## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-662 and 731-TA-1554 (Preliminary)]

### Pentafluoroethane (R-125) From China; Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of pentafluoroethane (R-125) ("R-125") from China, provided for in subheading 2903.39.20 of the Harmonized Tariff Schedule of the United States and may also be included in certain mixtures provided for in subheading 3824.78.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value ("LTFV") and to be subsidized by the government of China.<sup>2</sup>

### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations.

<sup>1</sup> The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> 86 FR 8583 and 86 FR 8589 (February 8, 2021).

The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission's rules, upon notice from the U.S. Department of Commerce ("Commerce") of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

### Background

On January 12, 2021, Honeywell International, Inc., Charlotte, North Carolina filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of R-125 from China and LTFV imports of R-125 from China. Accordingly, effective January 12, 2021, the Commission instituted countervailing duty investigation no. 701-TA-662 and antidumping duty investigation no. 731-TA-1554 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 19, 2021 (86 FR 5247). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its conference through written testimony and video conference on February 2, 2021. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on February 26, 2021.

The views of the Commission are contained in USITC Publication 5170 (March 2021), entitled *Pentafluoroethane (R-125) from China: Investigation Nos. 701-TA-662 and 731-TA-1554 (Preliminary)*.

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Resource Conservation and Recovery Act

On January 20, 2021, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Utah in the lawsuit entitled *United States of America v. Magnesium Corporation of America, et al.*, Civil Action No. 2:01CV0040-DBB.

If approved by the court, the consent decree would resolve the claims of the United States against US Magnesium LLC ("USM"), the Renco Group, Inc. ("Group"), the Ira Leon Rennert Revocable Trusts ("Trusts"), and Mr. Ira Leon Rennert ("Rennert"), collectively "Defendants," for injunctive relief and civil penalties for alleged violations of the Resource Conservation and Recovery Act ("RCRA") at USM's magnesium production facility in Rowley, Utah. The consent decree would require USM to: (1) Make extensive process modifications at the facility, including construction of a filtration plant to treat all wastewaters, that will reduce the environmental impacts from its production operations and ensure greater protection for its workers; (2) establish appropriate financial assurance for closure or corrective action of certain waste management areas in the operating areas of the facility; (3) pay a civil penalty of \$250,000; and (4) perform the CERCLA Response Action, which includes construction of a barrier wall around 1,700 acres of the operating portions of the facility to prevent leaks or breaches of hazardous materials to the Great Salt Lake, and the payment of EPA costs incurred in connection with the CERCLA Response Action.

In return for the Settling Defendants' compliance with these requirements, the consent decree would resolve past RCRA violations at the Rowley facility that the United States' complaint alleges. Provided that the Settling Defendants remain in compliance with the consent decree's requirements, including payment of EPA CERCLA Response Action costs, the United States would covenant not to sue the
