with the requirements of 1 CFR part 51.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this proposed action merely proposes to approve state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide the EPA with the discretionary authority to address

disproportionate human health or environmental effects with practical, appropriate, and legally permissible methods under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Supplemental Initial Regulatory Flexibility Analysis

As required by the Regulatory Flexibility Act of 1980, as amended (RFA), the International Bureau has prepared a Supplemental Initial Regulatory Flexibility Analysis (Supplemental IRFA) of the possible significant economic impact on small entities of the proposals addressed in this Public Notice to supplement the Federal Communications Commission's (Commission) Final Regulatory Flexibility Analyses completed in the *Executive Branch Review Order*, 85 FR 76360 (Nov. 27, 2020).

Synopsis

By this Public Notice, the International Bureau (Bureau) seeks comment on a set of standardized national security and law enforcement questions (Standard Questions) that proponents of certain applications and petitions involving reportable foreign ownership will be required to answer as part of the review process. In the *Executive Branch Review Order*,¹ the Commission adopted rules and procedures to facilitate a more streamlined and transparent review process for coordinating these applications and petitions with the Executive Branch agencies (the Departments of Justice, Homeland Security, Defense, State, and Commerce, as well as the U.S. Trade Representative) for any national security, law enforcement, foreign policy, or trade policy issues. The Commission refers applications for international section 214 authorizations and submarine cable licenses and applications to assign, transfer control or modify such authorizations and licenses where the applicant has reportable foreign ownership, and all petitions for section 310(b) foreign ownership rulings.

To expedite the Executive Branch agencies' review of such applications and petitions, applicants and petitioners will provide responses to the Standard Questions directly to the Committee for

the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) prior to or at the same time that they file applications or petitions with the Commission. The Commission adopted five categories of information to be provided by an applicant or petitioner: (1) Corporate structure and shareholder information; (2) relationships with foreign entities; (3) financial condition and circumstances; (4) compliance with applicable laws and regulations; and (5) business and operational information, including services to be provided and network infrastructure. The Commission directed the International Bureau (Bureau) to develop, solicit comment on, and make available on a publicly available website the Standard Questions that will elicit the information needed by the Committee within those categories of information. The Bureau will also maintain and update the Standard Questions, as needed.

We seek comment on the Standard Questions set out in each of the following Appendices, which are identified by the type of application or petition. The Standard Questions are based upon current questionnaires used by the Committee to obtain information from applicants and petitioners.

- *Appendix A—Standard Questions for an International Section 214 Authorization Application.* Standard Questions for an international section 214 authorization application filed pursuant to 47 CFR 63.18, including a modification of an existing authorization;

- *Appendix B—Standard Questions for an Application for an Assignment or Transfer of Control of an International Section 214 Authorization.* Standard Questions for an assignment or transfer of control of an international section 214 authorization application filed pursuant to 47 CFR 63.24;

- *Appendix C—Standard Questions for Submarine Cable Landing License Application.* Standard Questions for a cable landing license application filed pursuant to 47 CFR 1.767 including a modification of an existing license;

- *Appendix D—Standard Questions for an Application for Assignment or Transfer of Control of a Submarine Cable Landing License.* Standard Questions for an assignment or transfer of control of a cable landing license application filed pursuant to 47 CFR 1.767;

- *Appendix E—Standard Questions for Section 310(b) Petition for Declaratory Ruling Involving a Broadcast Licensee.* Standard Questions for a petition for declaratory ruling for

foreign ownership in a broadcast licensee above the benchmark in section 310(b)(4) of the Communications Act (the Act) filed pursuant to 47 CFR 1.5000–1.5004;

- *Appendix F—Standard Questions for Section 310(b) Petition for Declaratory Ruling Involving a Common Carrier Wireless or Common Carrier Earth Station Licensee.* Standard Questions for a petition for declaratory ruling for foreign ownership in a common carrier wireless or common carrier earth station licensee above the benchmarks in section 310(b)(3) or 310(b)(4) of the Act filed pursuant to 47 CFR 1.5000–1.5004; and

- *Appendix G—Personally Identifiable Information (PII) Supplement.* All of the Standard Questions reference this supplement to assist the Committee in identifying PII.

We seek comment on the questions in each of the Appendices. If needed, to help clarify the questions for applicants and petitioners, we ask that commenting parties provide specific suggested changes to the language of the questions. We seek comment on whether there are questions that are not necessary or if there are any questions that we should include to help expedite the review process. We ask parties for comment on the definitions of key terms that are used in the Appendices, such as “corporate officers” and “senior-level” officers as well as “remote access” and “managed services.” We seek comment on how often, and under what circumstances, the Bureau should reevaluate the Standard Questions. Finally, we seek comment on how long it would take applicants to fill out each questionnaire.

