paper products that have a basis weight not exceeding 29 grams per square meter prior to being creped and, if appropriate, flame-proofed. Crepe paper has a finely wrinkled surface texture and typically but not exclusively is treated to be flame-retardant. Crepe paper is typically but not exclusively produced as streamers in roll form and packaged in plastic bags. Crepe paper may or may not be bleached, dye colored, surface-colored, surface decorated or printed, glazed, sequined, embossed, die-cut, and/or flame retardant. Subject crepe paper may be rolled, flat or folded, and may be packaged by banding or wrapping with paper, by placing in plastic bags, and/or by placing in boxes for distribution and use by the ultimate consumer. Packages of crepe paper subject to this order may consist solely of crepe paper of one color and/or style, or may contain multiple colors and/or styles.

The merchandise subject to this order does not have specific classification numbers assigned to them under the Harmonized Tariff Schedule of the United States (HTSUS). Subject merchandise may be entered under one or more of several different HTSUS subheadings, including: 4802.30; 4802.54; 4802.61; 4802.62; 4802.69; 4804.39; 4806.40; 4808.30; 4808.90; 4811.90; 4818.90; 4823.90; 9505.90.40. The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of this order is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the Order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the Order. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the Order will be the date of publication in the Federal Register of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next sunset review of the Order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

This five-year sunset review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: March 1, 2021.

Christian Marsh, Acting Assistant Secretary for Enforcement and Compliance.

Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the Czech Republic: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that seamless carbon and alloy steel standard, line, and pressure pipe (seamless pipe) from the Czech Republic is being, or is likely to be, sold in the United States at less than fair value (LTFV).

DATES: Applicable March 5, 2021.

SUPPLEMENTARY INFORMATION:

Background

On December 21, 2020, Commerce published in the Federal Register the Preliminary Determination.1 We invited interested parties to comment on the Preliminary Determination. We received comments on the Preliminary Determination from Vallourec Star, LP (the petitioner), a domestic producer of seamless pipe.2 In its case brief, the petitioner urges Commerce to adopt the findings and results of the Preliminary Determination in this final determination.3

1 See Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from the Czech Republic, the Republic of Korea, the Russian Federation, and Ukraine: Preliminary Affirmative Determination of Sales at Less Than Fair Value, 85 FR 47176 (August 4, 2020) (Preliminary Determination).
3 Id.

Period of Investigation

The period of investigation is July 1, 2019, through June 30, 2020.

Scope of the Investigation

The products covered by this investigation are seamless pipe and redraw hollows from the Czech Republic, less than or equal to 16 inches in nominal outside diameter, regardless of wall-thickness, manufacturing process, end finish, or surface finish. For a full description of the scope of this investigation, see the “Scope of the Investigation,” in the Appendix to this notice.

Scope Comments

During the course of this investigation, Commerce received comments from interested parties on the scope of the investigation as it appeared in the Initiation Notice.4 Commerce issued a Preliminary Scope Decision Memorandum to address these comments.5 We did not receive comments from interested parties on the Preliminary Scope Decision Memorandum. As discussed in Preliminary Scope Decision Memorandum, Commerce is modifying the scope language as it appeared in the Initiation Notice to clarify certain exclusions. See the revised scope in the Appendix to this notice.

Use of Adverse Facts Available

As discussed in the Preliminary Determination, Commerce assigned to the mandatory respondents in this investigation, Liberty Ostrava A.S. and Moravia Steel A.S., estimated weighted-average dumping margins on the basis of adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act).6 There is no new information on the record that would cause us to revisit our decision in the Preliminary Determination. Accordingly, for this final determination, we continue to find that the application of AFA pursuant to sections 776(a) and (b) of the Act is

6 See Preliminary Determination, 85 FR at 83060.
warranted with respect to Liberty Ostrava A.S. and Moravia Steel A.S.

All-Others Rates

As discussed in the Preliminary Determination, Commerce based the all-others rate on the simple average of the dumping margins alleged in the petition, in accordance with section 735(c)(5)(B) of the Act. 7 We made no changes to the selection of the all-others rate for this final determination.

Final Determination

The final estimated weighted-average dumping margins are as follows:

<table>
<thead>
<tr>
<th>Exporter/producer</th>
<th>Estimated weighted-average dumping margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Liberty Ostrava A.S</td>
<td>51.70</td>
</tr>
<tr>
<td>Moravia Steel A.S</td>
<td>51.70</td>
</tr>
<tr>
<td>All Others</td>
<td>51.07</td>
</tr>
</tbody>
</table>

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a final determination, in accordance with 19 CFR 351.224(b). However, because Commerce applied AFA to both mandatory respondents in this investigation, there are no calculations to disclose.

