OSHA processes applications submitted by an NRTL for renewal of recognition following requirements in Appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, App. A II.C. In accordance with these procedures, NRTLs submit a renewal request to OSHA between nine months and one year before the expiration date of the current recognition. A renewal request includes a request for renewal and any additional information demonstrating their continued compliance with the terms of the recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL headquarters and any key sites within the past 18 to 24 months, it will schedule the necessary on-site assessment prior to the expiration date of the NRTL’s recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces the preliminary decision to grant or deny renewal in the Federal Register and solicits comments from the public. OSHA then publishes a final Federal Register notice responding to any comments and renewing the NRTL’s recognition for a period of five years, or denying the renewal of recognition.

TUVRINA initially received OSHA recognition as a NRTL on August 16, 1995 (60 FR 42594). TUVRINA’s most recent renewal was on July 30, 2014, for a five-year period, expiring on July 30, 2019. TUVRINA submitted a timely request for renewal, dated August 16, 2018 (OSHA–2007–0042–0035), and retains its recognition pending OSHA’s final decision in this renewal process. The current addresses of TUVRINA facilities recognized by OSHA and included as part of the renewal request are:

1. TUVRINA Newtown, 12 Commerce Road, Newtown, Connecticut 06470;
2. TUVRINA Pleasanton, 1279 Quarry Lane, Suite A, Pleasanton, California 94566;
3. TUVRINA Rheinland LGA Products GmbH (Germany), Am Grauen Stein 29, Koln, NRW 51105 Germany;
4. TUVRINA Rheinland Japan Ltd., Global Technology Assessment Center, 4–25–2 Kita-Yamata, Tsuzuki-ku, Yokohama, Kanagawa, 224–0021 Japan;

If OSHA receives a renewal request to OSHA between nine months and one year before the expiration date of the current recognition, the agency will schedule the necessary on-site visits within the past 18 to 24 months, of the NRTL headquarters and any key personnel sites, and one year before the expiration date of the current recognition, the agency will schedule the necessary on-site visits of the NRTL headquarters and any key personnel sites within the past 18 to 24 months, of the NRTL headquarters and any key personnel sites, and provide details of the change(s); and 3.
