## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2021-0179; FRL-10021-06-OAR]

### Clean Air Act Advisory Committee (CAAAC): Notice of Meeting

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act (FACA), the Environmental Protection Agency (EPA) is announcing a public meeting of the Clean Air Act Advisory Committee (CAAAC) to be conducted via remote/virtual participation only. Due to unforeseen administrative circumstances, EPA is announcing this meeting with less than 15 calendar days' notice. The EPA renewed the CAAAC charter on November 19, 2020 to provide independent advice and counsel to EPA on policy issues associated with implementation of the Clean Air Act of 1990. The Committee advises EPA on economic, environmental, technical, scientific and enforcement policy issues.

**DATES:** The CAAAC will hold its next public meeting remote/virtually on Monday, March 15, 2021 from 2:00 p.m. to 3:00 p.m. (EST) to introduce current members to incoming Office of Air and

Radiation senior leadership. Members of the public may register to listen to the meeting or provide comments, by emailing [caaac@epa.gov](mailto:caaac@epa.gov) by 5:00 p.m. (EST) March 12, 2021.

#### FOR FURTHER INFORMATION CONTACT:

Shanika Whitehurst, Designated Federal Official, Clean Air Act Advisory Committee (6103A), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-564-8235; email address: [whitehurst.shanika@epa.gov](mailto:whitehurst.shanika@epa.gov). Additional information about this meeting, the CAAAC, and its subcommittees and workgroups can be found on the CAAAC website: <http://www.epa.gov/oar/caaac/>.

**SUPPLEMENTARY INFORMATION:** Pursuant to 5 U.S.C. App. 2 section 10(a)(2), notice is hereby given that the Clean Air Act Advisory Committee will hold its next public meeting remote/virtually on Monday, March 15, 2021 from 2:00 p.m. to 3:00 p.m. (EST) to introduce current members to incoming Office of Air and Radiation senior leadership.

The committee agenda and any documents prepared for the meeting will be publicly available on the CAAAC website at <http://www.epa.gov/caaac/> prior to the meeting. Thereafter, these documents, together with CAAAC meeting minutes, will be available on the CAAAC website or by contacting the Office of Air and Radiation Docket and requesting information under docket EPA-HQ-OAR-2021-0179. The docket office can be reached by email at: [a-and-r-Docket@epa.gov](mailto:a-and-r-Docket@epa.gov) or FAX: 202-566-9744.

For information on access or services for individuals with disabilities, please contact Lorraine Reddick at [reddick.lorraine@epa.gov](mailto:reddick.lorraine@epa.gov), preferably at least 7 days prior to the meeting to give EPA as much time as possible to process your request.

Dated: February 25, 2021.

## EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

### Agency Information Collection Activity: Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

**AGENCY:** Equal Employment Opportunity Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** This notice announces that the U.S. Equal Employment Opportunity Commission (EEOC or Commission) is submitting a request for a three-year approval, under the Paperwork Reduction Act of 1995 (PRA), of a revision to the current Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery that the Office of Management and Budget (OMB) previously approved. This collection is part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery.

**DATES:** Written comments on this notice must be submitted on or before April 2, 2021.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

#### FOR FURTHER INFORMATION CONTACT:

For EEOC Office of Field Programs: Michelle Crew, [michelle.crew@eoc.gov](mailto:michelle.crew@eoc.gov), (216) 306-1130;

For EEOC Office of Federal Operations: Patricia St. Clair, [patricia.stclair@eoc.gov](mailto:patricia.stclair@eoc.gov), (202) 663-4922.

#### SUPPLEMENTARY INFORMATION:

*Title:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

*Abstract:* The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the government's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, course materials, course instructor, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency’s services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are the only way to collect information; there are no alternative existing sources.
- The collections are noncontroversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used

as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Pursuant to the PRA and OMB regulation 5 CFR 1320.8(d)(1), the EEOC has solicited public comment on its intent to seek a three-year approval of this revised collection: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the EEOC’s functions, including whether the information will have practical utility; (2) Evaluate the accuracy of the EEOC’s estimate of the burden of the proposed collection of information, including the validity of

the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

One comment was received from the public in response to the 60-day notice published in the **Federal Register** of November 18, 2020 (85 FR 73479). The comment raised concerns regarding prospective employers requesting a transgender person’s previous name(s) prior to their gender transition. Information regarding a person’s previous name(s) is not requested as part of the EEOC’s information collections of customer and stakeholder feedback on Agency service delivery. Accordingly, no changes have been made to the Generic Clearance based upon this comment.

In addition to clearance hours for the previously approved customer feedback forms, the EEOC requested an additional 39,716 clearance hours. Most of these requested hours—39,116—are for a randomly-generated, pop-up form that will solicit feedback from a sample of visitors to the EEOC website on the contents and performance of the web pages. The 39,116 hours burden estimate is based on the number of web page views in a year. The remaining 600 hours represent a reserve to cover any additional feedback forms that may be developed over the next three years for new trainings offered by the EEOC. The EEOC anticipates any new potential feedback forms will be similar in length and content to existing feedback forms. The EEOC is seeking clearance for the additional hours so the EEOC can use the existing clearance number if the need arises for additional training and feedback forms.

### FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 17530]

#### Privacy Act of 1974; Matching Program

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice of a new matching program.

**SUMMARY:** In accordance with the Privacy Act of 1974, as amended (“Privacy Act”), this document announces the establishment of a computer matching program the Federal Communications Commission (“FCC” or “Commission” or “Agency”) and the Universal Service Administrative Company (USAC) will conduct with the

Pennsylvania’s Department of Human Services (PDHS); (“Agency”). The purpose of this matching program is to verify the eligibility of applicants to and subscribers of the Emergency Broadband Benefit Program, which is administered by USAC under the direction of the FCC. More information about this program is provided in the **SUPPLEMENTARY INFORMATION** section below.

**DATES:** Written comments are due on or before April 2, 2021. This computer matching program will commence on April 2, 2021, and will conclude 18 months after becoming effective.

**ADDRESSES:** Send comments to Margaret Drake, FCC, 45 L Street NE, Washington, DC 20554, or to *Privacy@fcc.gov*.

**FOR FURTHER INFORMATION CONTACT:** Margaret Drake at 202–418–1707 or *Privacy@fcc.gov*.

**SUPPLEMENTARY INFORMATION:** The Emergency Broadband Benefit Program (EBBP) was established by Congress in the Consolidated Appropriations Act of 2021, Public Law 116–260, 134 Stat. 1182. EBBP is a program that will help low-income Americans obtain discounted broadband service and one-time co-pay for a connected device (laptop, desktop computer or tablet). This program was created specifically to assist American families’ access to broadband, which has proven to be essential for work, school, and healthcare during the public health emergency that exists as a result of COVID–19. A household may qualify for the EBBP benefit under various criteria, including an individual qualifying for the FCC’s Lifeline program.

In a Report and Order adopted on March 31, 2016 (81 FR 33026, May 24, 2016), the Commission ordered USAC to create a National Lifeline Eligibility Verifier (“National Verifier”), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.