After we review and consider the comments received on the Standard Questions, we will issue an Order addressing the comments and will seek approval for the Standard Questions under the Paperwork Reduction Act. We will issue a Public Notice informing the public of the effective date of the Standard Questions. Following Public Notice of the effective date, the Standard Questions will be made available on the Commission's website and all parties filing applications or petitions subject to Executive Branch referral will be required to submit answers to the Standard Questions to the Committee prior to or at the same time that they file the application or petition with the Commission. Until that time, the Committee will continue to send its own questions to the applicant or petitioner upon the Commission's referral of the application or petition.

Supplemental Initial Regulatory Flexibility Analysis

Pursuant to the Regulatory Flexibility Act of 1980, as amended (RFA),² we have prepared this Supplemental Initial Regulatory Flexibility Analysis (Supplemental IRFA) of the possible significant economic impact on small entities of the proposals addressed in this Public Notice to supplement the Commission's Final Regulatory Flexibility Analyses completed in the *Executive Branch Review Order*.³ Written public comments are requested on this Supplemental IRFA. Comments must be identified as responses to the Supplemental IRFA and must be filed by the same deadline for comments specified on the first page of this Public Notice. We will send a copy of this Public Notice, including this Supplemental IRFA, to the Chief Counsel for Advocacy of the Small Business Administration (SBA).⁴

This Public Notice sets forth the specific proposed "Standard Questions" for applications and petitions prescribed by the *Executive Branch Review Order*. As noted in the Initial and Final Regulatory Flexibility Analyses associated with that proceeding, standardizing these questions should improve the timeliness and transparency of the Executive Branch review process, thereby lessening the burden on all applicants and petitioners, including small entities. That order specified that the Standard Questions should include the following categories of information: (1) Corporate

structure and shareholder information; (2) relationships with foreign entities; (3) financial condition and circumstances; (4) compliance with applicable laws and regulations; and (5) business and operational information, including services to be provided and network infrastructure. The proposed Standard Questions constitute the more specific implementation of the requirements set forth in the *Executive Branch Review Order* and are fully consistent therewith, and as directed by the Commission in that order take due account of the sample questions previously made available in this docket and the comments provided to the Commission thereon. Initial and Final Regulatory Flexibility Analyses were incorporated into the *Executive Branch Review Order* and the notice of proposed rulemaking associated with that order. In this Public Notice, we hereby incorporate by reference the descriptions and estimates of the number of small entities, as well as the associated analyses, set forth therein.

A copy of this Public Notice, including the Supplemental Initial Regulatory Flexibility Analysis, shall be sent to the Chief Counsel for Advocacy of the Small Business Administration.

Ex Parte Information

This proceeding shall be treated as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the

presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda, or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with section 1.1206(b) of the Commission's rules. In proceedings governed by section 1.49(f) of the Commission's rules or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.

Standard Questions for an International Section 214 Authorization Application

Applicant:**FCC File Number(s):**

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced application by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the application. After review, the Committee may request additional information, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, when required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the application without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 FR 19643 (Apr. 8, 2020).

Instructions

- 1) Complete all Sections:** When a “Yes” answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and its security-related practices, and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services the Applicant will be offering should the FCC grant those authorities. Accordingly, in answering the “Section V: Applicant’s Services” questions and “Section VI: Applicant Services Portfolio Checklist and Reference Questions,” the Applicants must file complete and accurate responses and identify all switches, routing equipment, and all services offered in retail markets.
- 2) Identify Sensitive Information:** Specifically identify answers or documents for which a claim of privilege or confidentiality is asserted based on the information containing trade secrets or commercial or financial information. If there are multiple applicants, each applicant should also clearly mark any answers or documents that contain sensitive

information that should not be disclosed to the other applicants. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Appendix G.

- 3) **Response Format:** Uniquely and sequentially Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique, consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).
- 4) **Individuals' Names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 5) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working, or shared virtual locations may not be used in lieu of residence addresses.
- 6) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 7) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership, equipment, and Communications Assistance for Law Enforcement Act (CALEA) compliance.
- 8) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the Applicant/Licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the Licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a Controlling Interest in the consortium.
 - "Ultimate Owner" and "Ultimate Parent" refer to the Entity or Individual that ultimately owns and controls the Applicant/Licensee.

