I. Background
The Agency published a Notice in the Federal Register on December 21, 2020 (85 FR 83038) (the original notice) announcing the availability of funding for competitive grants to assist eligible agricultural producers in starting or expanding value-added activities related to the processing and marketing of new products. The goals of this program are to generate new products, create and expand marketing opportunities, and increase producer income.

Under the original notice, applicants had until March 22, 2021 to submit a paper application and until March 16, 2021 to submit applications through Grants.gov (the new due dates are as specified in Section III(4) below). The original solicitation required the applicant to provide cost sharing match of at least $1 for every $1 in grant funds provided by the Agency.

The purpose of this Notice is to announce that the Consolidated Appropriations Act, 2021 (the FY 2021 Appropriations Act), provides an additional $35 million in funding for COVID–19 relief and allows for a reduced cost-share match of 10 percent of the grant amount (i.e., at least $1 from the applicant for every $10 in Agency grant funds) for these funds during the public health emergency.
