Notice of Lodging of Proposed Amended Consent Decree Under the Clean Air Act

On March 1, 2021, the Department of Justice simultaneously filed a Complaint and lodged a proposed Consent Decree with the United States District Court for the Northern District of Indiana in the lawsuit entitled *United States and the State of Indiana v. Steel Dynamics, Inc.*, Civil Action No. 1:21-cv-86.

The United States and the State of Indiana filed a complaint against Steel Dynamics, Inc. (“Steel Dynamics”) alleging violation of the Clean Air Act (“CAA”) at Steel Dynamic’s Flat Roll Division and Iron Dynamics Division. The proposed Consent Decree resolves the claims in the Complaint by requiring Steel Dynamics to install a new 300,000 actual cubic feet per minute baghouse to control emissions from the Flat Roll Division’s three ladle metallurgical stations and to take steps to improve its recordkeeping and monitoring. Additionally, Steel Dynamics will pay a civil penalty of \$475,000 to be split even with the United States and the State of Indiana.

The publication of this notice opens a period for public comment on the Amended Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. Steel Dynamics*, D.J. Ref. No. 90-5-2-1-11451. Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

On March 1, 2021, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Idaho in the lawsuit entitled *United States et al. v. P4 Production, L.L.C.*, Civil Action No. 4:21-cv-92.

The proposed Consent Decree would resolve claims the United States and the State of Idaho have brought pursuant to Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. 9606 and 9607 and the Idaho Environmental Protection and Health Act, Idaho Code § 39-101, *et seq.*, against Defendant P4 Production, L.L.C. (“P4”) concerning the Ballard Mine Superfund Site (“Site”) in Caribou County, Idaho. The Shoshone-Bannock Tribes (“the Tribes”) have filed their own complaint regarding the Site.

Under the proposed Consent Decree, current owner P4 agrees to perform the remedial action selected in EPA’s 2019 Record of Decision. It will also pay the Plaintiffs’ future response costs, \$334,972 in reimbursement of EPA’s past response costs, and \$10,800 in reimbursement of the Tribes’ past response costs. In exchange, P4 receives covenants-not-to-sue for all work completed and costs paid.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. P4 Production, L.L.C.*, D.J. Ref. Justice Programs Office

[OMB Number 1121–NEW]

Agency Information Collection Activities; Proposed eCollection Comments Requested; New collection; Fourth National Juvenile Online Victimization Study (N–JOV4)

AGENCY: Office of Justice Programs, Department of Justice.

ACTION: 30-day notice.

SUMMARY: The Office of Justice Programs, Department of Justice (DOJ), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 30 days until April 5, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

—Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility;

—Evaluate whether the accuracy of the agency’s estimate of the burden on the proposed collection of information, including the validity of the methodology and assumptions that were used;

—Evaluate whether and if so how the quality, utility, and clarity of the information collected can be enhanced; and

—Minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

1. *Type of Information Collection:* New collection.

2. *The Title of the Form/Collection:* Fourth National Juvenile Online Victimization Study (N–JOV4).

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Not applicable (new collection).

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

State, county, and local law enforcement agencies (LEAs). *Abstract:* The Fourth National Juvenile Online Victimization Study (N–JOV4) will include a pilot study to test data collection instruments and methods and a full survey administration designed to provide national estimates of technology facilitated sex crimes against children as well as details about victim, offenders, and investigations. The National Institute of Justice (NIJ) will use the information gathered in the national study in published reports and statistics. The reports will be made available to the U.S. Congress,

practitioners, researchers, students, the media, and the general public via the NIJ website.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: Burden Hours for N–JOV4 Pilot Study*

NIJ expects the 25 law enforcement agencies to spend an average of 15 minutes completing the mail screener survey, including the time to read the accompanying letter, identify eligible cases, consider additional search strategies as requested in the cover letter, and answer the questions (25 × 15 minutes = 6.25 hours). NIJ expects the 25 chiefs/department heads/Commanders to spend 20 minutes completing the telephone debriefing about the mail screener (25 × 20 minutes = 8.33 hours). NIJ expects the five internet Crimes Against Children (ICAC) investigators who are asked to complete telephone interviews on specific cases identified in the mail screener to spend an average of 60 minutes of their time which includes the debriefing about the interview (5 × 60 minutes = 5 hours). The total amount of time for the N–JOV4 pilot is 19.58 hours.

Burden Hours for N–JOV4 National Study

A total of 2,689 local, county, state and federal law enforcement agencies are included in the national stratified sample. All of these agencies except the three federal agencies will receive a mail screener, resulting a total of 2,686 non-federal agencies. NIJ estimates that the time to complete the screener will be five minutes for agencies with no eligible cases and 10 minutes for agencies with eligible cases, including the time to read the accompanying letter, identify eligible cases, and answer the questions. NIJ estimates that 1,343 (50%) of the law enforcement agencies will complete the screener by mail. Of these, 35% are expected to have at least one case; these agencies will take approximately 10 minutes each to complete the mail screener (470 × 10 = 78.33 hours). The remaining agencies who complete the screener survey by mail are expected to take approximately 5 minutes each to complete the mail screener (873 × 5 = 72.75 hours). This equals a total of 151.08 hours for completing the screener by mail. NIJ estimates that 36 percent of the law enforcement agencies will complete the screener by telephone. NIJ estimates that, of these 967 agencies who complete the screener by telephone, 338 will have a case (338 × 10 = 56.33 hours) and 629 will have no cases (629 × 5 = 52.42 hours) for a total