- “Immediate Owner” refers to the Entity or Individual in the vertical ownership chain that immediately owns and controls the Applicant/Licensee. In other words, the Immediate Owner is the Entity or Individual in the ownership chain that is closest to the Applicant/Licensee.
- An Entity or Individual with an “Ownership Interest” is any Entity in the ownership chain with more than a 5% attributable interest in the Applicant/Licensee, including the “Ultimate Owner/Parent” and the “Immediate Owner,” and all Controlling Interest holders. Note that Controlling Interests include *de facto* controlling interests, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity.
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant/Licensee.
- “Entity” includes a partnership, association, estate, trust, corporation, limited liability company, consortium, joint venture, governmental authority, or other organization.
- An “Equity Interest Holder” is any Individual or Entity that has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, a share or other ownership stake in the Applicant.
- The term “Foreign Government” includes any person or group of persons exercising sovereign *de facto* or *de jure* political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to which such sovereign *de facto* or *de jure* authority or functions are directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- “Individual” refers to a natural person, as distinguished from an Entity.
- “Managed Services” or “Enterprise Services” refers to the provision of a complete, end-to-end communications solution to customers.
- A “Non-U.S. Individual” is an Individual who is not a U.S. citizen.
- An “Owner” is an Individual or Entity that holds an Ownership Interest in the Applicant/Licensee.
- An “Ownership Interest” is a 5% or greater equity (non-voting) and/or voting interest, whether directly or indirectly held, or a Controlling Interest in the Applicant, and includes the ownership in the Ultimate Parent/Owner of the Applicant and any other Entity(ies) in the chain of ownership (i.e., all entities that exist in the ownership structure between the Applicant itself and its Ultimate Parent).
- “Remote Access” is access from a point that is not physically co-located with the Applicant’s network facilities, or that is not at a point within the Applicant’s network.
- “Senior Officer” refers to the Chief Executive Officer, President, Chief Financial Officer, Chief Information Officer, Chief Technical Officer, Chief Operating Officer, or any other similarly situated Individual that has actual or apparent authority to act on behalf of the Entity.

Section I: Identification of Applicant

- 1) Provide the Applicant's name, address, principal place of business, and place of incorporation.

Section II: Applicant's Ownership

- 2) Identify each Individual or Entity that holds an Ownership Interest in the Applicant, specifically identifying any foreign Entities or Foreign Government-controlled entities, including the ultimate parent owner of the Applicant and any other Individuals/Entities holding an Ownership Interest in the chain of ownership.

Appendix B

Standard Questions for an Application for an Assignment or Transfer of Control of an International Section 214 Authorization

Applicants:

FCC File Number(s):

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced application by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the application. After review, the Committee may request additional information, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, when required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the application without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 FR 19643 (Apr. 8, 2020).

Instructions

- 1) Complete all Sections:** When a “Yes” answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and its security-related practices, and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services the Applicant will be offering should the FCC grant those authorities. Accordingly, in answering the “Section V: Applicants’ Services” questions and “Section VI: Applicant Services Portfolio Checklist and Reference Questions,” the Applicants must file complete and accurate responses and identify all switches, routing equipment, and all services offered in retail markets.
- 2) Response Format:** Uniquely and sequentially Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique, consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).
- 3) Identify Sensitive Information:** Specifically identify answers or documents for which a claim of privilege or confidentiality is asserted based on the information containing trade

secrets or commercial or financial information. If there are multiple applicants, each applicant should also clearly mark any answers or documents that contain sensitive information that should not be disclosed to the other applicants. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Appendix G.

- 4) **Individuals' Names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 5) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working, or shared virtual locations may not be used in lieu of residence addresses.
- 6) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 7) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership, equipment, and Communications Assistance for Law Enforcement Act (CALEA) compliance.
- 8) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the Applicant/Licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the Licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a Controlling Interest in the consortium.
 - "Ultimate Owner" and "Ultimate Parent" refer to the Entity or Individual that ultimately owns and controls the Applicant/Licensee.
 - "Immediate Owner" refers to the Entity or Individual in the vertical ownership chain that immediately owns and controls the Applicant/Licensee. In other words, the Immediate Owner is the Entity or Individual in the ownership chain that is closest to the Applicant/Licensee.

