The Amarillo Lines #3 and #4 Pipelines and the Louisiana Line #1 Pipeline were constructed in 1958, 1973, and 1967, respectively.

The special permit request, proposed special permit with conditions, and

Draft Environmental Assessment (DEA) for the Amarillo Lines #3 and #4 Pipelines and the Louisiana Line #1 Pipeline are available for review and public comments in Docket No. PHMSA-2019-0150. PHMSA invites interested persons to review and submit comments on the special permit request and DEA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comments closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC on under authority delegated in 49 CFR 1.97.