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of seamless pipe from the Czech Republic, as described in the Appendix to this notice, entered, or withdrawn from warehouse, for consumption on or after December 21, 2021, the date of publication of Preliminary Determination in the Federal Register. Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension-of-liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of seamless pipe from the Czech Republic no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an AD order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Notification Regarding Administrative Protective Orders

This notice will serve as a final reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and notice is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: March 1, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance

Appendix—Scope of the Investigation

The merchandise covered by the scope of this investigation is seamless carbon and alloy steel (other than stainless steel) pipes and redraw hollows, less than or equal to 16 inches (406.4 mm) in nominal outside diameter, regardless of wall-thickness, manufacturing process (e.g., hot-finished or cold-drawn), end finish (e.g., plain end, beveled end, upset end, threaded, or threaded and coupled), or surface finish (e.g., bare, lacquered or coated). Redraw hollows are any unfinished carbon or alloy steel (other than stainless steel) pipe or “hollow profiles” suitable for cold finishing operations, such as cold drawing, to meet the American Society for Testing and Materials (ASTM) or American Petroleum Institute (API) specifications referenced below, or comparable specifications. Specifically included within the scope are seamless carbon and alloy steel (other than stainless steel) standard, line, and pressure pipes produced to the ASTM A–53, ASTM A–106, ASTM A–333, ASTM A–334, ASTM A–589, ASTM A–795, ASTM A–1024, and the API 51 specifications, or comparable specifications, and meeting the physical parameters described above, regardless of application, with the exception of the exclusions discussed below.

Specifically excluded from the scope of the investigation are: (1) All pipes meeting aerospace, hydraulic, and bearing tubing specifications, including pipe produced to the ASTM A–822 standard; (2) all pipes meeting the chemical requirements of ASTM A–335, whether finished or unfinished; and (3) unattached couplings. Also excluded from the scope of the investigation are: (1) Oil country tubular goods consisting of drill pipe, casing, tubing and coupling stock; (2) all pipes meeting the chemical requirements of ASTM A–335 regardless of their conformity to the dimensional requirements, i.e., outside diameter and wall thickness, of ASTMA–53, ASTM A–106 or API 51 specifications. Also excluded from the scope of the investigation are: (1) Mechanical, boiler, condenser and heat exchanger tubing, except when such products conform to the dimensional requirements, i.e., outside diameter and wall thickness, of ASTM A–53, ASTM A–106 or API 51; and (3) the exclusion for ASTM A335 applies to pipes meeting the comparable specifications GOST 550–75.

Certain Aluminum Foil From the Republic of Turkey: Preliminary Affirmative Countervailing Duty Determination, and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain aluminum foil (aluminum foil) from the Republic of Turkey (Turkey) during the period of investigation January 1, 2019, through December 31, 2019. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable March 5, 2021.

FOR FURTHER INFORMATION CONTACT: Whitley Herndon or Eliza Siordia, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6274, or (202) 482–3878, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on October 28, 2020. On December 3, 2020, Commerce postponed the preliminary determination to February 26, 2021. For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is aluminum foil from Turkey. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the Preamble to Commerce’s regulations, the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage (i.e., scope). We received several comments concerning the scope of the antidumping duty (AD) and countervailing duty (CVD) investigations of aluminum foil as it appeared in the Initiation Notice. We are currently evaluating the scope comments filed by the interested parties. We intend to issue our preliminary decision regarding the scope of the AD and CVD investigations in the preliminary determinations of the companion AD investigations, the deadline for which is April 27, 2021.

We will incorporate the scope decisions from the AD investigations into the scope of the final CVD determination for this investigation after considering any relevant comments submitted in scope case and rebuttal briefs.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.

Commerce notes that, in making these findings, it relied, in part, on facts available and, because Commerce finds that the Government of Turkey did not act to the best of its ability to respond to Commerce’s requests for information, Commerce drew an adverse inference where appropriate in selecting from among the facts otherwise available.

For further information, see “Use of Facts Otherwise Available and Application of Adverse Inferences” in the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with sections 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final CVD determination in this investigation with the final determination in the companion AD investigation of aluminum foil from Turkey based on a request made by the petitioners. Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than July 12, 2021, unless postponed.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any rates that are zero, de minimis, or based entirely under section 776 of the Act.

See Memorandum, “Decision Memorandum for the Preliminary Affirmative Determination in the Countervailing Duty Investigation of Certain Aluminum Foil from the Republic of Turkey,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

See Initiation Notice, 85 FR at 68288.

The deadline for interested parties to submit scope case and rebuttal briefs will be established in the preliminary scope decision memorandum.

See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(B) of the Act regarding benefit; and section 771(5)(A) of the Act regarding specificity.

See sections 776(a) and (b) of the Act.