- An Entity or Individual with an “Ownership Interest” is any Entity in the ownership chain with more than a 5% attributable interest in the Applicant/Licensee, including the “Ultimate Owner/Parent” and the “Immediate Owner,” and all Controlling Interest holders. Note that Controlling Interests include *de facto* controlling interests, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity.
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant/Licensee.
- “Entity” includes a partnership, association, estate, trust, corporation, limited liability company, consortium, joint venture, governmental authority, or other organization.
- An “Equity Interest Holder” is any Individual or Entity that has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, a share or other ownership stake in the Applicant.
- The term “Foreign Government” includes any person or group of persons exercising sovereign *de facto* or *de jure* political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to which such sovereign *de facto* or *de jure* authority or functions are directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- “Individual” refers to a natural person, as distinguished from an Entity.
- “Managed Services” or “Enterprise Services” refers to the provision of a complete, end-to-end communications solution to customers.
- A “Non-U.S. Individual” is an Individual who is not a U.S. citizen.
- An “Owner” is an Individual or Entity that holds an Ownership Interest in the Applicant/Licensee.
- An “Ownership Interest” is a 5% or greater equity (non-voting) and/or voting interest, whether directly or indirectly held, or a Controlling Interest in the Applicant, and includes the ownership in the Ultimate Parent/Owner of the Applicant and any other Entity(ies) in the chain of ownership (i.e., all entities that exist in the ownership structure between the Applicant itself and its Ultimate Parent).
- “Remote Access” is access from a point that is not physically co-located with the Applicant’s network facilities, or that is not at a point within the Applicant’s network.
- “Senior Officer” refers to the Chief Executive Officer, President, Chief Financial Officer, Chief Information Officer, Chief Technical Officer, Chief Operating Officer, or any other similarly situated Individual that has actual or apparent authority to act on behalf of the Entity.

Standard Questions for Submarine Cable Landing License Application

Submarine Cable Name:

Applicant(s):

FCC File Number:

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced application by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the application. After review, the Committee may request additional information from you, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, where required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the application without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 FR 19643 (Apr. 8, 2020).

Instructions

- 1) Complete all Sections:** When a "Yes" answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and its security-related practices, and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services the Applicant will be offering should the FCC grant those authorities.
- 2) Response Format:** Uniquely and sequentially, Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique, consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).
- 3) Identify Sensitive Information:** Specifically identify answers or documents for which a claim of privilege or confidentiality is asserted based on the information containing trade

secrets or commercial or financial information. If there are multiple applicants, each applicant should also clearly mark any answers or documents that contain sensitive information that should not be disclosed to the other applicants. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Appendix G.

- 4) **Individuals' Names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 5) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working, or shared virtual locations may not be used in lieu of residence addresses.
- 6) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 7) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership, equipment, and Communications Assistance for Law Enforcement Act (CALEA) compliance.
- 8) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - "Applicant" shall have the same meaning as the term is defined in 47 CFR 1.767(h).
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the Owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the applicant/licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a Controlling Interest in the consortium.
 - "Ultimate Owner" and "Ultimate Parent" refer to the Entity or Individual that ultimately owns and controls the Applicant/Licensee.
 - "Immediate Owner" refers to the Entity or Individual in the vertical ownership chain that immediately owns and controls the Applicant/Licensee. In other words, the Immediate Owner is the Entity or Individual in the ownership chain that is closest to the Applicant/Licensee.

- An Entity or Individual with an “Ownership Interest” is any Entity in the ownership chain with more than a 5% attributable interest in the Applicant/Licensee, including the “Ultimate Owner/Parent” and the “Immediate Owner,” and all Controlling Interest holders. Note that Controlling Interests include *de facto* controlling interests, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity.
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant/Licensee.
- “Entity” includes a partnership, association, estate, trust, corporation, limited liability company, consortium, joint venture, governmental authority, or other organization.
- An “Equity Interest Holder” is any Individual or Entity that has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, a share or other ownership stake in the Applicant.
- The term “Foreign Government” includes any person or group of persons exercising sovereign *de facto* or *de jure* political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to which such sovereign *de facto* or *de jure* authority or functions are directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- “Individual” refers to a natural person, as distinguished from an Entity.
- “Managed Services” or “Enterprise Services” refers to the provision of a complete, end-to-end communications solution to customers.
- A “Non-U.S. Individual” is an Individual who is not a U.S. citizen.
- An “Owner” is an Individual or Entity that holds an Ownership Interest in the Applicant/Licensee.
- An “Ownership Interest” is a 5% or greater equity (non-voting) and/or voting interest, whether directly or indirectly held, or a Controlling Interest in the Applicant, and includes the ownership in the Ultimate Parent/Owner of the Applicant and any other Entity(ies) in the chain of ownership (i.e., all Entities that exist in the ownership structure between the Applicant itself and its ultimate parent).
- “Principal Equipment” means the primary components of the Domestic Communications Infrastructure (DCI) and the Wet Plant. Principal Equipment includes: network element servers; routers; switches; repeaters; submarine line terminal equipment (SLTE); system supervisory equipment (SSE); signal modulators and amplifiers; power feed equipment (PFE); tilt and shape equalizer units (TEQ/SEQ); optical distribution frames (ODF); branching units (BU); synchronous optical network (SONET), synchronous digital hierarchy (SDH), wave division multiplexing (WDM), dense wave division multiplexing (DWDM), coarse wave division multiplexing (CWDM), or optical carrier network (OCx) equipment, as applicable; and any non-embedded software necessary for the proper monitoring, administration, and provisioning of the submarine cable system (with the exception of commercial-off-the-shelf (COTS) software used for common business functions, e.g., MS Office).
 - “Domestic Communications Infrastructure” or “DCI” means:
 - (a) any portion of the cable system that physically is located in the United States, up to the submarine line terminating equipment, including (if any)

transmission, switching, bridging, and routing equipment, and any associated software (with the exception of COTS software used for common business functions, e.g., MS Office) used by or on behalf of the Applicant to provide, process, direct, control, supervise, or manage domestic communications; and

- (b) Network Operations Center (NOC) facilities.
- “Wet Plant” means hardware components installed and residing on the undersea portion of the submarine cable system, including fiber optic cables, repeaters, branching units, and routers (if any). Wet Plant includes all the components used in order to define the topology of the undersea portion of the submarine cable system.
- “Remote Access” is access from a point that is not physically co-located with the Applicant’s network facilities, or that is not at a point within the Applicant’s network.
- “Senior Officer” refers to the Chief Executive Officer, President, Chief Financial Officer, Chief Information Officer, Chief Technical Officer, Chief Operating Officer, or any other similarly situated Individual that has actual or apparent authority to act on behalf of the Entity.

Standard Questions for an Application for Assignment or Transfer of Control of a Submarine Cable Landing License

Submarine Cable Name:

Applicant(s):

FCC File Number(s):

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced application by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the application. After review, the Committee may request additional information from you, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, when required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the application without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 FR 19643 (Apr. 8, 2020).

Instructions

- 1) **Complete all Sections:** When a "Yes" answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and its security-related practices, and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services that the Applicant will be offering should the FCC grant those authorities.
- 2) **Response Format:** Uniquely and sequentially Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique, consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).

- 3) **Identify Sensitive Information:** Specifically identify answers or documents that you deem to be privileged or confidential as the information contains trade secrets or commercial or financial information. If there are multiple applicants, each applicant should also clearly mark any answers or documents that contain sensitive information that should not be disclosed to the other applicants. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Appendix G.
- 4) **Individuals' names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 5) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working, or shared virtual locations may not be used in lieu of residence addresses.
- 6) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 7) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership, equipment, and Communications Assistance for Law Enforcement Act (CALEA) compliance.
- 8) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - "Applicant" shall have the same meaning as the term is defined in 47 CFR 1.767(h).
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the Owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the Applicant/Licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the Licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a Controlling Interest in the consortium.
 - "Ultimate Owner" and "Ultimate Parent" refer to the Entity or Individual that ultimately owns and controls the Applicant/Licensee.
 - "Immediate Owner" refers to the Entity or Individual in the vertical ownership chain that immediately owns and controls the Applicant/Licensee. In other

words, the Immediate Owner is the Entity or Individual in the ownership chain that is closest to the Applicant/Licensee.

- An Entity or Individual with an “Ownership Interest” is any entity in the ownership chain with more than a 5% attributable interest in the Applicant/Licensee, including the “Ultimate Owner/Parent” and the “Immediate Owner,” and all Controlling Interest holders. Note that Controlling Interests include *de facto* controlling interests, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity.
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant/Licensee.
- “Entity” includes a partnership, association, estate, trust, corporation, limited liability company, consortium, joint venture, governmental authority, or other organization.
- An “Equity Interest Holder” is any Individual or Entity that has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, a share or other ownership stake in the Applicant.
- The term “Foreign Government” includes any person or group of persons exercising sovereign *de facto* or *de jure* political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to which such sovereign *de facto* or *de jure* authority or functions are directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- “Individual” refers to a natural person, as distinguished from an Entity.
- “Managed Services” or “Enterprise Services” refers to the provision of a complete, end-to-end communications solution to customers.
- A “Non-U.S. Individual” is an Individual who is not a U.S. citizen.
- An “Owner” is an Individual or Entity that holds an Ownership Interest in the Applicant/Licensee.
- An “Ownership Interest” is a 5% or greater equity (non-voting) and/or voting interest, whether directly or indirectly held, or a Controlling Interest in the Applicant, and includes the ownership in the Ultimate Parent/Owner of the Applicant and any other Entity(ies) in the chain of ownership (i.e., all entities that exist in the ownership structure between the Applicant itself and its Ultimate Parent).
- “Principal Equipment” means the primary components of the Domestic Communications Infrastructure (DCI) and the Wet Plant. Principal Equipment includes: network element servers; routers; switches; repeaters; submarine line terminal equipment (SLTE); system supervisory equipment (SSE); signal modulators and amplifiers; power feed equipment (PFE); tilt and shape equalizer units (TEQ/SEQ); optical distribution frames (ODF); branching units (BU); synchronous optical network (SONET), synchronous digital hierarchy (SDH), wave division multiplexing (WDM), dense wave division multiplexing (DWDM), coarse wave division multiplexing (CWDM), or optical carrier network (OCx) equipment, as applicable; and any non-embedded software necessary for the proper monitoring, administration, and provisioning of the submarine cable system (with the exception of commercial-off-the-shelf (COTS) software used for common business functions, e.g., MS Office).

- “Domestic Communications Infrastructure” or “DCI” means: (a) any portion of the cable system that physically is located in the United States, up to the submarine line terminating equipment, including (if any) transmission, switching, bridging, and routing equipment, and any associated software (with the exception of COTS software used for common business functions, *e.g.*, MS Office) used by or on behalf of the Applicant to provide, process, direct, control, supervise, or manage domestic communications; and (b) Network Operations Center (NOC) facilities.
- “Wet Plant” means hardware components installed and residing on the undersea portion of the submarine cable system, including fiber optic cables, repeaters, branching units, and routers (if any). Wet Plant includes all the components used in order to define the topology of the undersea portion of the submarine cable system.
- “Remote Access” is access from a point that is not physically co-located with the Applicant’s network facilities, or that is not at a point within the Applicant’s network.
- “Senior Officer” refers to the Chief Executive Officer, President, Chief Financial Officer, Chief Information Officer, Chief Technical Officer, Chief Operating Officer, or any other similarly situated Individual that has actual or apparent authority to act on behalf of the Entity.

Petitioner(s):**FCC File Number(s):**

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced Petition by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the Petition. After review, the Committee may request additional information, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, when required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the Petition without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 FR 19643 (Apr. 8, 2020).

Instructions

- 1) Who Must Respond to this Questionnaire:** A Petitioner that seeks to obtain (a) a section 310(b)(4) foreign ownership ruling in connection with an application for a new broadcast license or (b) a new or modified 310(b)(4) foreign ownership ruling in connection with an application for assignment, transfer of control, or other change in ownership or control of the Licensee must respond to this questionnaire. In the case of (b), a Petitioner must provide information pertaining to the post-transaction ownership, structure, and operations of the Licensee and Relevant Parties. As used in this questionnaire, the term "Licensee" refers to both an Applicant for a broadcast license and an existing licensee.
- 2) Complete all Sections:** When a "Yes" answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and security-related practices and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services the Applicant will be offering should the FCC grant those authorities. Accordingly, in answering the "Section V: Licensee Services" questions, the Applicant(s) must file complete and accurate responses.

- 3) **Response Format:** Uniquely and sequentially Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique, consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).
- 4) **Identify Sensitive Information:** Specifically identify answers or documents that you deem to be privileged or confidential as the information contains trade secrets or commercial or financial information. If there are multiple petitioners, each petitioner should also clearly mark any answers or documents that contain sensitive information that should not be disclosed to the other petitioners. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Appendix G.
- 5) **Individuals' names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 6) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working or shared virtual locations may not be used in lieu of residence addresses.
- 7) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 8) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership and equipment.
- 9) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the Applicant/Licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the Applicant/Licensee; or playing an integral role in management decisions. Note that Controlling Interests include *de facto* control, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity .
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant.

Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- The term “Foreign Political Party” includes any organization, or any other combination of individuals in a country other than the United States, or any unit or branch thereof, having for an aim or purpose, or which is engaged in any activity devoted in whole or in part, to the establishment, administration, control, or acquisition of, administration, or control, of a government of a foreign country, or a subdivision thereof, or the furtherance, or influencing, of the political, or public, interests, policies, or relations of a government of a foreign country, or a subdivision thereof.

 - (3) a partnership, association, corporation, organization, or other combination of persons organized under the laws of or having its principal place of business in a foreign country.

Standard Questions for Section 310(b) Petition for Declaratory Ruling Involving a Common Carrier Wireless or Common Carrier Earth Station Licensee

Petitioner:**FCC File Number(s):**

Purpose: This list of standard questions solicits the initial information that the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee) will review in connection with any referral of the above-referenced application by the Federal Communications Commission (FCC) in order to assess any national security and law enforcement concerns raised by the application. After review, the Committee may request additional information, including through tailored questions. The 120-day initial review period will typically start on the date the Chair of the Committee determines that your responses to these standard questions and any tailored questions, when required, are complete. If the Committee determines no tailored questions are necessary, the 120-day initial review period will start no more than 30 days after the FCC's referral, on the date the Committee informs the FCC that the responses to the standard questions are complete and that no tailored questions are required. If you fail to provide timely responses to any Committee requests for information, the Committee may recommend that the FCC dismiss the application without prejudice.

Dissemination of Information: The information received by the Committee pursuant to 47 CFR 1.40003 and any subsequent requests for information by the Committee may be shared and used in accordance with Section 8 of Executive Order 13913 of April 4, 2020, Establishing the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector, 85 FR 19643 (Apr. 8, 2020).

Instructions

- 1) Who Must Respond to this Questionnaire:** A Petitioner that seeks to obtain (a) a section 310(b)(3) or 310(b)(4) foreign ownership ruling in connection with an application for a new common carrier wireless or common carrier earth station license(s), or (b) a new or modified 310(b)(3) or 310(b)(4) foreign ownership ruling in connection with an application for assignment, transfer of control, or other change in ownership or control of the Licensee must respond to this questionnaire. In the case of (b), a Petitioner must provide information pertaining to the post-transaction ownership, structure, and operations of the Licensee and Relevant Parties. As used in this questionnaire, the term "Licensee" refers to both an Applicant for a common carrier wireless or common carrier earth station license and an existing licensee.
- 2) Complete all Sections:** When a "Yes" answer is indicated, provide further information as appropriate. The questions seek further details regarding the Applicant and security-related practices and some questions are particularly directed at identifying and assessing the complete scope of the equipment that the Applicant will be operating and the services the Applicant will be offering should the FCC grant those authorities.

- 3) **Response Format:** Uniquely and sequentially Bates-number your responses to the standard questions, including any attachments, with an endorsement on each page. The Bates number must be a unique, consistently formatted identifier; the number of digits in the numeric portion of the format should not change in subsequent productions, if any, nor should spaces, hyphens, or other separators be added or deleted. Produce any Excel documents in native format (if desired, you may also produce a PDF version for record keeping purposes).
- 4) **Identify Sensitive Information:** Specifically identify answers or documents for which a claim of privilege or confidentiality is asserted based on the information containing trade secrets or commercial or financial information. If there are multiple applicants, each applicant should also clearly mark any answers or documents that contain sensitive information that should not be disclosed to the other applicants. Personally Identifiable Information (PII) may be submitted in a separate attachment. The PII Supplement is Appendix G.
- 5) **Individuals' names:** For names that follow different naming conventions, such as the use of surnames as first names (e.g., Korean names), or the use of mother's last name as one of two last names that are often hyphenated (e.g., Spanish names), follow standard English convention for purposes of completing this information. For example, if the name is Kim Chul-su, write "Chul-su Kim" in the form. If the name in Spanish is Juan Garcia-Reyes, write "Juan Garcia Reyes."
- 6) **Residential Addresses:** Contract mail receipt locations, post office boxes, co-working or shared virtual locations may not be used in lieu of residence addresses.
- 7) **Business Addresses:** For each business address, clearly indicate whether the address is a shared business venue, co-working location, virtual office, or traditional physical office.
- 8) **Obligation to Update:** The Applicant must inform the Committee if there is any material change to any of the information provided in the Applicant's responses while the Committee's review is ongoing, including, but not limited to, changes in ownership, equipment, and Communications Assistance for Law Enforcement Act (CALEA) compliance.
- 9) **Definitions** – These terms, as used in this questionnaire, have the following definitions:
 - A "Controlling Interest" is generally a 50% or greater Ownership Interest (either equity or voting). Also, a Controlling Interest shall be determined on a case-by-case basis considering the distribution of ownership, and the relationships of the owners, including family relationships. The term Controlling Interest includes Individuals or Entities with positive or negative *de jure* or *de facto* control of the Applicant/Licensee. *De jure* control includes holding 50% or more of the voting stock of a corporation or holding a general partnership interest in a partnership. Ownership Interests that are held indirectly by any party through one or more intervening corporations may be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain except that if the ownership percentage for an interest in any link in the chain is equal to or exceeds 50% or represents actual control, it may be treated as if it were a 100% interest. *De facto* control is determined on a case-by-case basis. Examples of *de facto*, or actual, control include constituting or appointing 50% or greater of the board of directors

or management committee; having authority to appoint, promote, demote, and fire senior executives that control the day-to-day activities of the Applicant/Licensee; or playing an integral role in management decisions. In the case of a consortium, each member of the consortium shall be considered to have a Controlling Interest in the consortium.

- “Ultimate Owner” and “Ultimate Parent” refer to the Entity or Individual that ultimately owns and controls the Applicant/Licensee.
- “Immediate Owner” refers to the Entity or Individual in the vertical ownership chain that immediately owns and controls the Applicant/Licensee. In other words, the Immediate Owner is the Entity or Individual in the ownership chain that is closest to the Applicant/Licensee.
- An Entity or Individual with an “Ownership Interest” is any entity in the ownership chain with more than a 5% attributable interest in the Applicant/Licensee, including the “Ultimate Owner/Parent” to the “Immediate Owner,” and all Controlling Interest holders. Note that Controlling Interests include *de facto* control, for which equity and/or voting ownership may be below 5%.
- “Corporate Officer” refers to any Individual hired or appointed by the Entity’s board of directors that has actual or apparent authority to exercise day-to-day management responsibilities over an Entity.
- “Director” refers to any Individual serving on an Applicant’s board of directors or similar governing body organized to set policies for corporate management of or oversight for an Applicant/Licensee.
- “Entity” includes a partnership, association, estate, trust, corporation, limited liability company, consortium, joint venture, governmental authority, or other organization.
- An “Equity Interest Holder” is any Individual or Entity that has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, a share or other ownership stake in the Applicant/Licensee.
- The term “Foreign Government” includes any person or group of persons exercising sovereign *de facto* or *de jure* political jurisdiction over any country, other than the United States, or over any part of such country, and includes any subdivision of any such group and any group or agency to which such sovereign *de facto* or *de jure* authority or functions are directly or indirectly delegated. Such term shall include any faction or body of insurgents within a country assuming to exercise governmental authority whether such faction or body of insurgents has or has not been recognized by the United States.
- “Individual” refers to a natural person, as distinguished from an Entity.
- A “Non-U.S. Individual” is an Individual who is not a U.S. citizen.
- An “Owner” is an Individual or Entity that holds an Ownership Interest in the Applicant/Licensee.
- An “Ownership Interest” is a 5% or greater equity (non-voting) and/or voting interest, whether directly or indirectly held, or a Controlling Interest in the Applicant, and includes the ownership in the ultimate parent/owner of the Applicant and any other Entity(ies) in the chain of ownership (i.e., all entities that exist in the ownership structure between the Applicant itself and its ultimate parent).
- “Senior Officer” refers to the Chief Executive Officer, President, Chief Financial Officer, Chief Information Officer, Chief Technical Officer, Chief Operating Officer, or any other similarly situated Individual that has actual or apparent authority to act on behalf of the Entity.

The intended effect of this notice of proposed rulemaking (NPRM) is to propose rules that implement Section 902 and help to identify those uses of 911 fees by states and other jurisdictions that support the provision of 911 services.

Initial Paperwork Reduction Act of 1995 Analysis

This notice of proposed rulemaking may contain new or modified information collection(s) subject to the Paperwork Reduction Act of 1995 (PRA). If the Commission adopts any new or modified information collection requirements, they will be submitted to the Office of Management and Budget (OMB) for review under section 3507(d) of the PRA. OMB, the general public, and other Federal agencies will be invited to comment on the new or modified information collection requirements contained in this proceeding. In addition, pursuant to the Small Business Paperwork Relief Act of 2002, we seek specific comment on how we might further reduce the information

collection burden for small business concerns with fewer than 25 employees.

Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated in the **DATES** section above. The Commission will treat this proceeding as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within 2 business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda, or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule § 1.1206(b). In proceedings governed by rule § 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.
